Gift Car Withdrawn!

Beginning November 15th, this company offered to give a coupon with every 5-gallon purchase of Red Crown Gasoline in Omaha from November 15th to December 15th, with the understanding that the holder of the lucky coupon would have his choice of one of four sedans, Buick, Hudson, Nash or Studebaker Special.

The reason for this campaign was to induce those who thought it necessary to pay a premium for quick starting winter gasoline to fill their cars with Red Crown, the "balanced" gasoline, to satisfy themselves that it was the ideal winter fuel.

The plan as outlined was no different than similar gift enterprises carried on from time to time in Omaha by business houses, merchants, societies, churches, fairs and others, and because of this common practice this company assumed the plan was legal.

Since the commencement of this campaign, we have learned there is a question of its legality. It has always been the policy of this company to comply willingly with the laws of the country, and consistent with such policy we are hereby withdrawing this offer.
