Blotchy skin—upset stomach—constipation— Ills that embitter the lives of millions... yet, in most cases, needless!

Failure to nourish the body properly, or—failure to remove its waste-matter regularly—these are at the root of 99 out of every 100 cases of constipation, skin trouble, digestive disorders.

When the intestinal tract is sluggish and weak, the whole body becomes flooded with poisons: the blood is impoverished, the skin perhaps affected. The digestive organs may not be equal to the strain. In many cases medical or surgical aid becomes imperative.

Scientists agree, however, that medicine can never cure the trouble: it can only relieve the symptoms temporarily. The body must cure itself, so to speak. The really startling results which Fleischmann's Yeast has given so many sufferers are easily explained. 2 or 3 cakes a day of this fresh, natural food contain the very elements needed to help

build up the body afresh. The millions of tiny living plants in each yeast cake make digestion easy, and give the intestinal muscles regular, healthy exercise. The wealth of vitamins and proteins increases the white corpuscles in the blood, and gives new tone and vigor to the whole system.

Remember that Fleischmann's Yeast for health comes only in the tinfoil wrapper, and cannot be purchased in tablet form.

All grocers have it. Eat it before or between meals, plain, in water or fruit juices, or spread on crackers or on bread, whichever you prefer.

Send for free booklet, "The New Found Value of Fleischmann's Yeast in Building Health." THE FLEISCHMANN COMPANY, Dept. 152-D 701 Washington Street, New York, N. Y.

"I believe I tried every kind of salts advertised in America," writes Wilson Lovett, of Louisville, Kentucky, "and the same thing with pills. I ran, played tennis, rode horseback, took abdominal massages—still constipation stuck with me... Fleischmann's Yeast applied to me as logical. I began eating two cakes every day at the lunch hour... After about eight weeks I was able to do without pills or salts of any sort. It is now eight months since I have found it necessary to use a cathartic of any kind—and this, understand, is after a condition of chronic constipation that had lasted for seventeen years."

"When I say that I used to dread the sight, smell, or taste of food—well, it's the absolute truth," writes Homer Gauthier of Beverly Road, Brooklyn, N. Y. "I would come home and mother would have the table fairly groaning with good healthy foods—yet just as sure as fate, about three hours later a thousand demons would seem to start fighting inside me." Then he began eating Fleischmann's Yeast. In less than a month "my agonies vanished. I gradually indulged in the foods which used to have the most appalling effect, but nothing doing—they couldn't annoy me!"

"My face was so covered with pimples that I could scarcely touch it without an exclamation of pain, and so unsightly that I was ashamed to go out," says Olive Kraus Kestin, of N. Sacramento Blvd., Chicago. "Then a skin specialist advised me to eat two cakes of Fleischmann's Yeast every day, saying that my bodily resistance was low, and that there were not enough white corpuscles in my blood. I took the yeast regularly in a little orange juice, and now my face has changed so that my friends don't recognize me."
