Kansas City Doctor Invents New Truss

New Discovery Heals Rupture Without an Operation.

Kansas City, Mo.—(Special).—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, the well known Hernia specialist of this city. The extraordinary success of this new method proves that it holds and holds a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away their trusses and declare their ruptures absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The Bee who writes him at his office 150-H Koch Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Omaha Business Groups Uniting to Advertise City and State in Campaign That Will Stimulate Whole Community

This is the Birchwood apartment at Forty-eighth and Dodge streets which has been sold by E. W. Stoltenberg to Joe and Aaron Wolf.

Byron Hastings and I. Shuler are prominent realtors who are leaders in the Omaha Real Estate board's campaign to advertise Omaha.

The plans of the Omaha Real Estate board to advertise Nebraska are taking definite form.

The action of the Associated Retailers of Omaha in voting unanimously to join in the work is attracting the attention of other business groups.

A group of lumber dealers have joined hands with the Real Estate board. They notified Ireneus Shaler yesterday that they would make up a fund of \$2,100 to add to the total to be used in the advertising campaign.

The Chamber of Commerce is helping and indications are that it will have the united support of the community. The plans inaugurated by Ireneus Shaler, and the members of his committee are being referred to generally as civic "statesmanship."

The program contemplates bringing into it all the citizens of Omaha, men, women and children, and the foundation is being laid broad enough to make this possible. It will be more than an advertising campaign; it will be a plan of community stimulation. Attention will be given to the big economic factors that make up the foundation of business life and upon which the pay rolls are built, and, in addition, attention will be given to the homes of the city and to the home surroundings.

The "home beautiful" is more than a name in Omaha. Real estate men have given expert attention to the laying out of subdivisions and to the building of beautiful homes. This feature of Omaha's growth is constantly being studied.
