

## Farm Measures Championed by Charles H. Sloan

Former Congressman in Race  
for Senate Outlines Views  
on National Problems—  
No Platform Offered.

Lincoln, Jan. 7.—Former Congressman Charles H. Sloan of Geneva has accepted the petitions of more than 2,000 voters, recently filed with the secretary of state, to run for the United States senate. With his acceptance he presented a receipt for the filing fee.

Sloan is the second republican to file his candidacy, the other being Lieutenant-Governor Fred G. Johnson of Hastings.

The former congressman was a candidate for the senate in 1918, but was defeated by Senator Norris at the primaries.

In 1910, he was elected as a republican representative from the Fourth congressional district, and three times re-elected.

While in congress, he especially championed the agricultural interests, and was the author and accredited successful advocate of two measures designed to reduce the northwest farmers' losses; the eradication of hog cholera and eradication of tuberculosis in livestock.

Mr. Sloan was a member of the ways and means committee, being the only republican from Nebraska to attain that position.

Mr. Sloan submits no political platform.

"I believe in the proper and vigorous enforcement of all our laws, especially those which the lawless most numerous challenge," he declared.

"I am in favor of such reasonable amendment of our transportation act as will grant a fair measure of relief to the farmers."

"I believe in the protection of American labor, and American industry."

## GOLDS THAT DEVELOP INTO PNEUMONIA

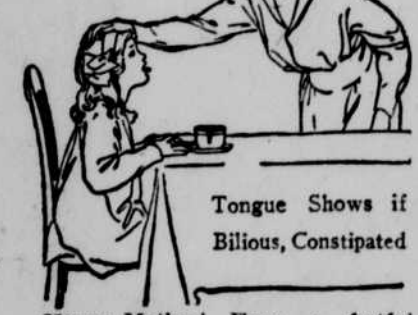

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germs.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.

## MOTHER!

Child's Best Laxative is  
"California Fig Syrup"

Tongue Shows if  
Bilious, Constipated

Hurry Mother! Even a fretful, peevish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## Don't Fuss With Mustard Plasters!

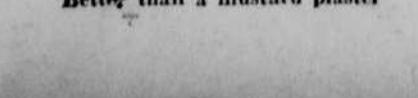

Musterole Works Without the  
Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oils of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 75c jars and tubes.

tries, the farm as well as the factory." Sloan was one of the earliest opponents of joining the league of nations, as organized. He declares he is not opposed to the establishment of a world court, independent of ententes, alliances, or leagues which will represent in a judicial and in no wise political capacity the best thought and most forward civilization of the earth through the judicial representatives of responsible nations.

## School Bodies in State May Unite

Action to Be Taken at Joint  
Meeting of Boards and  
Executives.

Aurora, Neb., Jan. 7.—Program of the joint meeting of the Nebraska Association of School Boards and School Executives and the Nebraska Association of City School Boards, which is to be held in the Yancy hotel in Grand Island January 31 and February 1 has been prepared.

At the meetings of these two associations in Lincoln last year it was agreed that officers should prepare a joint program and in response to this direction, the combined program at Grand Island has been arranged. On the afternoon of Thursday, January 31, there will be a joint meeting of the two associations. Then there will be a report of the organization committee looking towards the consolidation of the two associations.

In the evening there will be a joint meeting, which will be addressed by Gov. A. M. Hyde of Missouri. Friday morning there will be sectional meetings, one meeting for the school board members and one for school superintendents. The afternoon meeting on Friday will be a joint meeting and will be addressed by Supt. J. H. Beveridge of Omaha and John M. Matson, state superintendent.

## Nebraska News Nubbins

WEST POINT—Judge William V. Allent was here from Madison to attend to equity matters in district court. He was accompanied by his reporter, Miss Pearl E. Griffin. Following dates have been set for the Ninth judicial district for next term: Antelope, April 7 and November 12; Cuming, May 12 and December 1; Knox, April 26 and September 2; Madison, March 31 and September 22; Pierce, March 10 and September 8; Stanton, April 28 and November 24; Wayne, February 25 and September 2.

SUPERIOR—Conductor J. Hedberg, working out of here for the Northwestern, has been pensioned after working for the company for 48 years. Mr. Hedberg was running trains on the Chicago & Northwestern when his western terminal was Genoa and has been running in here for 35 years.

