Omahan Files for Governor

Lincoln, March 5.—W. F. Stoecker, Omaha, filed this morning as candidate for governor on the republican ticket. He was a candidate for the same office in 1916 on the democratic ticket, but withdrew. In 1909 he served in the state legislature as a democrat. L. B. Johnson and T. J. Cronin, both of Omaha, filed as candidates for secretary of state on the republican ticket. A. L. Sutton, Omaha, filed for district judge in the Fourth district. William N. Jamieson, Omaha, is a candidate for congress from the Second district.

IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids. Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste, also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons. Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

Cudahys Plan Cattle Killing by Electricity

Employe at Omaha Plant Perfects Humane and More Economical Method for Slaughter.

Killing cattle by electricity is to be started soon in Omaha by the Cudahy Packing company to replace the present system of clubbing the animals over the head. Thomas J. Byrnes, of the Cudahy company, has worked for seven years to perfect the invention which is expected to revolutionize an important phase of the packing industry and to save vast amounts of money annually. Byrnes' experiments have been kept secret and his equipment has been hidden. During recent experiments however, several hundred cattle were successfully killed by electricity. Chicago officials of the Cudahy company have been in Omaha to view these experiments, and the company has given all possible aid to the inventor, he says. Until his final patent papers arrive from Washington Byrnes refuses to discuss his invention in detail.

Many Merits. The electrical method has many merits, among which are the following: It is more humane, because the cattle are killed instantly; the present method of clubbing them sometimes requires several blows. It is more rapid, and as many as 200 cattle can be electrocuted in an hour. It leaves the hides of the cattle intact, whereas the present method often damages them, and lessens their value. The electric current used is practically negligible. Those in close touch with the progress of the invention are convinced that it will be adopted by every large packing plant in the world. Arrangements for putting it in use in the 14 Cudahy plants in the United States and Canada are already under way.

Humane Society to Approve. The National Humane society, which recently offered a large cash prize for more humane method of killing cattle, is expected to approve this invention. Byrnes, the inventor, is assistant general superintendent of motive power and construction of all Cudahy plants. His home and headquarters are in Omaha and he has carried on all his experiments here. He is convinced that his appliance will eventually be used for killing sheep and hogs, as well as cattle.

Telegraph Speeded Up. Stockholm, March 5.—An invention claimed to make it possible to send 400 words a minute by telegraph has been perfected by a Swedish expert, Lieut. Thor Thornblad, who is seeking patent rights.

Bluffs Mayor Says "Organization" Invited Him to Secret Meeting

Support of a "100 per cent American" organization, "sufficiently strong in numbers to assure victory," would be pledged to Mayor Lou Zurmuehlen, candidate for re-election at the city election, March 31, if he would agree to attend its meeting in order to satisfy himself as to the character of the group and then accept its support. This proposition was extended to the mayor in his office Monday by a Council Bluffs business man, representing himself as an envoy of the "organization," name of which he did not mention, Zurmuehlen stated yesterday.

The representative stated further, according to the mayor, that if the pledge of support is not accepted by Zurmuehlen, the organization expects to place an independent candidate in the field for the city election, opposing both Zurmuehlen and Harding in the mayoralty race. The mayor left yesterday afternoon for Des Moines with Alderman John Langstrom upon municipal business and will not return until Thursday morning, so it would be impossible for him to attend the meeting if he desired to do so. A "formal invitation," which the business man said would be tendered Zurmuehlen for the meeting tonight, had not made its appearance up to the time the mayor took his train yesterday afternoon.

Claims made by this same representative to the mayor, that this organization was responsible for the surprisingly large vote polled by De Vere Watson, one of the five republican candidates for the mayoralty nomination in the primary on March 3, were denied by Watson yesterday afternoon. "We would like to have you attend our meeting Wednesday night," the mayor says his visitor told him. "If you are satisfied with us, we will disclose to you a secret door in the panel of the wall, through which you may obtain access to a second meeting, where we may come to some understanding with respect to your support in the next election. "On the other hand, if you choose to decline our support, we intend to place an independent candidate in the race to oppose you."

Is Winter Time Your Backache Time?

Does Your Back Foretell Every Change of the Weather? Do You Feel Old and Stiff and Suffer Sharp, Rheumatic Pains? Then Look to Your Kidneys!

DOES every cold, chill or attack of grip leave you lame, stiff and achy? Are you nervous and depressed; feel tired, worn-out and miserable? Does your back throb and ache until it seems you just can't keep going another day? Then look to your kidneys! Grip, colds and chills throw a heavy strain on the kidneys. They overload the blood with poisons and impurities that the kidneys have to filter off. The kidneys are apt to weaken under this rush of new work; become congested and inflamed. It's little wonder, then, that every cold finds many folks suffering with torturing backache, rheumatic pains, headaches, dizziness and annoying kidney irregularities. If this is the case with you, don't risk neglect! Help your weakened kidneys with a stimulant diuretic. Begin using Doan's Pills. Doan's have helped thousands. Local users testify to their worth. Ask your neighbor!

"Use Doan's," Say These Omaha Folks:

G. F. FRANK, 902 S. 20th St., says: "My kidneys caused me to suffer and I had such backaches I couldn't do any stooping or lifting. My back ached constantly and the action of my kidneys was painful. I often had to get up at night. I used Doan's Pills as directed. The aches and pains left my back and my kidneys acted regularly."

MRS. G. J. TRUSCOTT, 2619 N. 19th Ave., says: "My kidneys were weak and out of order and I had a lame and aching back. I became run down and the action of my kidneys was irregular. I used Doan's Pills and they soon stopped the backaches and other signs of kidney complaint."

Newspaper readers and movie audiences enthuse over funny sayings. Realizing this, The Omaha Bee has started a contest in which the best local lafsters will be rewarded for their efforts. The jokes which are submitted will be known as

Local Lafs

The Omaha Bee will pay cash prizes for the best 15 jokes that are submitted each week. Read the list of prizes given below. Besides, 15 persons will get their names in the movies.

The names of the winning contestants, together with their jokes, will be shown on the screen at the

Sun Theater Every Week Beginning Saturday, March 8 A New Reel Each Week

Table with 2 columns: Prize Name and Amount. First Prize \$5.00, Second Prize \$3.00, Third Prize \$2.00, Next 12 \$1.00 Each.

Here are some of the jokes that have been received. You can beat them. It's easy. He (to taxi driver)—What are you stopping for? The Driver—The lady said "Stop." He—She wasn't talking to you.

That's not so good. Let's try again. Stranger in the City—Boy, can I get in the park through that gate? Boy—Guess so, lady. I just saw a load of hay go through.

That's not so good either. We ought to get a good one this time. Lady (to newsboy)—Where will I get a street car? Newsboy—Right in the back, mum, if you don't get off the track.

Now that you've seen how easy it is, try it yourself. Send in a joke to the Local Laf Editor, The Omaha Bee.

Get busy. If you want to win a prize, write a Local Laf and send it to the Local Laf Editor.
