WILL FOOL GIRLS IN OWN HOME TOWN

Sends Evening and Afternoon Dresses to Dresser's Expert Dyer.

"You know how folks back home in Kalamazoo will talk if I come home the Christmas after I've been married without any new clothes."

Margaret Price Snell, who has made her home in Omaha since her marriage last March, told the girls that she was going to slip one over on the folks in her home town.

She is sending her formal evening dress and two flat crepe afternoon dresses to Dresser Brothers' expert to be dyed the new winter shades.

She sent them to Dressers because she knows that with nine of the leading cleaners of the United States they spend \$15,000 every year for research work.

Dressers are not only dyers and cleaners, but haters, furriers, tailors, rug cleaning experts and maintain a cold storage plant for furs, rugs and clothing.

The Best Cough Syrup is Home-made.

Here's an easy way to cure it, and you have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.
