Colonial bouquets of roses and violets struck the only note of color in the wedding of Miss Helen Curtice of Lincoln, and Chauncey Abbott of Omaha solemnized last night in Lincoln at the home of the bride's parents, Mr. and Mrs. Ross P. Curtice. A gorgeous curtain of Spanish gold brocade which formed a background for the altar, set off the white gowns

of the bride and her matron of honor, Mrs. Norman Curtice. Robes of white chiffon brocade

made with a girdle of brilliants and a circular collar of rose point lace clad the bride. Her veil was brought from Venice for Mrs. Norman Curtice to wear at her wedding of a year ago. It was Venetian applique with a rose point Russian head dress. The bridal bouquet combined lilies of the valley set in a round frame of ping roses

violets encircled by pink roses. The altar was formed by the golder

The big surgeon looked up at her blankly and as I saw the most helpless look with which he regarded her, my pulses leaped with joy for his wife. The maternal instinct which s in every woman would have thrilled at the revelation of his need for sympathetic comradship which only a wife can give. Surely it was per answer for the doubts which had en besetting her.

"Why! of course, dear, go if you ish," he said, but a child could ave seen that he infinitely dreaded prospect of her absence. Long ago Harriet Braithwaite told me that he never left the house before or after one of her husband's critical operations, and I knew that she had ad no slightest intention of leaving m when she spoke of it.

She smiled at him tenderly, the meo-like austerity of her oftened into loveliness. "No, I'll wait," she said in a low tone, then again put her lips to the mouthlece of the telephone.

The Coupe Sedan

Pierce-Arrow designers have developed a closed-car type of exceptional utility-a personal car for those who prefer a Coupe, yet at times require a car with the seating capacity of a Sedan.

Trim, compact and graceful, this Coupe Sedan is of characteristic Pierce-Arrow distinction. It is favored especially by women who drive—it steers so easily, the clutch is so

gentle, the gears shift so smoothly, the Dual-Valve, Dual-Ignition Engine is so responsive.

A limited number of this type have just been completed at the factory - except for paint and upholstery, which may be selected by the customer.

We invite you to learn more about this or other of the twelve beautiful Pierce-Arrow models, and to ride in one of them.
