Incorporate Holdrege Bank After Four Years' Delay. Lincoln, Oct. 27.—Articles of incorporation were filed with Secretary of State Paul D. Holdrege, which re-opened several days ago under the guarantee fund commission. Although the bank has been in existence since 1919 it was not discovered until recently that it had never been incorporated.

The Citizens State bank came into prominence when it applied for \$137,000 from the state guarantee fund, on account of transactions which included its purchase of the Holdrege State bank. The claim was allowed by District Judge Billworth, but the state supreme court upheld the contention of the state banking department that the bank was not entitled to the funds.

4 Years on Rum Charges. Visalia, Cal., Oct. 27.—The longest sentence ever imposed here for a violation of the state prohibition laws is facing W. A. Garrison, a hotel manager of Carruthers, who was sentenced to four years and 40 days in jail by the state supreme court upholding the state banking department that the bank was not entitled to the funds.

Omaha Missionary Tells of Life in Colombia

South American elections are still as noisy and troubled as they used to be, according to Rev. Norman E. Nygaard, former pastor of Miller park Presbyterian church, who is teaching in a missionary school at Barranquilla, Colombia. In that city Mr. Nygaard writes to an Omaha friend, many of the opposition party were jailed on election day; there were any number of street brawls, and not a few casualties, some of which were fatal. Party feeling ran high. The conservatives had difficulty in maintaining their control of the government against the increasing prestige of the liberals.

Mr. and Mrs. Nygaard are both enjoying their life in Colombia. They have a regular downpour as usual, when it comes down in buckets, and every little colored fellow is out in it as happy as a king. The parrots and parakeets also like it.

Mr. W. G. McLean, formerly of the staff of the University of Omaha, is also teaching at Barranquilla. Mrs. McLean and their two babies are well.

High Court Cuts Bigamist's Term

Man Married in Poland, but Wife Secured Church Divorce.

Des Moines Ia., Oct. 27.—Aaron Waxman of Sioux City, a tailor, had his sentence for bigamy reduced from an indeterminate sentence to one to six months in state prison to six months in the Woodbury county jail by the state supreme court today.

Waxman married in Poland in 1904. His wife obtained a church divorce from him and came to America. In 1917 he married here. A little more than a year ago his first wife came over from Poland and charged him with bigamy. He was convicted by the Woodbury county district court.

The supreme court held that the sentence of the lower court was excessive in view of the fact that a church divorce had been obtained in Poland.

German Situation Tense as Berlin Demands Reds in Bavaria and Saxony Get Out.

Hunger Ravages Ruhr

By International News Service. Berlin, Oct. 27.—The entire German situation took a turn for the worse tonight with increased tension between Berlin, Saxony and Bavaria and riots in which many persons were killed and wounded.

The federal government sent an ultimatum to Premier Zeigler of Saxony, demanding dissolution of the communist government within 24 hours.

The ultimatum stated the activity of the Saxon reds, who are members of the Dresden government, made it impossible for the Berlin administration to recognize it as a state government.

The Berlin government also sent a note to Munich, demanding "restoration of constitutional conditions." This is virtually a demand for the resignation of Dr. Von Kahr, premier-dictator of Bavaria. Berlin also demanded the dismissal of General Von Lossow as commander of the reichswehr in Bavaria.

Famine, looting and shooting are raging throughout the Ruhr, especially in the districts of Essen, Gelsenkirchen and Duisburg. Thousands of idle workers, stricken with hunger, are streaming into the agricultural districts to steal food.

In the cities the unemployed are breaking into stores on their way to Police area powerless. The appalling disaster confronting the Germans in the Ruhr threatens a debacle. Men and women are desperate with starvation. There is very little money and insufficient fuel and clothing to keep the inhabitants warm.

Riots broke out at Essen. Idle workers stormed the great Krupp plant. Four soldiers were wounded and 13 reds were killed in a battle between reichswehr and communists at Freiberg, Saxony. Twenty communists were wounded on their way to Germany from Doorn and Wierengen. This rumor was discredited.

The red movement in Saxony is feeling the iron heel of the republican army. About 50,000 reichswehr, half of the German defense army, have been massed in that state to curb the communist movement and to meet the Bavarians if they try to invade Saxony. Quiet has been restored at Hamburg, where 64 persons were killed.