WILCOX—Children and their families of Mr. and Mrs. William Mowery joined in the celebration of the 65th wedding anniversary of the parents in the Congregational church. There were 40 present. Mr. and Mrs. Mowery have resided in this vicinity since 1878.

CALLAWAY—Announcement has been received here of the marriage of Miss Whildin Kinney and John Oscar Moran of Pocatello, Idaho, the marriage taking place in Salt Lake City. Mr. Moran is one of Callaway's most successful men, now occupying the position of assistant attorney general for the Oregon Short Line company.

SCOTTBLUFF—This city has a peculiar school problem. During the third school month the enrollment in the elementary grades 1 to 8, increased 75 per cent. This was due to the fact that workers in the beet fields finished their labors and children were free to go to school.

YORK—President W. G. Brooks of the Nebraska Schoolmasters club has announced the first meeting in 1924 for Grand Island, January 31, the dinner to be served by the Yancy hotel. Each of the 150 members have been urged to bring as many members of boards of education as possible as their guests.

CALLAWAY—The Callaway volunteer fire company at a meeting decided to send six delegates to the state convention at Beatrice, January 15, 16 and 17.

BEATRICE—Mrs. William Heikes, pioneer of Gage county who located at Olympia, Wash., some years ago, died at that place after a brief illness, according to information received by her son, George Heikes of this city. She was 72 and is survived by five children.

LINCOLN—State Superintendent John M. Matson has announced the dates of the annual conference of county superintendents to be February 6, 7, 1924. The meeting will be held in Lincoln, with headquarters at the Lincoln hotel.

## Rainbow Sport Clothes Are Hit at St. Moritz

Fleecy Woolen Sportwear Resembling Furs Popular for  
Skating—Designed by  
Parisian Genius.

By Universal Service.  
Paris, Jan. 7.—"Rainbow fashions" are due to hit Lake Placid resorts from St. Moritz, Switzerland, soon with all the velocity of an avalanche.

Positively the greatest and most changeable advance in women's sport wear for winter since skiing became fashionable is the rainbow fashion which resulted from the inspiration of Mme. Lambert, a Parisian genius who jumped into fame early in the winter by the invention of fleecy woolen clothes designed to resemble furs.

The rainbow costume is not varicolored but consists of snow boots, tall leggings which come up four inches above the knee, short knickers fastened to garters, and a tiny, fluffy, outstanding skirt resembling that of a ballet girl and which is so short that it reveals the tops of the garters. Finally there is a thick sweater mounted by a close-fitting bonnet.

But the amazing feature of this dress is that it is all one color—either a vivid crimson, a glaring green, a riotous orange or a stormy blue—from boots and sash to the cap.

Thus, the rainbow effect is produced by a group of skiers, who, attired in these outfits, provide a magnificent panorama of color against the background of blinding snow.

St. Moritz, where there are quite a number of Americans enjoying the winter sports, has gone mad over the new style.

The Mrs. Sudreus, who before she married the Paris detective and his son were the widow and daughter of Emperor Jacques Lebaudy, inheriting his enormous sugar fortune, with their husbands are among the leading gamblers at Cannes, where the

## Bakers to Seek Repeal of Split Loaf Bread Law

Claim Is Made Buyers Prefer  
1 1/2-Pound Loaves, Which  
Last Families for  
One Day.

Columbus, Neb., Jan. 7.—Columbus bakers assert a statewide effort is soon to be launched demanding the return of the right of the retail bakers to sell split loaves of bread.

A short time ago the food commission declared the split loaf illegal since the state law requires every loaf sold, regardless of the price, to weigh one pound. The split loaf weighs one and one half pounds and under the ruling of the state authorities is illegal because the next sized loaf should weigh two pounds regardless of the price it sells at.

