Theisen Steps Down in Favor of Man Who Trained Five Championship Teams

A. G. Kline to Take Charge of Cagers

Expert Coach Takes Thieson's Place as Mentor of Huskers.

Lincoln, Nov. 6 .- A. G. Kline, veteran coach, will handle the Nebraska basketball team this season, according to announcement by athletic director Dawson Tuesday morning. Mr. Kline has been coaching both football and basketball at the University of Florida for the past three years but he was forced to give up his work there because the climate did not agree with his son.

As soon as word got about that Bill Kline was headed north, every effort was made to get in touch with him and as a result he starts drilling the Husket basketball team Wednesday evening.

Coach Kline was at Nebraska Wesleyan from 1911 to 1917 inclusive. While there he turned out some great teams winning five out of seven basketball games played with Un!iversity of Nebraska teams and his fives were state champions every year. It was conceded that he had the best team in the Missouri Valley at one time.

In 1918, S. A. T. C. year, Coach Kline directed the Husket football team and coached the freshman basketball team which Paul Schissler took the next ye ar and made a greate record with. Coach Kline started at University of Florida and has been there since that time.

In the statement issued by Director Dawson he explains the status of Ralph Thiesen's appointment as basketball coach, which was announced o weeks ago. Mr. Thiesen agreed accept the position and do the best ne could but insisted that Nebraska was entitled to a more experienced coach. Mr. Dawson's statement:

"Through Ralph Theisen's splendid spirit of loyalty to the university and eagerness that we have the best available coaches, we have engaged W. G. Kline as basketball coach for this

did not apply for the position. I went to him personally and explained that it was impossible for us to secure the man we wanted for the job. "Reluctantly, Mr. Thiesen agreed to tep into the breech and do what he ould to handle the situation, at the me time saying we were entitled to a more experienced coach-in fact ketball would maintain its proper standing in the Valley conference. "And now, when we suddenly find Mr. Kline is available, Mr. Thiesen California. said he was only too glad to step wn in favor of Mr. Kline."

Accommodations for Guests Are Lacking in Chamonix, France

Chamonix, France, Nov. 6 .- How to provide shelfer for the 20,000 to 30,-00 visitors expected here from January 25 to February 5 during the winter sports events which mark the opening of the 1924 Olympic games is the problem confronting the town authorities and French Olympic committee now that the work on the skating rink, bobsleight chute and ski jumps is finished.

Chamonix, a little town of 3,000 inhabitants, perched high on the slopes of Mont Blanc, possesses nor-mal accommodation for about 1,500 to 2,000 transients and by the placing of additional beds in ball rooms, corridors, billiard parlors of the hotels and pressing private house owners to let out the "guest room," this might be increased 3,000.

Frantz R eichel, the general secre tary of the French Olympics committec and Allan H. Muhr, internaitnoal secretary were here recently and had several conferences with Mayor Lavairvre with the result that 65 per cent of the hotel accomodations were reserved for the committee which has assumed responsibility for housing the athletics, trainers, officials and newspaper correspondents. Three hundred applications have been received by the committee from newspaper representatives.

The local hotels are already booked up to the limit and it is the present intention of the organizers to refer prospective visitors to hotels in Aix Les Baines and Annecy, and to shuttle them back and forth to Chamonix norning and evening.

For that purpose local excursion trains will be run twice daily be-tween Aix Les Maines, Annecy and Chamonix, while bus lines will be es-Leo Shea to
