Beltzer and Moon, who attended the meeting of Western league directors, said a committee headed by President Tearney of the Western, is coming to Lincoln at an early date to canvass the situation looking to the transfer of the Sloux City club to this place.

If the transfer is made, accordng to the local owners of the state league club, their only interest in the leal will be the sale or lease of their baseball park to the Western, their understanding being that the league will retain ownership of the club. If the deal falls through Burch will take up the managerial reins and try and pilot the Buffaloes to a pennant with what material he can gather together with the help of his pocket book and all other powers. At the present Burch has an out-

The infield of the club last season was weak at first base and still appears weak at that point. However, Cullop may surprise some of the boys and play a right smart game at the initial sack.

For pitchers the Omaha club has Harry Lee, Byron Speece, Bill Bailey as the nucleus around which to build a hurling staff. Frank Okrie, Mathews, Gerhandt and Darrow are among the pitch ers who will report for spring training. Besides these, Burch has signed Clarence Hanson, Omaha sandlot pitcher, and a hurler by the name of Praul, late of the Norfolk club of the Nebras ka State league.

The catching department is one of the weakest spots on the club. Fred Wilder, George Hale and a recruit by from Chicago and the name of Seimers of St. Louis compose the backstop division of the club at present.
