Hear Talk on Hospitals

Presented by Mrs. Arthur Mullen Rev. C. B. Moulinier addressed the Omaha Council of Catholic Women. at the Brandeis restaurants. Tuesday, Father Moulinier is president of the

of Surgeons. He said in part:

"There is no place where woman the best, where education is more important, than in hospitals.

sisters are giving their lives to the work; 70,000 members of the medical pitals and 25,000 lay nurses, being trained. Four million people pass through these hospitals each year. From 8,000,000 to 10,000,000 people ass through all hospitals each year in linent are sisters' hospitals. Though sisters' hospitals number only onefourth the total, their capacity brings the number of beds to one-half the total.

Rev. Mr. Moulinier believes that in five, at most 10 years, nurses will do regular academic work and receive re 11 university nurses' training chools in the United States. Cost of training of nurses and doctors and hospital aids is increasing. Cost of living and equipment are higher. People must be prepared to pay more for the service they receive.

"It costs from \$800 to \$1,000 train a student one year. His fee cannot be made higher than \$250 or \$300. The difference must come from endowment or some other source. One-third of the endowment fund at Marquette college, Milwaukee, (with which Dr. Moulinier is associated) was given by the Carnegie corporation

bundle. "The practice of splitting fees is unfair, unjust and reduces an honorable profession to a commission busi ness. It does not mean that the best surgeon is secured. A profession is a body of people who render service. first, because of the service and only econdarily should a professional man think of the fee.

"Life comes before religion. We can't have normal religion and normal thinking unless we have health. The sacredness of human life is the basis of civilization.

Stages "Macbeth"

The Shakespearean tragedy, "Mac beth," will be staged by the English and expression classes of Blessed Sacrament high school, Thirtieth and Curtis streets, on the night of Feb ruary 28 in Creighton university au ditorium.

The work of the pupils is under the direction of the Ursuline nuns of Louisville, Ky., who have been in charge of the school since its establishment four years ago. Although this marks their first public appearance in dramatic work, their training places these students far above the average amateurs, as those who have seen the cast in practice have al ready attested.

Tickets may be had at the Catho lie Daughters club, Paxton block, or at Elessed Sacrament school.

Cowell Will Address D. A. R. at Colonial Banquet Robert Cowell will address Omaha chapter, D. A. R., at its colonial ban quet at the Burgess-Nash tea room Friday evening at 7. Music will be furnished by the Italia orchestra, directed by Angelo Lupi.

Patronize Local Factories---

When we buy Omaha made goods we help to increase the number of employes, and insure prosperity, for these employes must buy merchandise and pay rent. Omahans are endorsing this principle by buying

The Overdraft Furnace

which has been installed in thousands of homes, producing plenty of heat at less cost, due to the remarkable overdraft principle built into it. Our furnace will save for you a ton of coal in one season.

It Has Made a Great Name

In Greater Omaha we sell and install this furnace direct from the factory. It is sold by reliable dealers outside of Omaha.
