Calls Hand Omahan Ordered Held to Bluffs Grand Jury

Demands Carriers Show Figures on Business for 1923.

Quick Action Is Sought to stop.

Kansas City, Mo., Nov. 16.-The for the middlewest farmer reached a demand for a showdown today when Clyde M. Reed, chairman of the Kansas public utilities commission, asked the interstate commerce commission to request the western railroads to furnish detailed figures on their business and revenue for 1923.

The request was made at the hearing in progress here on grain rates before two members of the commis-

Speaking in behalf of the eight state public utilities commissions. Reed asked that the information he made available within the next 10 days. He asked that the railroads show the number of cars handled, the average haul per car, the total gross revenue and the gross revenue

visement. Incomes of less than \$1 a day were Worsham testified at the hearing.

Some of the annual family incomes in counties of that state, where wheat is grown extensively, were as low as \$368 in 1921, Worsham de-

Supporters of the government in parliament who heard Prime Minister Baldwin's warning to France yesterday when he said he had spared no pains to let Great Britain's allies know that the British could not continue indefinitely to maintain the spirit necessary for co-operation if the present situation were allowed to continue, say his words must be taken literally. They declare this is one of the many signs that a crisis is approaching.

Many of these members of parliament favor separate action by Great Britain in dealing with Germany, but the whole situation in Germany is so indefinitely complex and confused that they, like most of the cabinet members, are unable to find a concrete formula which would enable Great Britain to solve the problem independently.

Meantime every effort in being made through diplomatic channels to measures suggested at yesterday's session of the council of ambassadors British officials, however, admit frankly there is little hope of an
