

WEATHER FORECAST Nebraska: Fair Wednesday; not much change in temperature.

VOL. 53—NO. 123.

Entered as Second-Class Matter May 25, 1905, at Omaha, P. O. Under Act of March 3, 1879.

Debt Meet Hinges on Paris Reply

Exact Meaning of Restrictions on Economic Parley Sought by America From France.

U. S. May Fed Germans

Washington, Nov. 6.—Availability of American helpfulness in the European economic crisis apparently hinged tonight upon detailed explanations of the Poincare restrictions on the proposed expert inquiry into the reparations treaty. Up to this time, it was learned authoritatively, the Washington government has not been able to find out exactly what the French premier had in mind in proposing to confine the inquiry to Germany's "present" capacity to make reparations payments.

Woman Is Killed When Train Hits Auto at Chapman

Miss Mabel Smith Victim of Grade-Crossing Accident—Car Driven by Her Sister.

Special Dispatch to The Omaha Bee. Central City, Neb., Nov. 6.—Miss Mabel Smith of this city died here at 5:30 this afternoon as the result of injuries sustained at 1 p. m., when the automobile in which she was riding with her sister, Mrs. G. P. Egan, also of this city, together with Mrs. John Hutchinson and the latter's daughter, Miss Genevieve, was struck by Union Pacific passenger train No. 1 at a grade crossing at Chapman, Neb.

Wants Nebraska Farmers to Stop Raising Wheat

Lincoln, Nov. 6.—H. J. Watson of Kearney, one-time owner of the famous "1733 ranch," and introducer of alfalfa into Nebraska, would like to see Nebraska farmers give up wheat as a crop.

Warm Western Wind Rising Temperature and Sunny Sky Today Makes Furs Passe

"You can say that it is going to be a beautiful day," M. V. Robins, meteorologist of the weather bureau, gave his forecast yesterday that Omaha's day would enjoy another of Indian summer today. "Fair and slightly warmer," he opined after glancing over his reports.

Business Is Great!

said the manager of Parks Paint Store. You are certainly right when you say "It's Results That Count," for I get more business from my three-line Classified Ad in The Omaha Bee than from any other advertising source in Omaha. You can keep my ad running—it's a good investment.

42 Thought Killed in Mine Blast

Over Score of Bodies of West Virginia Workmen Are Recovered From Wreckage. Gas Imperils Others

Beckley, W. Va., Nov. 6.—Forty-two men are believed to have perished in an explosion which entombed them in the Glen Rogers mine of the Raleigh Womong Coal company, Wyoming county. At 1 o'clock the bodies of 25 victims had been brought out by rescuers, who since the disaster have been digging frantically in the tons of debris which blocks the chambers. There were 65 men at work in the mine when the explosion occurred. Twenty-three escaped. The 17 still in the mine, officials are certain, are dead. They are believed entombed nearly 500 feet from the head of the shaft and rescuers at 2 o'clock, six hours after the explosion, had succeeded in penetrating but 250 feet. If not crushed to death, mine officials say, these men will be asphyxiated before rescuers can reach them. As news of the disaster spread through the district hundreds of persons gathered at the mine and state police and local authorities were rushed to the scene to keep order. Relatives of the victims were permitted through the lines to claim their dead.

Slayer in Klan Feud Indicted

Atlanta, Nov. 6.—Indicted by the Fulton county grand jury on a murder charge for the killing yesterday of Capt. W. S. Coburn, attorney for the so-called insurgent Klan faction, was the prisoner were cut short by police officers. Mrs. Fox, the prisoner's wife, called at the jail twice, leaving the second time without seeing her husband when she learned newspaper men were seeking her.

SUNNY SIDE UP

Discovered! A place where I can get the baked apple without the gooey stuff, or even with it if desired. John W. Welch came to the rescue. Says it will be carried to me, too, and without a tip, if I so request. If John's restaurants make good on the pledge of serving the best baked apple, minus the goo, he's made a friend for life. I'll take an extra portion of cream in place of the usual syrup, if you please! Can hardly believe it, but hope it is true. Told of an Omaha Sunday school where more than 50 per cent of the pupils are boys, and of a church congregation where the average attendance is showing up with more men than women. Flourishing church and Sunday school, too. Must make personal investigation of most unusual case. Listened in on the radio last night. Was informed that it was the static that made the noise. Reminded me of something I hear every time I drop cigarette ashes on the front room carpet.

It is reported that the matter of holding the republican national convention in Chicago is up to Chicago hotel men. Recalling the fact I once paid \$5 for the privilege of sleeping on a billiard table while attending national convention in Chicago, I'll cheerfully admit a belief that the Windy City's hotel men will be equal to the occasion.

