

**Omaha Now Has  
Permanent Stock**

**New Empress Retains Graves  
Players for Indefinite  
Engagements.**

Omaha joins the ranks of large cities having a permanent stock company with the appearance of the Graves Bros. players at the New Empress.

After experimenting with several companies, the success of the present organization resulted in negotiations to keep the company here for an indefinite period with a change of stage attractions every Saturday.

Palmer Hines, the producer, is one of the best known directors in the country. He has been in charge of several of the George M. Cohan successes. In Roy Kinslow, the company has a funmaker who has appeared in a number of Broadway productions. Members of the supporting cast have been recruited from leading companies all over the country.

The organization will be augmented from time to time with additional stars. Peggy Mayo, who has been ill for a number of weeks, is expected to join the cast in about 10 days. Wayne Christy, a comedian, will be added to the company December 7. With two comedians of opposite type, the organization will be in position to play almost any of the established attractions.

Among the plays in view are "Up in Mabel's Room," "The Hottentot," the stage version of "Way Down East," "Sis Hopkins," "Bluebeard's Eighth Wife" and "Parlor, Bedroom and Bath."

**Shippers Body to Act  
on Glutted Markets**

Lincoln, Nov. 24.—H. G. Taylor, chairman of the state railway commission, left tonight for Pocatello, Idaho, where he will attend a meeting of the shippers' regional advisory board.

The board will discuss a proposed daily telegram from the railroads to livestock centers, reporting the day's loadings and orders; it having been suggested that such a plan will help to eliminate a glut of the livestock market.

The meeting will also endeavor to answer the question, What studies of general economic conditions affecting production, marketing, and transportation shall commodity committees undertake? Nebraska, Idaho, Utah, Colorado, Wyoming and Council Bluffs will be represented at the meeting, which is the third since the board came into existence.

Spirits of nitre or camphor will clear up that nasty fever blister.

**ADVERTISMENT**

**Rupture Not  
Dangerous**

The Real Danger is Not from the Rupture itself, But from the Hard Pads and the Pressure of the Spring of the Usual Style of Truss.

The Brooks Appliance is the Only Strictly Modern and Entirely Comfortable Way of Holding a Rupture.

**SENT ON FREE TRIAL**

This Man is Ruptured Yet Plays Football Safely—Because He Uses A BROOKS APPLIANCE

Just because you are unfortunate in being ruptured is no good reason why you should not freely engage in every form of athletic sports, dancing, skating and all amusements.

A Brooks Appliance will hold firmly yet with perfect comfort at all times and under all conditions. There are no hard pads nor springs of any kind about a Brooks Appliance. A soft, pliable rubber air cushion is so shaped as to firmly cling to the body and hold the rupture back just as you would do with the pressure of your hand.

The percentage of permanent cures that the Brooks Appliance makes is astonishingly great. Over 21,000 people—all ages, men, women and children, new cases and old—have given written testimony of cure.

A FREE TRIAL is always allowed. Do not be deceived by counterfeiters and so-called "Brooks Model." Look always for the trade mark and signature of C. E. Brooks in gold upon every genuine Appliance.

The success of the Brooks is due to a secret that truss makers have never discovered, so shun imitations if you expect satisfaction.

Fill out coupon and mail TODAY. Tomorrow will do, but today is better.
