Your Problems

lartha Allen

Dear Miss Allen: So many have had good advice from you, so I thought I would come. So many are getting their—hair bobbed and I want to know how long it will be in style. I have long and thick hair and have come to you to see what you would tell me about having my hair bobbed. How long will it be before I can fix it to any town would the latter and how hould I not it un while up and how should I put it up while it is growing out. Is it popular for a girl of 16 to have her hair bobbed? BLUE EYES.

Bobbed hair is very becoming to every girl, no matter what her age may be. It is very easy to care for and for advice, I should say there is no advice needed. In a matter of this kind, please yourself. They say hair grows about five or seven inches a year, so you may figure out for bobbed hair style will last, my dear, that I cannot say. Fashion is a whim-sical jade, you know, and changes with the wind. But bobbed hair is so easily cared for and so comfortable panied tonight by Mrs. J. M. Albertlast, but no one knows.

Dear Miss Allen: I have something to say. I am married and we don't get along very well. I have been married for a few years, but we have not had any children, and besides, I am in love with another man. We used to like each other before I married my husband, but I thought if I was married that I would forget him. But I can't forget him, and he says it is the same with him. Whenever he goes some place he's got me on his mind. Do you think we will ever marry each other? He said he would not marry each other? He said he would not marry anyone else unless I married him. Please answer the questions.

Be only a part of those which actually take place, as many are never restored. Seven hundred thousand non-fatal accidents requiring from four days to one year absence from work are reported annually.

"Before the passage of the Workman had double affection, the affection you would give a son, if you had one. Take my advice and you will be happy, there is no other way.

Cora: A successful and brilliant man once told me that charm is man once told me that charm is sides the courts created interpretaried him. Please answer the questions. WORRIED.

You are a very foolish woman, indeed, to be so disloyal to the man you took as your husband. Be wise before it is too late, put this other man out of your mind forever, take an interest in your home and a greater interest than ever before in

Deautifully that you will express real charm. Graceful externals may charm. Graceful externals may bring you damiration. Physical grace will attract and even compel the eye. It cannot reach the heart. But a gracious spirit must be a friendly spirit. And a truly friendly spirit cannot be a self-conscious one.

Nebraska Women Are Urged to Go to Enforcement

Convention

"Enforce the law!" will be the comnand to ring forth from the convention of American women to be held April 10 and 11 in Washington, D. C., under the auspices of the Wom en's National Committee for Law En forcement and of the General Federation of Women's clubs. Officials of various Omaha women's

organizations have recently received letters from Mrs. Henry W. Pea body, Moston, Mass., general chair nan of the Women's National Committee for Law Enforcement, urging hat Nebraska send an adequate repesentation to this conference. Miss Lida Hafford, secretary of the

General Federation of Women's clubs is chairman of the executive commit tee for the convention. Mrs. Herbert Hoover will serve as chairman of the Washington committee and Mrs. Rob ert Lansing as secretary. The program includes a luncheon, a

law enforcement pageant, a reception at the White House, an institute at which a practical program will be presented, with reports from states. an open forum with which matters of vital importance will be discussed and a national program adopted. Church women, women's clubs, League of Women Voters, Daughters

of the American Revolution, Parent-Teacher associations, and affiliated organizations are urged by Mrs. Pea ody to send delegates to this con vention. Organizations which wish to pay their delegates' expenses, she suggests, may find it possible to fi nance these by sale of the booklet "Save America," prepared by the Women's National Committee for Law Enforcement.

Dr. Williams Tells of Industrial Accidents

as are killed in the various European

"This is partly due to our charac teristic American hurry, continued Dr. Williams. "But it is partly due," she said, "to the fact that unskilled abor, which is used in many of the hazadrous occupations, is cheap, largely foreign-born, and until the re cent movements for workmen's con pensation, has had insufficient means of getting recompense for injuries

Industrial casualties reported to the state labor boards amount to 25,000 fatal accidents yearly," said Dr. Wil s only a part of those which actual-

Cora: A successful and brilliant is man once told me that charm is nothing more or less than grace. A gracious manner, a gracious mind reaching out in interest itself in the thoughts of others, a low, gracious voice and a graceful bearing—given these the man to whom I refer insisted that no woman could fail to be charming. Charm is not a mysterious compound of magnetism and beauty and lure. It is the product of a gracious mind—and a friendly spirit. For unless grace is a thing of the heart and soul as well as the body it may fail to produce the charm which wins admiration, friendship and love in a fine crescendo of reward.

It is not heart with the product of a gracious the compensation acts have encouraged many employers to safeguard their machinery and start 'saftey first' campaigns among their employes, with the result of astounding department. You Lose Much

If you don't fight film on teeth Coated teeth are dingy

Do you admire the whiter teeth seen everywhere today? Don't you think they add to beauty and to charm?

Then learn how people get them. Millions now combat the film in a delightful way. Make this test and note the changes which it brings

The chief enemy of teeth

Film is the teeth's great enemy—that viscous film you feel. No ordinary tooth paste effectively combats it. Much of it clings and

Soon the film discolors, forming dingy coats. Then teeth remain unsightly and unclean.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tar-tar, are the chief cause of pyorrhea.

Very few people escaped such troubles in the old ways of teeth cleaning.

Protect the Enamel Pepsodent disintegrates the

film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

The results have been proved by many careful tests. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

Modern science has discovered

two effective film combatants. One disintegrates the film at all stages of formation. One removes it with-

The use of that tooth paste quickly spread the world over. Careful people of some 50 nations enjoy its benefits today.

Watch it act

This test will bring you quick results which you can see and feel. The book we send tells the rea-sons for them.

You will find that Pepsodent brings new and desired effects. It multiplies the alkalinity of the saliva, to better digest starch deposits on teeth.

Every use brings these combined effects. You will know at once that they mean much to you and

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

The test will be a revelation. Cut out coupon now.
