

### Souder Trial May Start on Monday

#### State Presents 135 Affidavits Indicating Defendant Will Receive Fair Hearing.

North Platte, Neb., Nov. 16.—The state today presented to the court 135 affidavits from citizens of Lincoln county, showing that they are of the opinion that Samuel Souder, under 145 indictments for arson, forgery and embezzlement, can obtain a fair trial in this county. The affidavits were filed in answer to a similar number filed by the defense in their motion asking for a change of venue. This motion will be argued this afternoon or tomorrow morning and Judge Tewell expects to rule upon this motion Saturday. Judge Tewell stated today that he would have it recorded in the records that all motions asking for continuances must be in court by 10 o'clock Saturday morning and arguments must begin by Monday morning if a change of venue is not granted in order that the active trial of Souder and Souder upon the arson charge can start Monday morning. The preliminary hearing upon the arson charge of Baker and Souder will be held jointly. Baker's attorneys stated today that they will ask for a separate trial of Baker upon the charge, and under the statute the granting of the separate trial

### Fremont Man Will Beat Bryan Coal

#### Former Veterans' Chief Plans to Sell High Grade Product at Low Figure.

Fremont, Neb., Nov. 16.—The coal war being waged by Governor Bryan has been brought sharply before the people of Fremont, with the announcement by Dr. P. E. Braucht, former state commander of the Veterans of Foreign Wars, of a plan to furnish consumers of this city with cheaper coal. Dr. Braucht has handled over 100 tons of Bryan coal for himself and friends. In response to appeals from others, under the name of Uncle Jacob, he has made a general offer to the people of Fremont whereby he will supply them with coal at a much cheaper rate and at the same time protect their local dealers with a fee of \$1 on every ton. He is offering Franklin county, Illinois, coal for \$9 a ton, the same that is being sold by dealers for around \$14, he claims. Following a protest by local dealers, Braucht offered to give them \$1 for every ton sold, although they do not have to handle the product. The dealers stated in their protest that they would be satisfied with a profit of \$1 on the coal they sold and as a result he came forward with the offer to pay them this amount and at the same time provide consumers with much cheaper coal.

### Lincoln Bandit Robs Home While Victims Look on

#### By International News Service.

Lincoln, Nov. 16.—While Mr. and Mrs. A. W. Nelson looked on, a masked bandit robbed their home this morning of a \$200 fur cape, \$8 in cash and some jewelry. Mrs. Nelson awoke about 5 a. m., and, turning on the lights, was confronted by the burglar, masked and armed. The robber leveled his revolver at her and told her to be quiet and turn the lights off. Then Mr. Nelson awoke and the robber asked him calmly where he kept his money. Mr. Nelson said in his drawers. Then the bandit rifled Nelson's pockets and after deliberately investigating every likely hiding place for money or valuables, made his escape. No trace of him had been found up to noon today.

### It's Safe to Use Auto Weather Man Gives Assurance to Fans for Football Game

#### Forecast for Game in Lincoln.

"It's going to be a fine day for the football game in Lincoln," M. V. Robbins, Omaha's weatherman, predicts. A large crowd of motorists expect to attend the Central-Lincoln high school football duel at the capital. "Fair today, not much change in temperature," is the official forecast. Yesterday Omahans continued to enjoy clear weather, although at times the sky was slightly overcast and there was a nip of autumn in the air. The mercury showed a decrease from the marks recorded the day before. At 7, the temperature was 42 degrees, where it clung until 9. An hour later the mercury was depressed to 41 degrees, but at noon the thermometer again announced 42. At 3:30, Omahans were still buttoning their coats, while a north-west wind breezed along at 12 miles an hour. The temperature had risen to 44 degrees. Clear weather was prevalent yesterday through most of the country. No rain fell at any point west of the Mississippi river. Precipitation was reported at Buffalo, Toledo, Boston and Washington, while parts of the Dakotas, Nebraska, Iowa and northern Illinois gazed at Old Sol through a screen of clouds. Other parts of Illinois and eastern Wisconsin were cooled by autumn showers.

### Power and Light Company Permitted to Issue Bonds

#### Lincoln, Nov. 16.—Albert Emanuel and others were granted permission today by the state railway commission, when they conclude organization of the Union Power and Light company, to issue \$1,500,000 of 6 1/2 per cent 30-year bonds, \$400,000 10-year bonds, \$250,000 7 per cent cumulative preferred stock and 30,000 shares of common stock. The company is to operate plants recently purchased at Columbus, North Platte and Aberdeen.

### Failed Neligh Bank Will Reopen Under New Name

#### Neligh, Neb., Nov. 16.—The closed Atlas bank of this place will open for business next Monday under the name of the Antelope State bank, with a capital of \$50,000.

### New Grand Island Hotel Is Formally Opened

#### Grand Island, Neb., Nov. 16.—The new Hotel Yancey was formally opened last night with an elaborate dinner and dance under the auspices of the chamber of commerce. Prominent among the speakers were Judge J. W. Woodruff of Omaha and Governor Charles Bryan. About 300 guests attended. The building was commenced in 1915, was stopped by the war, sold at foreclosure and only recently completed.
