

Beer in Germany at Bootleg Price

Berlin, Nov. 26.—Beer consumption throughout Germany has fallen off to

such an extent since the last boost in the price to 40 gold pfennings a glass that the brewers association has called a special meeting to consider ways and means of keeping the

22-gallon keg, on November 18, from 29 to 35 gold marks, contending that they couldn't manufacture beer and sell it for less. Therefore drinking greatly diminished.

price a little too much. The retailers reply that they must charge the equivalent of 40 gold pfennings to meet the brewers increase and that the industry will be ruined if prices are not reduced.

Radio Stations Hear Programs in England

New York, Nov. 26.—America's radio fans "listened in" for England for

30 minutes last night. At 10 o'clock every broadcasting station in this country was silenced, while in England, several large stations began sending for the benefit of America.

Ten minutes later the English programs began to be heard. Sounds of piano playing in Liverpool were heard distinctly at the radio broadcasting station at Garden City, N. Y. The same music was heard at Chatham, Mass., and "Hello America" was heard several times at Tarrytown, N. Y.

Endres Pays License.

Sheriff Mike Endres Monday morning paid his \$25 for a tobacco license, for sale of tobacco to prisoners at the county jail, to C. F. Boesie, city clerk. Boesie last week demanded that the tax be paid, after he learned that the sheriff was selling tobacco at the jail.

Schools to Close.

J. H. Beveridge, superintendent of schools, announced Monday that all public schools in Omaha will be closed Thursday and Friday of this week, on account of Thanksgiving, with the exception of Technical High school, which will be closed Thursday only.

New German Oil Formula Rubs Out Rheumatic Pains

Remarkable Discovery Promises Relief to Rheumatic Sufferers German chemistry that has given to the world the boon of Aspirin for the relief of headache pain, and Novocaine for painless dentistry, has now come forward with another scientific discovery that promises to make rheumatic pain a thing of the past for thousands who have suffered terrible torments.

A new combination of certain oils has been discovered, which produces a clear amber liquid that affords immediate relief from pain in many instances. It is so penetrating that it disappears within a few seconds, so that it must be entirely absorbed by the body tissue. Even in the most advanced and stubborn cases the use of this remarkable oil has shown astonishing improvement at once in many cases. Tired muscles regain life, creaking joints with the pain all gone become supple, and the annoying twinges cease.

Rheumatism, in many cases, is due to internal abrasions, such as a blind pus pocket in a tooth, which gives off poisons. These poisons are carried by the muscular and vascular system to the joints, where they combine with the calcium salts of the body to form a hard deposit. This deposit is the cause of the pain.

So astonishing have been the results from the use of this oil that the American distributors have authorized local druggists to dispense it to rheumatic sufferers in this city, with a positive written guarantee. They themselves to return the full purchase price of the first bottle if the rheumatic pains are not wonderfully relieved. All who suffer from rheumatic pains should take advantage of this liberal offer. Unless you get relief from the very first bottle, your druggist will return your money. It is called Buhler Oil, and can be had at most good druggists, such as Sherman & McConnell Drug Co., Heaton Drug Co., Merritt Drug Co., Barney Dugan Drug Co., United-Doekal Drug Co., Saratoga Drug Co., Pope Drug Co., and Haines Drug Co.