Strike troubles are extending. Thirty thousand men are on strike in upper Silesia. The coal fields of central Germany are tied up. The bulk of the mines and factories in the Ruhr are idle.

Meet Costs \$500. Lincoln, Oct. 27.—The state of Nebraska will pay its membership fee of \$500 in the governors' conference, although Governor Bryan failed to attend the conference, the governor announced yesterday. The fee covers a two-year period and funds to meet it were voted by the legislature.

The governor was unable to state whether or not a public accounting for the funds provided by the state to maintain a secretary and staff had ever been made, although the money is paid by taxpayers.

The \$500 paid every two years by Nebraska taxpayers does not include the expenses of the governor of the state when he goes to the conference, but is simply for organization work.

The duke was handed a ticket by a friend and tried to get into the Laparcerie theater. Mr. Richepin, husband of Mme. Ranchman Declares Petty Graft Is Cause of Revolt in Moro Land

Son-in-Law of Sultan of Sulu Lays Blame on Christian Filipino Officials—Says Girls Are Harmed and Natives Prefer U. S. Rule.

By Associated Press. Manila, Oct. 27.—D. E. McKean, wealthy cattle ranchman of Mindanao and son-in-law of the sultan of Sulu, told the Associated Press on his arrival to Manila today that the spirit of unrest and revolt was widespread throughout Mindanao and that talk of an uprising on a larger scale than ever before was general among the Moros.

McKean married Sabang, one of the sultan's daughters. He has lived among the Moros and fought them for 17 years. He has just received a letter from his wife saying she is going to her father's house because she fears a general Moro uprising in the Lake Lanao region.

The ranchman says trouble has been brewing for two years, "because of petty graft among Christian Filipino governors and their staffs." He said he was well acquainted with Lieut. Magno Wicos, who, with his entire constabulary detachment, was killed by Moros October 14. He said the Moros hated their victims because of their alleged petty graft.

McKean also says there are two sides to the school question and that in addition to the Moro's dislike of sending their daughters to Christian schools because their education menaced the harem system. There have been a number of cases of Christian Filipino teachers violating young Moro school girls in the school rooms, he said.

"Notwithstanding that in every instance of this kind the teachers have been dismissed or punished, it sticks in the Moros' minds, making them so red and implacably hate 'the little red school house,' the sultan's son-in-law declared.

"The Moros prefer American governors to Filipino governors because they say: 'The Americans looked us. The Filipinos have never looked us and never can. We used to make the Filipinos slaves and would again if the Americans did not back up the Filipinos against us.'"

McKean says the Moros are seeking every type of gun obtainable and that it is unsafe for anyone to go hunting in Moro land because of the danger of Moros killing him to get a gun. He declares 95 per cent of the Moros are on arm-rampage.

Young Dato Piang, son of old Dato Piang, probably the most influential official in Mindanao, next to the sultan, said today the resignation of Christian Filipino officials who have been reported to represent Mindanao in the national legislature, was a good thing as "they never really represented the Moros and never could."

A box at the Brandeis theater Tuesday matinee of night for Mr. Ray's performance of "The Girl I Loved," for the second best photograph. Two seats each for third, fourth and fifth best photographs.

Put your name and address on the back of each photo. How many of your friends have a photograph of a famous movie star they took themselves?

It's an unusual opportunity readers of The Evening Bee will have today. Mr. Ray says he doesn't mind posing for camera snapshots at all. It's much less trying than posing up the high-powered lights of the movie studios, he says. So he'll pose just as long as at the Burlington station today as there is anybody on hand with a camera. The more that comes the merrier, he says.

At Denver, where Mr. Ray recently played, more than 2,000 were at the station for his arrival. The other day a similar great crowd was at the station at Lincoln to greet him.

First Time in Omaha. Mr. Ray is coming to Omaha for his first engagement on the speaking stage in this city. With his own company he will appear at the Brandeis theater, tonight, Monday night, and Tuesday matinee and night, in "The Girl I Loved."

Mr. Ray himself will help judge the photographs that are turned into The Evening Bee.
