Tourists in Egypt Delayed.

Cairo, March 11.—Many American and British tourists are held up in Egypt and Palestine by the suspension of railway traffic, owing to floods.

Direct Wire Service Is Destroyed

Terrific Gale Extends From Maine to Gulf—Said to Be the Worst Storm Since 1888.

Washington, March 11.—The blizzard which was whirling along the eastern seaboard tonight had left a trail of disrupted wire communication extending far down into the southern states.

Snow and rain, lashed by the heavy gale from the Gulf of Mexico, has fallen all along the coast, and storm warnings still are up from Eastport, Me., to Jupiter Inlet, Fla.

Miles of telegraph and telephone wires have been laid low. Washington tonight had no direct wire communication with the south and many wires to the north and west also were down.

The storm, described by the weather bureau as one of the worst ever experienced at this season, was said to be central over Delaware tonight. Continuation of snow and rain was predicted for the north Atlantic states tomorrow, while clearing weather was in sight for the south Atlantic regions.

New York, March 11.—While old timers were today recalling the "great blizzard of 1888" this vicinity was again in the throes of a violent wind, snow and rainstorm such as had scarcely been witnessed since the days of that blizzard.

Misadventure in New York harbor where giant ships like the Aquitania were buffeted about like straws; casualties in metropolitan streets when pedestrians were maimed by falling signs and unmanageable motors; and serious disturbance of the schedules of the bootlegging fleet along Rum Row in 30-mile streets, were features of the unusual weather. Four persons died, two of them women.

The strong winds encouraged an unusually high tide, causing the waters to rise nearly two feet above normal high mark, bringing the ocean almost to some street levels in Manhattan and on the Jersey coast.

Mountainous seas were reported from Nantucket Light to the Virginia Capes, with all small craft taken to cover.

Like 25 years ago, it was stated, two great storms coming from opposite directions were in head-on collision with a possible repetition of that storm in sight on its anniversary.

Justice Department to Probe Accused Solons

Washington, March 11.—The house decided tonight to leave to the department of justice for the present, investigation of charges that have been made against two representatives before a Chicago grand jury.

In reaching this decision the house accepted the recommendation of its judiciary committee that no house investigation be authorized and no further efforts be made to have the names of officials disclosed.

Amateur Ball Leagues to Hold Meeting Tonight

In the absence of Carroll Miller, president of the American league, who is out of the city attending school and Bill Amos, president of the Southern league, who is out of the city on a business trip, Secretary Dennison of the Mundy Baseball association has called a meeting of these leagues for this evening in room 28 of the city hall at 5 E. Tenth.

Colorado's Delegation Instructed for Coolidge

Colorado Springs, Colo., March 11.—Clarence C. Hamlin, Colorado Springs publisher, today was elected republican national committee man from Colorado by the republican state convention.

Prepares for Spring Rains.

Anticipating the annual spring floods, the Council Bluffs city council last night instructed the city streets and alleys department to clean culverts in all parts of the city. E. E. Spettman, city engineer, advised the council that plans already have been made to clean the sewers.

Jordan Decision Today.

District Judge Trepp will give a decision today on a motion for a new trial for Carl Jordan, recently found guilty on a robbery charge. Public Defender John N. Baldwin declares his belief that the youth is innocent.

Table with 4 columns: Hour, Temperature, Wind, Direction. Rows include 7 a.m., 10 a.m., 1 p.m., 4 p.m., 7 p.m., 10 p.m., and Monthly.
