

# SEIZES TWO YOUNG MEN IN ROOMING HOUSE AND TAKES THEM TO EIGHTY'S

By Associated Press.

Dallas, Tex., Nov. 2.—A band of unmasked men severely flogged Joe Westbrook, 23, last night, after kidnaping Westbrook and Lon Johnson, also 23 years old.

Two men leaped from behind a door on the second floor of a rooming place and overpowered Westbrook and Johnson, according to Mrs. Pauline Fox, rooming house land lady, and rushed them into an automobile where other men were waiting.

Out in Trinity river bottoms the two captives were separated, according to Westbrook's story to the police today. He said he believed Johnson was not flogged.

Johnson's whereabouts were unknown early today.

One of the plain clothes officers early this morning, commenting on his investigation into the flogging, said that a woman informed him that Westbrook is charged by a woman with having kicked a woman dressed in white at the state fair, October 24.

Westbrook said: "They must have got me mixed up with some one else. They got the wrong man."

"They tore off my clothing. When they began beating I began screaming. I think they used a heavy rope."

"One of them accused me of having beaten a woman. I told them I had not done any such thing."

"I will bend every effort and will use every resource of the police department to apprehend and convict the floggers," Police Commissioner Turley said today.

# First Day Fills Immigrant Quota

Russian Noble and Professional Men Barred at Seattle—Rush at N. Y.

By Associated Press.

Seattle, Nov. 2.—Three hundred and seventy-six Russians, including a prince, doctors, lawyers and engineers, together with 14 persons from Persia, Lithuania and Poland who were refused admission to the United States by orders received from Washington, D. C., arrived here on the steamship Jackson yesterday.

The refusal to admit 14 of the passengers was due to the immigration quotas of the countries they represented being filled. The Russian quota for November was almost filled today, falling only four under the allotted mark.

Among the most prominent of the Russian passengers were Iskander Riza-Kull-Mirza, a Persian, but for many years a citizen of Russia and an army officer; Anatole Galin, an expert on the mineralogy of the Ural mountains; Ivan Kolchakoff, assistant professor of mining at the University of Petrograd and Paul Blumenthal, formerly a teacher at Culver military academy of modern languages where his son now holds the same position who came here as a leader of 20 students of the Russian students union of Shanghai.

By Associated Press.

New York, Nov. 2.—Immigration quotas of at least nine nations were exhausted with the arrival of more than 10,000 aliens in the steamer of 11 vessels, Commissioner of Immigration Henry H. Curran said last night. Approximately 15,000 passengers were on board the 11 liners. As the

immigrants did not reach Ellis island until after noon, immigration officials did not handle the customary 2,000 cases yesterday.

A continuation of the influx will take place today with the arrival of the Majestic with many Irish and Scotch immigrants. The Leviathan and Brengaria, both with large alien passenger lists, also may come in today or Saturday.

Commissioner Curran expressed confidence that the quotas of the following places were exhausted by yesterday's flood of newcomers: Russia, Turkey, Greece, Portugal, Albania, Egypt, Palestine and "other European" and "other Asia," under which quotas numerous small countries are listed.

Unless there are rebates from these places no aliens of the foregoing nationalities will be admitted to the United States until the beginning of the next fiscal year, July 1, 1924, the commissioner explained.

**McKinley Boosts Lowden.**  
Chicago, Nov. 2.—Senator William B. McKinley of Illinois is for Frank O. Lowden, former governor of Illinois, for the republican nomination for president, according to today's Chicago Herald and Examiner.

"While present indications are that President Coolidge will be nominated," Senator McKinley is quoted by the Herald and Examiner. "I am for Frank Lowden. It is not my information that Colonel Lowden intends to make a fight for the nomination, but the next convention may develop a situation in which the country would turn to him."

**Guilty of Embezzlement.**  
Edwardsville, Ill., Nov. 2.—Harry H. Clark, president, and Irwin C. Hatridge, cashier of the defunct First State and Savings Bank of Wood River, were found guilty today of embezzlement by assenting to the reception of a deposit in a failing institution and sentenced to two years' imprisonment.
