

Purchase of School Site Blocked by Court

Elgin, Neb., Dec. 10.—The district court has granted an injunction preventing the school trustees of district No. 13, which includes the town of Elgin, from purchasing additional

land for a site for the proposed new high school building. Last July the district voted bonds in the sum of \$70,000 for the purchase of a site and the erection of a new building. To this end the school board contracted for a block of land adjoining the present school site, sold the bonds and advertised for bids for the construction of the proposed new building. The court

made a permanent injunction enjoining the board from completing the purchase of the proposed new school site. This will delay the erection of the new building for some time, unless the board decides to build on the present site of the old building. A small envelope to carry in the evening is particularly appropriate when it is made of cloth of gold.

Speeding Train Is Derailed; None Hurt

Dawson, Neb., Dec. 10.—Burlington passenger train No. 41, bound for the northwest from Kansas City, jumped the track near a small bridge about one mile west of this place. For some unknown cause the truck wheels

of the engine were derailed, and the train, which was running about 45 miles per hour, was brought to a stop after it had run for several hundred feet on the ties. No damage was done to the train and no passengers were injured, but the track was badly torn up, and No. 41, together with two eastbound passenger trains and two freight trains were delayed over three hours.

Norris Introduces Bill for Government Dam

Washington, Dec. 10.—Senator George W. Norris today introduced a bill directing the secretary of war to construct all dams and necessary works for development of a hydro-

electric plant at Great Falls, Va., near Washington. The senator's plan is to attempt to set up competition for certain privately owned utilities in this city and reduce light rates.

Blair Chicken Thieves Get Year in Prison

Bob Stevens was sentenced to three years in the penitentiary yesterday

and Mike Stevens to one year, by Justice Gerald, when charged by the Reliable Detective agency with stealing chickens and stripping cars near Blair, Neb.

Two weeks ago four men were brought to trial by the agency on the same charge, and convicted. Yesterday's sentences bring the total of those caught at this offense since June 1, to 16 convicted.

Only 12 More Shopping Days Before Christmas

Morning hours are best. You can shop more comfortably because crowds are smaller. You can shop more quickly because the joy of the morning makes every one good humored.
