The report of City Commissioners Joseph Koustky, John Hopkins and H. W. Dunn on the recent water pert today gave up his attempt to situation, was adopted by city coun form a new German government to cil Tuesday morning, Mayor J. C succeed the Stresemann cabinet. He Dahlman and Commissioner D. B.

The committee reported that in its opinion the recent hearing showed that F. P. Larmon, former chief engineer "rendered efficient service and was on the job at all times; also that . A. B. Hunt, former superintendent of the Florence plant, "was faithful and did all within his power

obtain efficiency." Manager Must Devote Time.

"Your committee also reached the onclusion from evidence offered, that the general manager should devote his entire time to the workings of the Metropolitan Utilities district," report reads. "It developed at the hearing that the general manager failed to give the performance of all the duties under his supervision, sufficient persinal attention to see that the various departments were performing efeciently and co-ordinating to the fullest extent. We recommend that the new manager give these matters more personal attention.

Mayor Dahlman explained that h voted against the report because most committee have already been put into effect by the board of directors of the utilities district or are under advisement. The mayor is a director of the utilities district.

Report Emphatic. The committee recommends that work on the new 48-inch main from Florence be pushed; that additional pipe lines be laid to carry water from pump building at Florence be made

With reference to various needed mprovements mentioned in the report, the committee reports that: "In this connection, however, it has been found that the work ordered by the management, as above indicated, was after the recent food riots, now has being carried on with proper expedition and with as little interference with the operating department as the offense of which Angus McDon-
