State to Start Making Contracts Today for Projects Which Will Total Over \$1,000,000.

Lincoln, Feb. 25.—Bids will be received here, starting tomorrow, for highway construction, costing approximately \$1,074,900.

County board of commissioners of counties where the work is located have been asked to be present or send one of their number to represent them when the bids are opened.

Under the "anti-tenting law," bids are received and opened the same day to prevent information regarding competitive bids from reaching bidders before the date of acceptance. Evidence of collusion is sufficient to reject all bids submitted under the law.

Bids will be received Tuesday for gravel surfacing 14 miles on the D. L. D., west of Harvard; 22 miles on the D. L. D., east and west of Hastings; 4 miles between Dorchester and Friend, one mile east of Crete and six and one-half miles from Hastings north.

February 25 bids will be received for three and three-fourths miles of sand-clay surfacing in Nance county; between Fullerton and Central City; five miles of gravel surfacing in Boyd county, between Lynch and Monowi; six and one-half miles of sand-clay surfacing, from Clearwater west, in Antelope county; nine and one-half miles in Madison county, between Battle Creek and Meadow Grove; 13-1/2 miles of gravel surfacing between West Point and Winner in Cumming county; eight and one-fourth miles of gravel on the Lincoln highway, from Schuyler east in Colfax county; six miles of gravel surfacing on the Lincoln highway, between Central City and Clark.

February 25 bids will be received for two and one-half miles of hard surface paving on the Lincoln highway west of Omaha, this connection completing almost 50 miles of continuous hard surface paving on the Lincoln highway from Omaha to Ames. Twelve miles of gravel surfacing between McCook and Culbertson. Seven miles of gravel surfacing west of Bridgeport. Five miles of gravel surface between Levelland and Oshkosh. Eleven miles of gravel surfacing between Grant and Elsie in Perkins county. In Buffalo county bids will be received for three and one-fourth miles of gravel surface from Elm Creek south to the Platte river on the Holdrege road. From Kimball to Bushnell, nine miles of gravel surface in Kimball county. Eight miles of gravel surfacing in Chase county, between Imperial and Champion.

The total estimated cost of this work is about \$1,074,700, which includes grading at from \$200 to \$3,600 per mile to \$5,900.

The Day in Washington

William Phillips, under-secretary of state, was nominated to be ambassador to Belgium.

The house voted to increase the estate taxes carried in the revenue bill.

Secretary Weeks, before the house insular affairs committee, opposed Philippine independence.

The house Indian committee proposed a joint congressional investigation of administration of Indian affairs in Oklahoma.

It was learned that Joseph M. Dixon, governor of Montana, is being seriously considered for secretary of the navy.

The supreme court held invalid the act making state workmen's compensation laws applicable to stevedores working on vessels lying in navigable waters.

President Coolidge told members of the house pensions committee he was opposed to enactment at this time of pension legislation involving any considerable drain on the treasury.

Attorney General Daugherty wrote a letter to Senator Willis, republican, Ohio, saying he had dealt in Sinclair oil stock, but had not misused official information.

Senator Walsh, democrat, Montana, characterized as a "deliberate and malicious" misrepresentation a statement by the news bureau of the republican national committee, which said the naval oil leases were made under an act sponsored by him. The senate oil committee examined C. Bascom Slemm, secretary to President Coolidge, hearing Washington bankers testify as to accounts of Edward B. McLean and recalled for a short time H. Foster Bain, director of the bureau of mines.

"It's All Politics," Is "No Scandal," Declares Doheny

Central Figure in Oil Investigation Says the Democrats Are Playing "Cheap Politics."

By International News Service.

New York, Feb. 25.—E. L. Doheny, central figure in the oil lease investigation in Washington, today branded the whole affair as "political." He accused the democratic party of "playing cheap politics" at the expense of good men's characters and declared Senator Walsh, democratic leader of the senate investigation, has presidential aspirations.

Senators demanding the retirement of Attorney General Harry M. Daugherty were bitterly denounced by the oil magnate who described them as "character assassins and men with chocolate éclair spines."

Senator Borah, republican, and Senator Wheeler, democrat, chief critics of the attorney general, were also assailed by Doheny.

"Wheeler lied when he said Daugherty was a friend of mine," Doheny declared. "Four years ago Borah said I contributed \$50,000 to Major General Leonard Wood's campaign fund. I asked him to correct this statement. He never did it. He stands convicted of lying."

Doheny declared Secretary of Navy Dabney's resignation was forced "in the hue and cry" and he expressed the belief that President Coolidge would not allow Attorney General Daugherty to be ousted from his position.