Bakers declare that more than 40 per cent of the housewives, if they can't buy the split loaf bake their own bread since the 1 1/2-pound loaf is just enough for one day's use of

## Chinese Bandits Kill Britisher

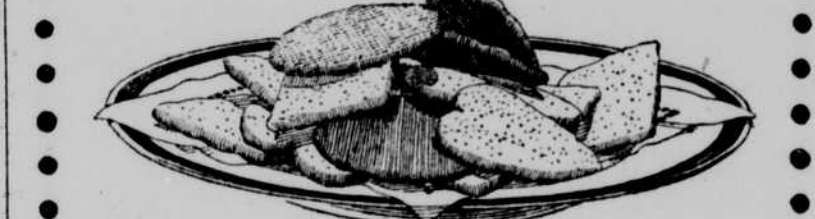

Shanghai, Jan. 7.—Chinese river bandits attacked the Dollar Steamship company steamer Tadaui while it was anchored for the night near Fung Tshien between Chukwang and Ichang and killed Captain F. J. Brandt and one Chinese. Several Chinese passengers were wounded by the robbers.

Captain Brandt was a Britisher. Mrs. Brandt, residing here, when informed of the death of her husband, said she already knew it, having dreamed Saturday night of seeing the captain on the bridge struggling in the midst of a crowd of Chinese.

## Crawford Kennedy Gets Job in U. S. Senate

Washington, Jan. 7.—Crawford Kennedy of Lincoln has been appointed assistant sergeant-at-arms in the United States senate. For a number of years Kennedy held a similar position in the house of representatives. The new position pays considerably more money. The appointment was made at the behest of Senator R. B. Howell. Kennedy was the republican candidate for secretary of state at the last election.

## She couldn't keep the cookie jar filled

NO MATTER how often she baked, she couldn't keep the cookie jar filled. Mysteriously the little golden disks of sugary goodness disappeared. Little appetites simply couldn't resist, they were so light and flaky and nice.

But mother just smiled good naturedly—because she knew! It was Omar Wonder Flour that made such irresistible cookies!

Baking with Omar Wonder Flour gives you a feeling of satisfaction. You are never disappointed, results are always the same. No matter what you bake—pies, cakes, bread, rolls, muffins, griddle cakes or biscuits—they invariably have a lovely fineness of texture.

Omar Flour owes its goodness to a special selection of spring and winter wheat. It is especially rich in gluten—the nutritious, life-giving element.

You will never regret that you tried Omar. Order your trial sack from your grocer to-day.

More and better bread from every sack—  
or your money back

## Girl Ill. Due to Ragged Shoes

Feet Exposed to Cold on Way  
to School—Doctor  
Shakes Head.

Today your money may save a young life by providing shoes to keep the little feet warm and dry during the bitter weather of winter.

Little Nina came to school today, smiling. But her teacher soon noticed a cough. Nina's shoes were found to be mere shells with scarcely anything left but the uppers. Her poor little feet were cold and wet. And Nina was found to be ill. Exposure to the cold had done it.

She was sent to her poor home and to her poor bed. A doctor was called in. He shook his head. And all because Nina didn't have shoes.

Can you help? Will you? Send or bring your contribution to "Free Shoe Fund, The Omaha Bee."

## SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ-killing properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm. It seldom fails to remove the treatment and disfigurement, and you do not have to wait for relief from eczema. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowle's Mentho-Sulphur from any good drug store and use it like cold cream.

## Every Woman Should Be Interested to Know Why We Feature Nemo Corsets So Conspicuously During the White Sale Each Year

We feature Nemo Corsets so conspicuously during the January White Sales each year because each year the makers of Nemo Corsets offer some distinctively new model that is timely in its utility and exceptional in value. This year it is a model that is destined to become exceedingly popular because it can aid so great a group of women in securing the fashionable figure lines which it promotes.

The Diafram-Controlling Corset, as illustrated, brings the desired straight flat back, while it controls any excess flesh that may have accumulated in front above the waistline; it is so constructed that the flesh is not crowded over the top of the corset, but instead is covered by it.

That part of the corset which covers the groin section has been reinforced and fits snugly to the body, forming an anchorage, so that the abdomen is supported from below; sizes to 36.

## The Nemo Circlet Means That You, Too, Can Have a Trim, Smart Figure

To have a fine figure is just a matter of correct corseting, and a Circlet completes this corseting. In our present showing of Circlets, there is one which is designed to meet your specific requirements, and to help you in acquiring the figure you want. The New Circlet No. 1924 does just this for every woman. This is made of pink batiste, with the Diafram-controlling feature made of coutil for service; sizes 34 to 48. Special at **1.00**

Third Floor—North
