

Educators Urge Closer Studies in Citizenship

Declare Destiny of the Public Schools Is Destiny of Nation—Ask for Place in Cabinet.

Chicago, Feb. 28.—Declaring that "the destiny of the public schools is the destiny of the republic," the department of superintendence of the National Educational association adopted resolutions at the closing session of its convention today, calling for a broadening program of education to be offered the American boy and girl.

Increased educational costs must be expected by the American public if proper training is to be given the youth of the land, the resolutions state. They outline at the same time the department's endorsement of American education week, its support for a plan to make the school system of Washington a model for the nation, its backing of the Sterling-Reed bill pending in congress providing for a cabinet department of education, its support of plans to better rural education, to avoid war through education of youth, and to bring law observance through education.

"The nation of the future must pass through the school room, where the traditions of our free institutions are conserved and transmitted. What that future shall be rests with the American people," the resolution says.

The appointment of a committee to devise ways to solve the problem of rural education, to give the country youth the same educational advantages as the city youth, was endorsed.

Expressing the opinion that "our civilization is in danger of being undermined by failure to observe the laws of our country," the superintendents urged that the schools of America stress the fundamental principles of American citizenship; participation in governmental activities and complete loyalty and obedience to its laws.

Tubercular Testing Work to Start in Douglas March 3

Tubercular testing work under the new state regulations will begin in Douglas county March 3. Eight state and federal veterinarians will be in the field and will start work in Valley and Waterloo precincts on the above date. It is expected that Douglas county will be covered in approximately a month's time.

Every cattle owner of the county will be given the opportunity to have his cows tested by the state and federal men.

The work will be carried on under the supervision of Dr. H. T. D. Lackie of the federal department and Dr. C. E. Edwards of the state bureau of animal industry.

Mayor of Ovina Becomes Citizen at Kansas City

Kansas City, Feb. 28.—S. A. Miquez, mayor and assistant postmaster of Ovina, Neb., has become an American citizen. Miquez, who came to the United States 10 years ago, completed his naturalization at a hearing here yesterday.

Funeral for Infant.

Funeral services for Gertrude Dalling, 1-year-old daughter of Mr. and Mrs. William Dalling, 1608 Martha street, who died Wednesday of pneumonia, were held Thursday afternoon at 2 at the residence.

Omaha Orchestra to Play for Brunswick

Frank W. Hodek, jr., and his orchestra are soon to play for Brunswick records, it was learned last night.

The orchestra is being advertised throughout the state and Hodek said last night that if the campaign was successful his orchestra might make its first records within a few months.

The orchestra, organized eight months ago by Mr. Hodek, has been playing at the Roseland Garden. Quality of music was discovered by a scout of the Brunswick people, it is said, and the plans for the acquisition of the orchestra have been discussed for over a month.

Latitude in Call for County Meet

Republican Committees May Issue Calls on Whatever Basis They Choose.

Lincoln, Feb. 28.—County chairmen of the republican party today were advised by Dr. T. W. Bass, secretary of the state committee, that county organizations may issue the call for the county convention "on whatever basis they choose."

The instructions issued follow: "In a recent opinion handed this office by the attorney general, Q. S. Spillman, he has ruled that delegates to the county convention must be elected at the primary election, April 8. The time for filing closes March 8. The republican state committee will hold that each county organization may issue the call for the county

convention on whatever basis it chooses, but we would recommend that the call be liberal.

"That portion of the law which compelled the filing and election in the primary of precinct committee men and women was repealed and we have no law covering that point. The attorney general holds that the state committee may offer a plan for the selection of precinct committee men and women. We recommend that you call precinct caucuses on Saturday, April 19, make your selections—one man and one woman—recommending them to the county convention which is held on April 24, for its ratification."

Meanest Man Again.

Again police have discovered the meanest man in the world. Clifford Sheldon was arrested by Jerry O'Connor, inspector from the city hall, after he had been accused of stealing 40 cents from the cup of a blind beggar at Sixteenth and Douglas streets.

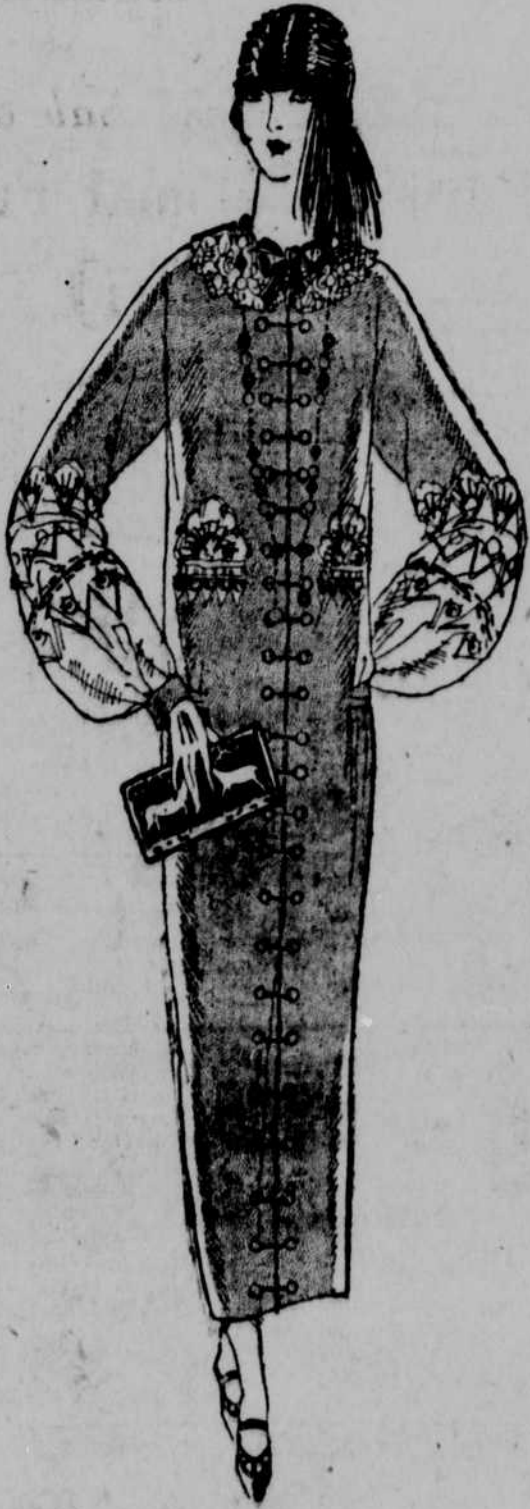

Sheldon is being held on charges of petit larceny and vagrancy.
