Prosperity Is Indicated by Homebuilders

Builders of Small Homes Already Making Inquiries for Locations.

Small homes, houses of four, five and six rooms, will form the bulk of the building tiffs year in Omaha. Not only that but there will be a great number of homes built during the "building months,"

Byron Hastings, president Hastings & Heyden, realtors, has declared that this is his idea of the prospects for the coming year.

"Not only do people want small homes but they want them out of the congested districts." he declared. "Omahans don't want to be packed in some one small area. They want a chance to get out where they can have a little garden and a few fruit

Many Early Inquirers

"So far this year we have had more inquiries about this class of property than ever before. Every indication is for a banner year in busi-

"From my observation the principal builder this year will be the man who wants a little home and an inexpensive home. The majority of peo ple who are building now are working for a salary and are not able to invest heavily in a place to live. "One of the greatest factors in

the trend of building away from the crowded sections of the city, out toward the acre and half acre-tracts, is the automobile. There was a time when it would have been impossible for the average person to live out three or four miles from their place of business. Now almost everyone tecture. There is no patio in the plan owns a motor car of some descrip-tion and they can easily get back little additions to the exterior of the

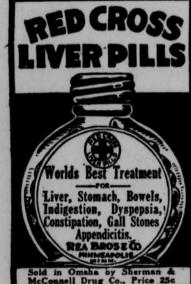

Loan Companies Help

"Another thing that encourages people in this is Omaha's exceptionally fine building and loan companies. If a man owns a lot it is a comparatively simple thing to borrow the it contains five rooms and is planned money for building a home. Chief to save steps and work. among the reasons for making these Windows on every side assure loans is the fact that every such home plentiful ventilation during the hot means a permanent citizen for Omaha. months of summer and yet they are "Omaha has exceptionally advan- located in such a way that there

New Safe Way to Whiten Teeth Instantly!

Marvelous Discovery Bleaches Dark Teeth White

A new harmless treatment has been discovered which dissolves teeth stains instantly, giving dull teeth a charming whiteness and lustre. This new treatment is called the Hisachodent Combination. It consists of a marvelous liquid and a new kind of paste. The liquid instantly curdles or softens the stains—while the paste removes them and pre-while the paste removes them and pre-while the formation of future stains. You just brush your teeth with a few drops of the liquid—then uze the paste—and before your very eyes your teeth acquire a clear, flashing whiteness that even an hour's scouring by old-fashioned methods ould not give them.
