OMAHA, SUNDAY MORNING, MARCH 9, 1924.

The "Cutting-in" Evil. Another Engagement. She Gives Up Smoking. "Our Cook Has One."

ABBY's heard of another engagement. It involves an Omaha girl, of more than usual abilities, and more than the usual amount of suitors. One of the few girls in town, too, who has more than the usual amount of red hair.

She's engaged, but to an out-oftown man. One of her friends asked another friend, "what is he like, and when are they to be married?" "He's a perfect dear," she replied, "I met him in Chicago." They won't be mar-ried soon because he hasn't gotten grounds for divorce yet.

HAVE you heard, as Gabby has, of the fight that took place in one of our downtown clubs a little time ago?

It's made Gabby feel that one need not go out into the great open spaces to find men that are men.

It really was quite embarrassing, for it was fought over a girl, and when they got through, the poor dear who had had two men to dance with all evening, hadn't even one to go home with, for it ended in a tie, and a very bad one, with both damaged to a terrific degree.

It arose over the not too ancien and not too honorable custom of cutting in. A thought B was getting a little too much of A's evening and B thought A's girl his lawful prey on the dance floor. A's girl thought so, too, and was glad of it, but what she thought didn't matter, so why men

tion it here. Well, Gabby is no sport reporter, so she can't tell you how A "cut loose with a right to the jaw" and B 'countered with an uppercut to the chin" or was it gin. Anyway, they made a thorough job of it, and messes

We really must come to some understanding about cutting in, Gabby thinks, or Gabby'll have to learn these
