

### Mathers Slated for G. O. P. Race for Governor

#### Growing Demand From All Sections of State That Gering Man Accept Nomination.

Gering, Neb., Nov. 14.—That Speaker Albert N. Mathers of Gering will be a candidate for the republican nomination for governor seems to be a foregone conclusion. Not that he is making any particular effort to secure the nomination, but because there seems to be a growing demand from all sections of the state that he get into the race.

a man's mind somewhat divorced from politics, then add the feeding of a big bunch of cattle. Interrupted while he was busier than the proverbial miller, Speaker Mathers paused long enough to say that he felt assured that there was a considerable demand from all sections of the state that he become a candidate for the republican nomination. A few hundred letters were shown to afford ample proof that this is the case. Admitting that he had the matter under consideration, Speaker Mathers said he had not fully made up his mind, although he felt inclined to become a candidate because of the letters and newspaper comments urging him to do so.

**Ambitious to Serve People.** "If I decide to become a candidate you may rest assured that I will get into the race with all my heart and soul, and because I believe that if elected governor I can be of real service to the people. I do not need the job, goodness knows, for I am a busy man and have some rather extensive interests that would suffer materially by more or less neglect. Merely to be governor is not one of my ambitions, but I confess that I have some ambition to be a chief executive who could and would render efficient and satisfactory service to the commonwealth."

The most Speaker Mathers would admit at this time is that he is a receptive candidate. Those who know him best know that if he decided to be more than a receptive candidate he will be an exceedingly active one. Born and raised in Nebraska, he knows the state, and knows the problems of the farmers especially well. A republican in politics, he is a very independent one and refuses to align himself with any party faction. A new and untried man in the political field, he made a most satisfactory record as speaker of the last legislature and showed that while he may have been new in the political game he was wise in the whole thing and too level-headed to be sidetracked.

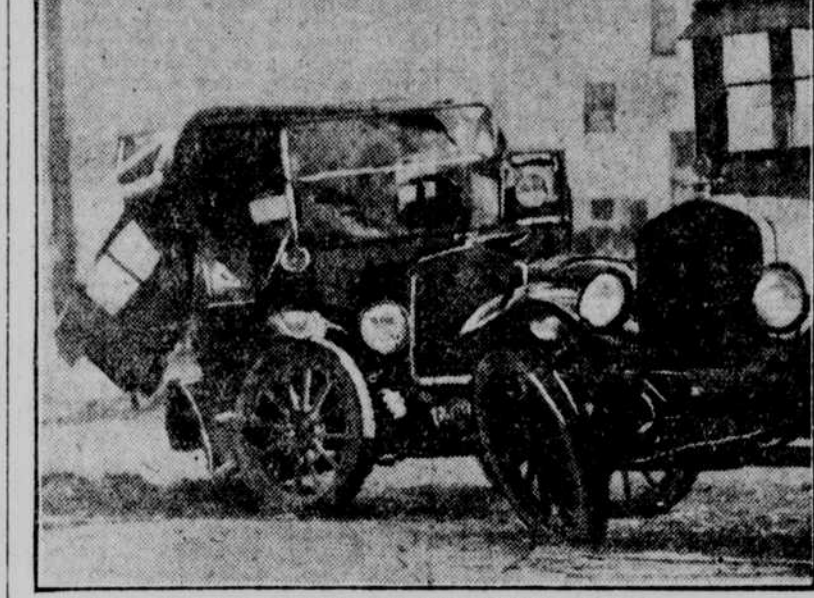

**Knows Irrigation Matters.** While not prominent in politics until last year, Speaker Mathers has been mixed up in a number of contests, political and otherwise, and to date has not tasted the pangs of defeat. He is not given to making hasty conclusions, and once his mind is made up to enter a contest he goes in to win. Ever since the beginning of the development of irrigation on the south side of the North Platte valley he has been looked upon as a leader and a safe advisor, and the land owners have unhesitatingly delegated to him authority to represent them before the reclamation service department and at consultations of irrigators throughout the west. For many years he was a member of the Gering board of education, and it was while he was upon the board that the present magnificent school plant was erected, largely as a result of his farseeing policy.