Congratulations to John Pray, 89 years young yesterday, and admitting that he keeps young by disdaining tobacco and taking a little nip every morning. Wouldn't mind growing

old gracefully like that, and perfectly willing to give up the tobacco if Mr. Pray will divulge source of his supply. Mr. Pray may call me by telephone, or if agreeable I'll call in person. Hope his recipe keeps him going longer in good standing to come to meet the charming young ladies who answer your call when you telephone a want ad to The Bee. Found them too busy to visit with a middle aged fat man, but have hopes. Must hunt up something to advertise in the want section.

Later day ambition of the colonel, sitting just to my left. Wants to hold an I. T. U. convention in north-east corner of Maine and then start special trains from El Paso, Los Angeles, San Francisco and Seattle, all meeting in good standing to come to meet the charming young ladies who answer your call when you telephone a want ad to The Bee.

Just supplied with a noiseless typewriter. Now worrying about how to make the Big Chief think I am working. Afraid that any minute he will drop in to inquire the reason for the prolonged silence. There is such a thing as carrying efficiency too far, and noiseless typewriter strikes me as one of them.

Miss Mier sang "Blues" with unusual effect at the matinee. Porter at theater had swiped bankroll from her trunk night before. If that calamity could happen to me, and did, I could sing in all the colors of the rainbow. W. M. M.

Argument Over Attorney for Souder Trial

Counsel for Accused Former County Treasurer Objects to Special Prosecutor

North Platte, Neb., Nov. 6.—Arguments for and against employment of Will E. Shuman as special prosecutor for the state in the case against Samuel M. Souder, former county treasurer who is under indictment on nearly 150 charges in connection with the alleged misuse of county funds, will be aired before Judge John L. Tewell in district court tomorrow.

Attorneys for Souder, in their objections, charge that Shuman has represented the county in civil matters out of which criminal charges have resulted, and that he is biased and prejudiced. They say that he has made defamatory statements against Souder and that he would not be fair.

Shuman has announced that he will show that he has no personal relation in the matter, and that Mr. Souder and he always have been close friends.

Arguments on the plea in abatement, demurrer, continuance, and change of venue will be presented as soon as the Shuman motion is disposed of. Attorneys for the prosecution indicated tonight that arguments on these motions may be concluded by tomorrow night. If such is the case, lawyers will have nearly a week before starting the work of selecting jurors. The prospective jurors, called today, were excused until next Tuesday morning.

Testimony of witnesses and presentation of evidence in the Souder forgery case, first to be tried, may be started next Wednesday.

Collect Funds for State Convention of Firemen

Beatrice, Neb., Nov. 6.—A committee from the volunteer fire department is collecting funds from the business men of the city for the firemen's state convention which is to be held in firemen's hall here the latter part of January. Five hundred delegates are expected to attend the meeting.

900 Tons of Gravel to Be Used on Lincoln Highway

Columbus, Neb., Nov. 8.—More than 900 tons of gravel will be used to gravel the Lincoln highway from the Colfax-Platte county line to the point where the gravel road now ends near Columbus, following an order of the Platte county board of supervisors.

Four-Acre Corn Field Near Endicot Yields 312 Bu.

Fairbury, Neb., Nov. 6.—Phil Dawson of Endicot finished husking corn in a four-acre field on his farm north of Endicot, which yielded 312 bushels an acre. Mr. Dawson says there are many fields about Endicot yielding 50 to 60 bushels an acre. The best corn in Jefferson county this year is found in the Blue river bottoms near Endicot.

Former Teacher Dies

Nebraska City, Nov. 6.—Miss Nina Wright, former Otce county school teacher, died here after an illness of nearly three years.

Shadowing His Tracks

RED CHAOS

EUROPE

Real Man Hunt Is Staged by Women

Search Entire Town of Plainview for Elusive Males—'Twas Just a Party.

Plainview, Neb., Nov. 6.—One of the biggest social events of the season in this community was a post Halloween party consisting of nearly all the adults in the city. It was a hunting party in which the men and women were divided into groups of ten persons, then the men hid in groups in different blocks throughout the city and at a given signal a group of women began to hunt for the corresponding group of men, it being specified in which city block each group of men was hiding.

Vegetable Poisoning Avoided by Cooking

Lincoln, Nov. 6.—Botulism poisoning, a case of which recently occurred at Morrill, Neb., and concerning which considerable interest has been shown, occurs in America only in vegetables, according to the department of agriculture, although a few cases of it occurring in canned meats have been reported from Europe.

This poison is so rare, according to the department, that it is difficult to say whether it is more likely to occur in cold packs or not, and it advises that the only safe way of preventing the poison is to thoroughly cook vegetables after removing them from the can. This destroys the toxin, although heating or cooking vegetables before putting them in cans does not definitely destroy the poison.

Acid or sugar stops the growth, the department's statement continues, and so the poison does not occur in fruits or tomatoes. The case at Morrill is the only one recorded in Nebraska.

