

### Teachers' Institute at Ord Big Success

Ord, Neb., Oct. 30.—The most successful institute in the history of Valley county closed here when Dr. Emanuel Sternheim of New York City delivered his lecture, "The Social

Functions of the Teacher." Dr. Sternheim is a widely known figure in the field of education, being associated with the state department of education of the state of New York. He was for six years a member of the London County Superintendent Laura Gelsler reports that the teachers of Valley county were represented 100 per cent in attendance. Miss Mildred

Patton of the Kearney State Teachers college presented special work in methods. Miss Patton is a former Ord girl. The session opened with an address on "Progress in Education," by City Superintendent Herbert L. Cushing, who presented the cause of the Nebraska State Teachers' association. Superintendent T. C. Grimes of North Loup, and Superintendent

The Omaha Bee: Wednesday, October 31, 1923

H. K. Blomstrand of Arcadia had prominent places on the program. The Mira Valley lecture course committee, through the efforts of Mrs. Clara E. C. Holmes, has arranged with Dr. Sternheim for a lecture, to be delivered late in November at the Wilson Memorial church in Mira Valley. Bee Want Ads Produce Results.

Winter Wheat Making Good Progress Near Beatrice Beatrice, Neb., Oct. 30.—Winter wheat has made rapid progress in this section of the state the last few weeks because of the fall rains, and some of it will soon be ready to pasture. The acreage in Gage county is about the same as last year.

Corn Is Yielding Up to 25 Bushels at Plainview Plainview, Neb., Oct. 30.—While other sections of the country are paying as high as 10 cents a bushel for corn husking, due to the extra heavy yield in northern Nebraska, the farmers here are able to get their corn husked for a great deal less. In a majority of cases they are paying

on an average of about 8 cents a bushel, but in some cases they are able to secure help for 5 cents or 6 cents a bushel. In some instances the fields yield around 75 bushels an acre. Arthur Brisbane writes about "Tog day," not yesterday, in The Evening Bee.

Beet Sugar Plant Running 10 Per Cent Above Normal Grand Island, Neb., Oct. 30.—The plant of the American Beet Sugar company is running 10 per cent of its usual capacity in beets sliced. Late rains are reported to have slightly deteriorated the saccharine content of the beet, but correspondingly to have increased the tonnage.

## This Remarkable Sale of "Emerson" Phonographs

Offering a Beautiful Italian Renaissance Console Model

# \$79.50

At

A Value for Which You Ordinarily Pay Double This Amount

These latest type Consoles have met with instant approval. Customers had no hesitancy in pronouncing their value after seeing the artistic cabinet and listening to the remarkable tone quality.

You may select from Adam brown mahogany or beautifully matched walnut. 36 inches in width, 36 inches in height and 21½ inches in depth.

This machine may be purchased on the Household Club Plan of Extended Payment. By this method you may enjoy it while paying for it.

The Emerson Console Phonograph is equipped with the spruce "Music Master" sound amplifier. The resonant tone of this horn is universally recognized and its reproduction of the human voice and the tones of all musical instruments is

perfect. All disc records may be played on this instrument. The equipment includes a tone modifier to control the volume of sound. The motor is powerful and runs silently.