That there is a feeling that western Nebraska should have the honor of providing the republican candidate for governor is too obvious to require detailed explanation. And western Nebraska republicans are not alone in the belief that A. N. Mathers is the logical man. With the usual diffidence of a prospective candidate, Speaker Mathers will not admit that he is the logical man, but he does admit that he has a lot of letters from

### Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps lived. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Haverhill, Pa., says: "With my first two children I had a doctor and a nurse and then they used to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start now, and receive the new Bestfield Regulator Co., B.A. 75, Atlanta, Ga. For free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores.

This is what happened when the two flivvers crashed.

R. E. Nelson, 3406 Erskine street, is in Lord Lister hospital with probable internal injuries as the result of a collision between the touring car he was driving and a coupe bearing the registration tag of Lee T. Schmackel, 3315 Howard street, at Thirty-sixth and Dodge streets. The cars met head on. Witnesses said they were traveling at a good rate of speed. Schmackel could not be located following the accident and police do not know whether or not he was driving the car bearing his registration tag.

working republicans who insist that he is. A close neighbor of Mr. Mathers was asked to express an opinion upon the speaker's probable candidacy, and he said: "Some machine republicans may consider Mathers too progressive, too independent, but progressive and forward looking republicans over the state see in him a safe leader, an honest and capable man, the logical candidate, who is able to bring victory to the republican party."

Out in this section that seems to be the opinion of nearly everybody, republicans and democrats alike.

**Corn Which Is Unsalable**  
Columbus, Neb., Nov. 14.—Having disposed entirely of last year's supply and finding that much of this year's yield is unsalable because of the musty and rotting condition inside of the ears, growers are storing all their yields as the husking season progresses. Some of them who had not intended buying feeders are doing so and others are holding for higher corn prices.

**Hunters Near Beatrice Bag Several Raccoons**  
Beatrice, Neb., Nov. 14.—Raccoons are reported quite plentiful in this section of the state. Several hunters of this city caught and killed two raccoons on Cub creek, and one man shot and killed a raccoon which weighed 27 pounds. A number of opossums were included in the roundup.

### Dodge County Husker Cleans 167 1-2 Bushels a Day for Six Days

Fremont, Neb., Nov. 14.—A challenge is hurled to corn huskers of Nebraska by Frank Middaugh, prominent Dodge county farmer residing east of Fremont, who boasts of the prowess of his employe, Roland C. Meyer, who husked an average of 167 1-2 bushels a day for a period of six days. On the seventh day, still dissatisfied, Meyer went out and husked 100 bushels in the forenoon. The yield on the Middaugh farm is considered about fair. Meyer comes to the Middaugh farm every year during cornhusking time. With the yield poorer than usual, the champion husker determined to make up for the difference by improving his speed. The Middaugh corn runs less than 40 bushels to the acre. Middaugh verifies the record and challenges any cornhusker in the state to equal or surpass Meyer's mark.

#### Held on Forgery Charge—That Doesn't Bother Bridegroom.

Washington, Nov. 13.—The cell doors of the District of Columbia jail swung open twice for Miss Gladiola Peyton, 19-year-old prisoner—once to permit her to marry, the second time to give her temporary freedom and a possible honeymoon.

Miss Peyton, a stenographer, was sentenced recently to a year's imprisonment for forgery. This did not deter Frederick Ewers, salesman and her fiance, and he called by special permission and accompanied her to the altar. The bridal party, as arranged, returned to the jail and Mrs. Ewers went to her cell.

An hour later the bride received her first wedding present, the criminal court permitting her to leave under the custody of her attorney when she changed her former plea of guilty to not guilty. Her attorney will seek to have the case dropped, that the proposed honeymoon to Florida may be started immediately.