Gregory, S. D., Will Have \$70,000 School Building

Gregory, S. D., Nov. 6.—Gregory's new \$70,000 grade school building is nearing completion and when ready for occupancy the first of the year will give Gregory the most adequate school facilities of any town in this section of the state. The present building will be used exclusively for a high school, where in connection with the regular high school course for an accredited school the following courses are taught: Normal training, commercial, domestic science, manual training and agriculture, with special courses in music, art and penmanship.

Minden Has New System of Displaying U. S. Flags

Minden, Neb., Nov. 6.—As a result of the efforts of the American Legion, the business houses of Minden have purchased large American flags which are used for decoration by putting the standards in holes which have been drilled in the cement sidewalk. These flags will be used for the first time on Armistice day. Practically every business house around the square has one or more of these flags.

Nebraska Pioneer Is Dead on Homestead 52 Years

Republican City, Neb., Nov. 6.—Garvin H. Gould, one of the early pioneers of southern Nebraska, died at his home near here, following a stroke of paralysis.

Rosebud District Has Excellent Crop of Corn

Gregory, S. D., Nov. 6.—The Rosebud country this year has the best corn crop in its history and the yield in the Gregory territory is reported by farmers who have husked enough to tell as to the measurement, to be from 40 to 65 bushels and of fine quality. The market is good and this crop should tend greatly to aid the farmers. A large number of feeders have already placed their stock in the yards.

Bible Conference

Lincoln, Neb., Nov. 6.—An interdenominational Bible conference, under the auspices of the Nebraska Christian Fundamentals' association, opens Thursday at a local church.

G. O. P. Is Victorious in Chicago

Republican Has Lead Over Cousin of Coolidge in Senate Race in Vermont. Kentucky for Dawson

By Universal Service. New York, Nov. 6.—First returns of the judiciary election in New York today indicated the Tammany hall candidates had defeated those of the citizens nonpartisan committee. The Tammany men were leading their opponents by 4 to 1 on the face of the first returns. The citizens' candidates also had the support of the republicans.

Early returns from Brooklyn where county officers, aldermen and legislators were chosen indicate that the democrats have won by a margin of 2 to 1.

Montpelier, Vt., Nov. 6.—Returns from 228 cities and towns out of 248 in the state in today's election for United States senator from Vermont, give Porter H. Dale (R.), 39,596; Park H. Pollard (D.), 14,178.

Chicago, Nov. 6.—Early returns from today's elections in Chicago indicated republicans had won most of the offices. Twenty-six superior judges were elected for a term of six years. The democrats claim to have elected Daniel Ryan for county commissioner. A school tax proposition carried, early returns indicate, while a proposal for bonds to build a new zoo appears to have been defeated.

Baltimore, Md., Nov. 6.—Gov. Albert C. Ritchie has been re-elected in the state in today's election. The ticket swept into office by a landslide in Baltimore city, early returns indicate. Conceding a closer contest in the counties, democratic managers claim that the city majorities for Ritchie, William S. Gordy and Thomas H. Robinson, candidates for governor, comptroller and attorney general, respectively, will overwhelm Alexander Armstrong, republican candidate for governor, and his running mates. On the basis of early returns the democrats will control both houses of the next legislature by substantial majorities.

Heavy Vote Polled. Louisville, Ky., Nov. 6.—Returns from various sections of Kentucky were slow coming in tonight and indications were that while a heavy vote was polled in some of the western counties, there was a material reduction in the number of ballots cast in eastern Kentucky. Dawson's (republican) anticipated majority was set at between 8,000 and 9,000 in a statement issued tonight at republican headquarters. Democratic state headquarters refused to make public any statement until 9 o'clock.

Syracuse, N. Y., Nov. 6.—Syracuse repeated its democratic landslide of two years ago in today's municipal elections, returning John H. Walrath, present mayor to the city hall, by a majority of about 4,000, according to incomplete returns tonight.

Cleveland, Nov. 6.—A greater percentage of those registered had voted today in Cleveland's first municipal election under proportional representation than ever voted before, election board officials declared tonight. Of 22,532 who had registered, it was estimated that between 156,000 and 130,000 cast their votes.

Interest centered in the election of 25 councilmen for two-year terms. They will take office January 1 after which they will select a city manager.

Nine municipal judges and three members of the school board, in addition to state and county issues, were also voted on, but under the old style of balloting.

By Universal Service. Trenton, N. J., Nov. 6.—Claims that republicans will remain in control of the state senate were made at republican headquarters one hour after the election polls closed tonight. The statement was based on reports from various parts of the state.

G.O.P. Meeting in Des Moines

Des Moines, Ia., Nov. 6.—A committee of five, including Congressman C. C. Dowell and former Senator Charles Rawson, was named yesterday to go to Washington and press upon members of the national republican committee, Des Moines' invitation to the party to hold the national convention here next year.

The Weather

For 24 hours ending 7 p. m., November 6: Temperature. Highest, 63; lowest, 24; mean, 45; normal, 47. Total excess since January 1, 1.80.
