Liquor Used in Football Game, Claim

Hastings High School Officials File Charge Against Grand Island Coach and Players.

Counter Charges Filed

Grand Island, Neb., Dec. 6.—Charges that intoxicating liquor was used by the Grand Island high school football team to increase fighting spirit during the Hastings-Grand Island game were filed with the Nebraska state board of control by officials of Hastings.

The charges further state that the players were deliberately coached to rough tactics by Grand Island instructors and that similar disorderly conduct was evident in the games at Broken Bow, Lincoln and other points.

Grand Island authorities have cancelled all basketball games with Hastings and are preparing a vigorous defense of the Hastings charges. Football contests between the two schools may be barred for 1924.

Hastings team came to Grand Island on Thanksgiving day, undefeated. It was followed by a large number of boosters and there were evidences of their complete confidence in taking away the game. They were accompanied by a band and their enthusiasm was high. They were defeated by a score of 39 to 0.

The merits of the game appear to have been such that in filing their charges with the state board the Hastings authorities waived any claim that the game should not be counted or modified.

Other Towns Complain.
In connection with the affidavits, telegrams were sent to Broken Bow, Fremont and Aurora, all complaining of the disorderly playing of the team away from home.

That the Grand Island coach openly urged dirty football and that the players followed directions.

That because of Grand Island tactics there was some retaliation by Hastings.

That the game finally went out of the control of the officials, citing an instance in which Kelly, Hastings player, had tackled a Grand Island player and had him down for the third time before the referee blew the whistle.

That there was intoxication in the crowd. (This charge being contained in the affidavits of a number of Hastings women that language of a most insulting nature was openly used.)

That a group of young fellows back of the grandstand spat upon the members of the band.

That appeals to the police were either laughed at or were met with a statement that they could do nothing.

Principal Johnson Noncommittal.

It is stated that members of the state board made some informal and preliminary inquiry of Principal Johnson of the Hastings schools, the reply of the latter being that he had been ticket window during the early part of the game and had not observed what was going on on the grounds.

The state board fixed no date at which the hearing of these charges will be held.

The local school authorities will make a defense, in some instances even by pictures of the plays.

Affidavits, they say, will be shown of such incidents as a Hastings fan throwing lime in the faces of Grand Island players.

Superintendent Gates has asked the athletic board to cancel any games in basket ball made with Hastings this year or, if none have been arranged for, that no Hastings game be booked.

Civil War Veteran Dies.

Norfolk, Neb., Dec. 5.—Funeral services were held here for Andrew N. McGinnis, pioneer of Madison county and a civil war veteran. Mr. McGinnis was born in Ohio 51 years ago. He homesteaded near Norfolk 60 years ago. Member of Masonic lodge No. 55 had charge of the services.
