

MOST LONESOME BLACKSMITH SHOP IN THE WORLD. High up on the bleak granite top of Stone Mountain, near Atlanta, Ga., lives Isaac Binion, smithy, employed by Gutzon Borglum, the sculptor, to sharpen the drills used by the men employed in carving his gigantic Confederate Memorial into the face of the mountain. Binion, who claims to be one of the oldest smiths in the country, having been at his trade since 1882, lives alone in this little wind-swept shack with only two cats and his pipe for company. *Walt Wright*

She will be always young

ATTRACTIVE, vivacious, warmly youthful, she is what every woman ought to be—what every woman *can* be.

She has learned, like many thousands of charming women that youth and attractiveness live only in a body unharassed by illness. And she has preserved her youth by preserving her health.

Like her, you should realize that the arch-foe of youth and beauty is the little ailments—headaches, bilious attacks, insomnia and the like. Each takes away piece-meal something of your youth, freshness and charm.

As this attractive woman has done you can avoid these dangers, by maintaining *internal cleanliness*, through the regular use of Nujol. Nujol, by lubrication, overcomes and prevents intestinal clogging. This condition, physicians warn, is not only the cause of minor ailments, but is also the starting point of most of the gravest diseases of life.

Don't give disease a start. Take Nujol as regularly as you brush your teeth or wash your face. Nujol is not a medicine. Like pure water it is harmless. Nujol promotes the habit of internal cleanliness—the healthiest habit in the world.

Sparkling eyes, lustrous hair, the clear, rich, glowing delicacy of the skin—everything which means beauty and attractiveness is the result of a clean system.

The woman who would always be youthful, active and healthy, should see that Nujol is a regular fixture in the bathroom cabinet. For sale at all druggists.

How to Overcome Faulty Elimination

Most of us regard intestinal clogging as merely a cause of temporary discomfort—producing such ills as headaches, bilious attacks, insomnia and the like. Yet intestinal specialists have proved that faulty elimination is the cause of fully 75 per cent of human disease.

Why Physicians Favor Lubrication

Laxatives and cathartics do not overcome faulty elimination, says a noted authority, but by their continued use tend only to aggravate the condition.

Medical science, through knowledge of the intestinal tract gained by X-ray observation and exhaustive tests, has found in lubrication a means of overcoming faulty elimination. The gentle lubricant, Nujol, penetrates and softens the hard food waste. Thus it enables Nature to secure regular, thorough elimination. Nujol is not a medicine and cannot cause distress. Nujol hastens the rate of flow of the intestinal stream, preventing intestinal sluggishness.

Nujol is used in leading hospitals and is prescribed by physicians throughout the world for the relief of faulty elimination in people of all ages.

Infants and Children: The mother who permits intestinal clogging in her baby or older child is jeopardizing the health, even the life of her little one. For a clogged system is a weakened system and leaves the child a prey to serious disease.

Nujol, given to the infant or child, gently softens the accumulated waste, thereby speeding up to a normal rate its movement through and out of the body.

Let your child have Nujol regularly—and see rosy cheeks, clear eyes and happiness return once more.

Elderly People: In advanced years the natural lubricating liquid in the intestine, which serves to soften and assist the movement of food waste, decreases in quantity. Hence the need for something to give assistance. The action of Nujol so closely resembles that of Nature's lubricant that it is especially beneficial to those in advanced years. Nujol softens the hard waste, thus enabling the intestinal muscles to move the food waste along and out of the body.
