BLEACHED WHITE FOR FEW CENTS

Thru Marvelous New Liquid

You have always longed for flashing white tecth. And now, at last, you can have them—casily, quickly and safely! For scientists have discovered a marvelous have them—easily, quickly and safely!
For scientists have discovered a marvelous treatment which in just three minutes bleaches the most dingy discolorations from the toeth, leaving them clear, sparkling white and lustrous. This new discovery is called Bleachodent Combination. Consists of a wonderfully mild, safe liquid and a specali non-gritty paste. A few drops of the liquid curdles and softens the most hardened surface stains so that they can be quickly and gently brushed away with the paste. Eleachodent Combination is harmless—cannot possibly affect the enamel, as it acts only on surface stains. Especially recommended by members of the dental profession. Fine for children's teeth, which stain so easily. Get Bleachodent today for a few cents. Note: Do not expect Bleachodent Combination to whiten a tooth darkened by a silver filling, as the discoloration goes below the surface of the enamel, and while the mild action of Bleachodent Combination will instantly whiten dark, yellow tained tooth.

Money re-funded if any cough or cold, no mat-

A Stubborn Cough Loosens Right Up This home-made remedy is a won-der for quick results. Easily and cheaply made,

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept

druggist for "21/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
