

Nebraska News Nubbins

REAL AND UNREAL

Add Rumor Column
Here the other day, you might remember, we were talking about rumors and how they thrive and grow in Hollywood, and we just got to thinking that we made a grave and serious error, because no story is complete without some mention of Connie Talmadge.

A bird came up the other day and said he heard that Connie was back in town from New York, and in the same breath he wanted to know who she was engaged to this time, and we said we hadn't heard yet; she'd only been here a day or two.

But you just watch. It won't be more than 10 days, at the most, until Connie has the temerity, whatever that is, to appear in public with some gent, and the next day the whole town will be asking did you know that Connie was engaged to so-and-so. Connie holds the world's engagement record. She was reported engaged to seven different birds in seven months this year.

A Word of Warning.
There is a bird in this town by the name of Eddie Sutherland, and he is an assistant director for Mr. C. Spencer Chaplin, who is said to be an actor, and also this Eddie person is the legal and lawful husband of Marjorie Daw.

When they first went and got married there a little while ago, Eddie went traipsing off to New York with Charlie, and he stayed about a month or maybe longer, and left his poor little bride home all alone. Which was bad enough.

But he's only been back about a month and now we hear that he's figuring on going away on another trip. And this is just a friendly word of warning to this Eddie person that if he persists in leaving Marjorie alone at home he can expect—well, anyway, you needn't tell anybody, but we would have run away with Marjorie long ago only Marjorie wouldn't.

"Sure fire laughs are subject to change," says Eddie Hall, chief merry-maker with "Talk of the Town," at the Gayety. "Time was that 'hell and damn' would make half the audience roll off the seats at merriment. Taking advantage of 'easy laughs' comedians worked the two 'Americisms' well nigh to death and finally they were taboo in Columbia Burlesque. Nothing daunted, the comedians looked about for some-

AT THE THEATERS

Walker Whiteside secured the American rights to "Mr. Wu" while in London last summer, and made a production of the play in New York after his return to the states. But one performance of this melodrama of the far east will be given during Mr. Whiteside's Omaha engagement which begins tomorrow, March 7, and ends on Saturday night, March 8.

"Mr. Wu" will be acted on Friday night only. On Saturday afternoon and evening "The Hindu" will be presented, with Walker Whiteside in the fascinating character of Prince Tamar, a dashing young maharajah.

Bob Carleton, who with his pretty wife, Julia Ballew, is appearing at the Orpheum this week, is one of the few successful song writers who never wrote a song about Kentucky or Tennessee. "There's no sentiment for me in either of those states," says Mr. Carleton. "The people are wonderful. They always treated me fine and I like every blessed one of them, but the roads are terrible!"

The current vaudeville bill at the World headed by Nat Haines and company of 12, in the musical farce, "Yes, My Dear," will be on view for the last times today and tomorrow. Starting Saturday as the feature of a six-act bill, the World presents the Hanneford Family, famous stars of the circuit featuring George Hanneford, regarded as the world's greatest riding comedian. The supporting show is aglow with comedy and novelty features.

"The Further Adventures of Henpecked Henry" is the new musical comedy starting a three-day engagement at the New Empress today. It is said to be even more laughable than the original play offered the first half of the week. Next week the Halton Powell Players start their eighth and final week here presenting for the first half starting Sunday "Midnight Rose" and concluding the week with a farce called "Oh, by jingo."

"Sure fire laughs are subject to change," says Eddie Hall, chief merry-maker with "Talk of the Town," at the Gayety. "Time was that 'hell and damn' would make half the audience roll off the seats at merriment. Taking advantage of 'easy laughs' comedians worked the two 'Americisms' well nigh to death and finally they were taboo in Columbia Burlesque. Nothing daunted, the comedians looked about for some-

"The Cat and the Canary" is coming to the Brandeis theater next Monday for a return engagement of three days, with a Wednesday matinee. The Chicago company is coming back to Omaha, having played here last fall.

Albert R. Bronell, Pioneer Nebraskan, Dies at Chappell

Chappell, Neb., March 5.—Albert R. Bronell, 72, Nebraskan pioneer, died here today. He homesteaded in Hamilton county in 1872, and left the homestead long enough to teach two terms of school in Saunders county. In 1876 he was married to Clara Alice Young.

About 25 years ago he engaged in the mercantile business in Loup City. Four years later he moved back to Hamilton county and engaged in extensive farming for a few years. He moved to Crete to educate his boys and then came back to Hamilton county. Here he served as county judge for several years. About five years ago he spent one winter in California and then located at Chappell. He is survived by his wife and four children, Mrs. John Cave, John M., Bert E. and Mrs. Alta Stumba, all of Chappell.

Mothers, Do This--

When the Children Cough, Rub Musterole on Throats and Chests. No telling how soon the symptoms may develop, or worse. And when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister. As the first aid, Musterole is excellent. Thousands of mothers know it. You should keep a jar ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bite and colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes.

MUSTEROLE

Better than a mustard plaster

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. A eminent physician, expert in his science, has shown the way. It was he who first produced the great "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa.

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor or ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., B.A. Co., Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores.

FACTORIES

"One On Every Nebraska Farm"

Every farm which has five or more dairy cows, has a small factory.

It is a factory which produces all the time, and for whose products there is a never ending market.

Nebraska cows can easily produce \$80 each, per year, above the cost of feed, and exclusive of the value of calves and skim milk.

Omaha, where constant and firm city growth comes to such a large degree from Nebraska, wants to see "A Factory on Every Nebraska Farm," for the benefit of both the state and city.

A PROFITABLE NEBRASKA FACTORY

A farmer in Hamilton county bought twenty cows, so he could have skim milk for his hogs. He didn't expect to get any money from cream, but the first year his cows netted him over \$2,000 above the cost of feed, and exclusive of skim milk and calves.

Our Program for Omaha:

To preserve and develop Omaha's beautiful river front.
New union depot.
More factories, especially those using agricultural and live stock products as raw materials.
River transportation.
Hard surfaced roads from all the surrounding territory.

Our Program for Nebraska!

To let the world know Nebraska has the largest Loess soil area—which is the best soil in earth.
At least five dairy cows on every farm.
Increased production by use of the best seed, better grade stock and crop rotation on every farm.
Development of the alfalfa, potato and beet sugar industries.
A state system of hard surfaced roads.
