

### Grinnell in Light Workout for Game

#### Same Lineup to Face Creighton That Played Against Ames.

Grinnell, Ia., Nov. 27.—After losing their last Missouri Valley contest of the season to Ames by the close score of 13 to 6, the Pioneers are determined to end the schedule with a victory when they meet the strong Creighton eleven on the latter's gridiron on Turkey day.

The men came through the Cyclone battle without injuries and will probably be in fine shape for the last game of the season. A great improvement was shown in last Saturday's play and it is believed that the Scarlet and Black team has at last found its pace.

**Team in Light Workout.**  
Light workouts will be the order of the week for the Grinnell gridiron warriors. Coaches Edward and Hyland do not wish to run the danger of having any of the men injured, and so will not send them through any strenuous scrimmages. Mock scrimmages and signal practice will hold sway on Ward field.

The same lineup which started the Ames game will probably be on the field when the opening whistle blows Thursday. This combination worked well last week and there is no reason why the coaches should desire a change.

It is doubtful which team will emerge from the contest with the long end of the score. Little direct dope is available, and at best, dope is little more than guesswork. Creighton will fight hard because the Omaha team wishes to show that it is worthy of a place in the Missouri Valley loop. On the other hand, Grinnell has shaken off the jinx and nothing short of a victory will satisfy the team. Such being the conditions, a great battle is bound to be the result, and may the best team win.

### Harvard to Play Dartmouth in 1924

Cambridge, Mass., Nov. 27.—A tentative Harvard football schedule for next year was made known by the Harvard Athletic association yesterday. It lists the following games, arranged subject to the approval of the committee on athletics: October 4, University of Virginia; 11, Middlebury; 18, Holy Cross; 25, Dartmouth; November 1, pending; 8, Princeton; 15, Brown; 22, Yale at New Haven. All games except that with Yale will be played in the Harvard stadium.

An accompanying statement asserted that the game with Dartmouth was not to be considered a fixture for coming seasons.

"The game with Dartmouth," it read, "has been arranged for another year with the understanding, satisfactory to both colleges, that neither is to consider it a fixture. The date (October 25) is one which both colleges wish to keep free for future seasons, in the case that in any year it may seem desirable to take on some other big game, whether intersectional or not."

### HAS GOOD GRID RECORD

Chicago, Nov. 26.—Herbert F. Steger, captain-elect of the University of Michigan football team, has never played in a losing game of football. During the four years that he played halfback and fullback on the championship Oak Park High school here, the school was undefeated. Michigan has had an unusual record for the two years Steger has been its star halfback. The first time the new captain was put in a varsity game his signal was called and he ran 60 yards for a touchdown.

### McTigue to Fight Beckett in March

New York, Nov. 27.—Announcement of acceptance of a 20-round match with Joe Beckett of England at Dublin next St. Patrick's day, was made yesterday by Mike McTigue, who took the title of light-heavyweight champion of the world from Battling Siki at the same place last March 17. McTigue said the battle would be for the heavyweight championship of the British empire, but dispatches from London last Thursday said that the title had been abandoned by Beckett after his humiliating defeat by Georges Carpentier and was held by Frank Goddard, who defeated Jack Bloomfield in a bout held to determine the new champion.

### Middies Rest Up for Next Season

Annapolis, Md., Nov. 27.—The Naval academy expects to go west for a game at Pasadena, Cal., on New Year's day with a football team in much better physical condition, stronger and more proficient in every way than that which played the game against the military academy eleven in New York last Saturday.

The players will take a full week of rest and keep as far away from football as possible, and will then begin special preparation for the Pasadena contest.

Most of the regulars were on the road to recovery prior to the Army game, and the first effort of those connected with the team will be to get them exactly right.

It is likely that a representative of the naval academy will take a trip to Pasadena at an early date and confer with the authorities of the Tournament of Roses under whose auspices the game will take place.

Chick Evans, western amateur golf champion golf player, now is busy staging a financial comeback at a fashionable winter resort. Evans was hit hard in the grain business and is busy getting back on his feet. "Golf can come later," he says.

### Stribling Wins Decision Over Egan at Boston

Boston, Nov. 27.—Young Stribling, schoolboy light-heavyweight of Marion, Ga., was awarded the decision

over Joe Egan of Dorchester after a dull 10-round bout here last night. Stribling weighed 166 pounds and his opponent 163.

The Georgia schoolboy was jeered by a section of the audience and there were frequent references to his battle with Mike McGuire at Columbus, Ga., and to "the K. K. K." Egan was on the defensive throughout and the only attack displayed by Stribling was a club-like right to the head.

Give a thought to the Kiddies

Perhaps you have been a bit thoughtless and haven't considered that there is any connection between your boys and girls and the newspaper that comes into your home. But the connection is there and it is a vastly important one too. As the guiding hand of the destinies of these little folks, you owe them serious thought to the newspaper they read.

Every day in The Evening Bee there is a "Burgess Bed Time Story" for the little tots. Mr. Burgess, who is writing these interesting little tales of Nanny and Danny Meadow Mouse for The Omaha Bee is perhaps the most widely read of juvenile writers. In the Sunday Magazine Section the Doings of the Go-Hawks, the Dot Puzzle, and the Cut-Out Fashion Family give the children a real treat. It is their "Happy Land" and they turn first to it on Sundays.

There isn't a doubt but that your children are influenced by the newspaper you are taking. If you are honestly giving thought to your kiddies you will give them the advantages of the interesting, constructive, and clean features of The Omaha Bee.
