Stop Winding Bobbins

Save One-Third Your Time

Eldredge 2-Spool Sewing Machine

A Spool Above
A Spool Below

An ordinary spool of thread is used in place of a bobbin, thereby saving the usual time and annoyance expended in winding the bobbins.

It is lighter running, faster, quieter, easier to operate than the ordinary machine.

You will find the stitching much daintier and finer than the usual machine work. It is more reasonable in price than other fine quality machines.

A liberal allowance for your old machine.
