

### Fears of High Clash Dispelled

#### Aftermath of Central-Tech Game Boisterous But Peaceful.

Central and Technical High school authorities, expecting much excitement and feeling as a result of the Tech-Central football battle Saturday afternoon, requested pupils to refrain from demonstration in celebrating the result of the game.

The caution was unnecessary for Central pupils, for the result gave them nothing to celebrate. Their team was defeated.

Technical High school pupils could not resist celebrating the victory of their school, however. They staged a "snake" dance in downtown streets and collected in groups to cheer on prominent downtown corners.

So joyous an affair was it for Tech, indeed, that many members of the faculty admitted they were inclined to join with the pupils. They refrained, however.

A majority of the several thousands of Central rooters, plunged into despair, gloom and melancholy, wended their way homeward in silence. A few, however, also marched through downtown streets, pausing occasionally to hoot at the Tech celebrators and warn them to "wait till next year." No conflicts resulting from the game were reported, however.

### ADVERTISMENT.

## DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney troubles because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

### Dog Beats Kiddies in Rush to Greet Santa

When Santa Claus, piloted by Jack Knight, famous air pilot, landed on the hill at the Field club yesterday morning, thousands of youngsters, in a mad scramble to reach Santa first, were outdistanced by Dick, a big Collie dog belonging to one of the boys. Dick jumped on the plane and got the first piece of candy that Santa distributed.

Tots, too little to walk, were carried; others came, packed nine and 12 in one machine, and whole neighborhoods of youngsters banded together to approach Santa and give their Christmas lists.

One small boy, dressed in overalls,

pushed to the front of the crowd and gave a list of toys that would fill a storeroom, while another little girl timidly asked for one doll that could close its eyes.

T. P. Redmond, vice president of the Burgess-Nash company, was at the club to welcome Santa Claus, and took him direct to the downtowns near Toy Town, where boys and girls who were unable to meet him when he landed, greeted him.

Santa directed the children to Fairyland, the beautiful fairy palace designed and built by Walter Renze, son of Gus Renze, designer of Ak-

Sar-Ben floats. Here the fairy queen, guarded by two gnomes, watches over the Horn of Plenty. Gnomes also mine candy and send it up to earth. Beautiful sunken gardens, fairy castles, stars and varicolored lights all add to this realistic Fairyland.

"We will have a new feature next week that will please the grown-ups as well as the youngsters," said J. F. Dalley, vice president and general manager of Burgess-Nash company. "It will be one of the largest and most unusual affairs ever put on in a department store in this part of the country."

#### County Attorney Questions Witnesses in Liquor Feud Fatal Shooting.

(Continued From Page One)  
cent street, proprietor of a battery station at the place where the shooting occurred, was a hesitant witness. After much questioning he testified in substance that he understood the men who did the shooting were dealers in liquor. They came to his place about an hour before the shooting and asked him for Brunson's address, which he declined to give them. He said he understood there was bad blood between Brunson and the others over the automobile which Brunson is alleged to have purchased from Welter, agreeing to pay him \$450 in cash or 45 gallons of alcohol.

Banker had an argument with Taylor, and fired a shot at him. Taylor took his gun away, removed the bullets, and gave it back. Taylor said he heard Banker telephone Bill Maher. **Makes Admission.**

Asked to identify the men who attacked Brunson outside, he said, "Well, I couldn't see from where I was," but finally admitted it must have been Banker, Welter and Griffin.

Joe Lenczowski, the soft drink man, 4202 L street, testified that Jimmy Griffin came to his place last night about 8 and asked to borrow his car. He said he had a couple of friends outside in another car and he wanted to go home with them and then drive Lenczowski's car back. He invited Lenczowski to go along. Lenczowski went. He said the two cars drove about 20 miles out in the country, after which the car in front stopped, and the occupants, Griffin, Banker, Welter and Brunson, got in his car. Then they drove back to the home of William Unzickien, 1444 North Nineteenth street, where Jimmy Griffin changed his clothes. Welter and Banker told Lenczowski to drive around the block. They were quarreling with Brunson. As he turned the corner at Nineteenth and Charles streets, Brunson leaped from the car and fled. Banker started after him, but later returned to the machine and all the men drove back to the place where they had left the other car. Both cars drove back toward town. Lenczowski's car overturned at Seventeenth and L streets. All the others climbed into the second car, told Lenczowski he was on L street, and to drive home. He did.

### Farmer Fined \$5 for Speeding in Wymore

#### Wymore, Neb., Nov. 24.—The first arrest and fine for auto speeding in Wymore was made Friday afternoon by City Marshal Lyle Latta.

He charged Dwight Yarger, young farmer living five miles northwest of Wymore, with exceeding the speed limit. He had been warned before. His fine was \$5 and costs. The marshal states that the law will be rigidly enforced hereafter.

Bohman makes a specialty of ancient Bellman's songs, which, quaint as they are, generally give their hearers both a thrill and a good laugh. He is also a skilled musician on the "futa," or banjo. At present he is touring the east and receiving very favorable comment in the Swedish papers.