"There is no oil scandal—no one has been corrupted," he said.

Washington, Feb. 25.—Senator Wheeler, democrat, Montana, today charged E. L. Doheny, in attacks on him was trying "to draw a red herring across the trail of the oil investigation."

Mr. Doheny had requested that Mr. Wheeler be called before the committee in connection with a senate speech mentioning the oil operator.

Senator Wheeler said he had obtained no information regarding Attorney General Daugherty or Mr. Doheny from Gaston B. Means, former Department of Justice operative, although Means had called on him. Means was indicated last summer in connection with a pending Pennsylvania case involving charges of sale of alleged influence with the Department of Justice.

Chicago Trades Unions Ordered Reinstated

New York, Feb. 25.—Heads of the American Federation of Labor's building trades department in session here today with Chicago and Cleveland representatives prepared an ultimatum ordering unions which bolted the building trades council of Chicago because of the Landis award to reinstate themselves not later than March 18.

Federation officials declared the building trades wars in Chicago and Cleveland were analogous to the situation that prevailed in New York city a year ago. They indicated they were prepared to take the same drastic action they took here—to disbar the defiant unions from the American Federation of Labor and set up a new building trades council.

MacArthur also issued a statement announcing that "as the suggestion and demand of the national farmer-labor party of the United States," Frank E. Searway and August Lutken are no longer connected with the farmer-labor party of Colorado.

Got \$50,000 for Halting Bankruptcy

Missourian Charges Former Secretary for Using Influence With Government to Enrich Law Firm.

St. Louis, Feb. 25.—United States Senator James A. Reed, informally opening his campaign for the democratic presidential nomination, charged William Gibbs McAdoo, former secretary of the treasury and an opponent for the nomination, expected to receive \$1,000,000 in "legal fees" from E. L. Doheny, oil magnate, the Charles W. Morse interests and motion picture concerns, although he "did not appear in a single law suit."

"I am asking the endorsement of the democracy of Missouri and of the nation for the presidential nomination," he said. "McAdoo publicly announced that he did not intend to enter the list against any of the candidates, but for reasons which are satisfactory to himself, he has singled me out as an exception to his general rule. He comes into the state of Missouri and is receiving some support."

"Having been invited into the arena I come and give my reasons why the attorney for Doheny should not receive the endorsement of the Missouri democracy."

"Doheny came to Washington. He was in search of influence and to obtain it was willing to expend large sums of money. Although there were tens of thousands of lawyers of distinction and ability in the United States, Doheny took into his employ five cabinet or ex-cabinet officers."

"Doheny swore that he employed McAdoo shortly after he left the cabinet, which was on December 16, 1918."

"For his services at Washington, McAdoo was paid \$100,000. He was removed from that field of endeavor when the democratic administration was succeeded by the republican administration. Such is Doheny's own testimony. It remains uncontradicted."

"But Doheny was not the only man who bought influence. There was Morse, who secured lawyers and paid them in commissions on coal contracts with foreign governments."

"Morse will be remembered as the gentleman who wrecked a string of ships. He got into the penitentiary by fraudulent methods and he got out by fraud."

"After his release from prison he organized a concern to build ships. For his transactions with the government he was indicted. On Morse's trial McAdoo appeared and testified for the defense. McAdoo's sworn testimony discloses that either before or shortly after he resigned as director general of the railroads, I became a member of the firm of McAdoo, Cotton & Franklin and he resumed the practice of the law June 1, 1919."

"About 90 days after McAdoo left the government employ, he entered the employment of Morse companies. It should be noted that McAdoo's partner, Cotton, had been the attorney for the Emergency Fleet corporation and therefore the shipping board."

"After entering Morse's employment, McAdoo appeared before the shipping board on behalf of Morse's company and read a brief prepared by a lawyer named Gordon. He doesn't appear to have got very far with that case."

Payment Is Secured.

"Thereupon, McAdoo undertook processes with which he was more familiar. He applied to John Barton Payne, chairman of the shipping board, to advance the Morse company \$100,000, representing that it was necessary to have this money in order to prevent a receivership for the company."

"He evidently succeeded in convincing Judge Payne that the payment of this money was absolutely necessary to save Morse's company from bankruptcy, for on September 4, 1919, Judge Payne wired: 'Have arranged to pay over \$100,000 to the Virginia company.'"

"The money thus paid over was government money. It was paid over on the claim that it was necessary to prevent bankruptcy. Nevertheless, McAdoo charged and received for securing the \$100,000, to prevent bankruptcy, a fee of \$50,000."
