

### Experts Plan to Mortgage German Rails

#### To Total 10,000,000,000 Gold Marks and Be Placed on World Market—Interest to Pay France and Others.

Paris, Feb. 19.—The expert committee examining into Germany's resources have reached a general agreement on their report to the reparations commission, according to information from authoritative quarters today. They have decided, it is stated, that instead of the formidable loan to be placed on the international market previously suggested, a mortgage of approximately 10,000,000,000 gold marks on the German railway system and other sources of revenue of the German government shall form the basis of a plan by which the allied countries, especially France, will derive regular payments of interest.

### WOMEN! DON'T BE FOOLED

Beware! Not all Package Dyes are "Diamond Dyes"

Always ask for "Diamond Dyes" and if you don't see the name "Diamond Dyes" on the package—refuse it—hand it back!

Each 15-cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint skirts, dresses, waists, sweaters, stockings, simones, coats, draperies, coverings—everything new, even if she has never dyed before. Choose any color at drug store. Refuse substitutes!

### ARE YOU IN NEED OF A TONIC?

Health Is Wealth. You Cannot Afford to Overlook a Word of This Letter.

Cedar Rapids, Iowa.—"I can highly recommend Dr. Pierce's Golden Medical Discovery and also the 'Favorite Prescription'. My father kept the 'Golden Medical Discovery' to take whenever a tonic was required and it always gave entire satisfaction. I took the 'Favorite Prescription' for woman's weakness whenever necessary and was always greatly benefited by it. As I say, I know all about these two remedies and I can highly recommend them."—Mrs. G. W. Little, 1201 South Fifth Street.

### The Hand that Protects the Home!

LIGHT is the hand that protects your home. It warns the intruder that the piercing eye of light is ready to expose him.

Prowlers seldom enter a home where a light is burning.

Because of Omaha's low electric light rates, it costs only a little more than a penny to burn a 25-watt lamp all night.

A Light All Night for a Penny and a Third!

Nebraska Power Co.

The mortgage bonds to be issued would be a first lien on the railways and be divided among Germany's creditors on the basis of the percentage adopted at the Spa conference in 1920—France 52 per cent, Great Britain 26, Italy 10, Belgium 8, with the remaining 4 per cent divided among the other allies.

### International Loan

A relatively small international loan will also be recommended to help Germany set up the proposed national gold issue bank. In this loan American financiers will be asked to invest. Its amount remains to be fixed but it will probably not exceed \$500,000,000. If the plan is accepted by the allied governments part of this loan will be offered in the American markets.

### A Real Asset

The proposed mortgage on German resources would not involve the advancement of any money to Germany by the holders of the mortgage securities but it would be represented by the issue in Germany of marketable German paper guaranteed by those resources. The interest will probably be 6 per cent.

### 13 Perish in Fury of Gotham Fire

#### Flames Sweep Rapidly From Basement to Roof of 5-Story Tenement.

New York, Feb. 19.—Thirteen lives were snuffed out in a few minutes in a fire believed to have been of incendiary origin which early today swept from basement to roof of a five-story tenement in the heart of New York's East Side ghetto. Seven of those killed were children.

The blaze, unequalled in rapidity in the annals of the fire department, flared up at the staircase, fanned by draft from the tenement's open front door, blocking escape of the eight families who occupied the building.

Some of those in the two upper stories, awakening to find the flames at their bedside, met death before they could even try to dash through the roaring furnace with which they were confronted.

### Tubes Inserted in Baby's Nose

#### Infant Born at Omaha Hospital Unable to Breathe—Now Doing Well.

One of the most unusual baby cases ever at an Omaha hospital is the eight-pound baby born to Mr. and Mrs. Israel Krasne of Council Bluffs two weeks ago.

The baby had a perfectly formed nose, but couldn't breathe because its tongue would fall back, preventing use of its mouth for breathing. Upon examination the doctor in charge found that the two turbinate bones behind the bridge of the nose had formed together in such a way as to obstruct all passage of air through the nose.

hearing 5 per cent interest and maturing in five years. The United States Trust company bid par, with accrued interest and a premium of \$6,890. These three issues are the first city bonds to be issued under the city's new plan to save interest by reducing the period of outstanding indebtedness. The bid indicates, according to city officials, an easier money market than has prevailed for some time.
