

### Guest Conductor Is Selected for Omaha Orchestra

#### Assistant Conductor of Minneapolis Symphony to Aid at Maiden Concert in May.

Engelbert Roentgen, assistant conductor of the Minneapolis Symphony orchestra, will be guest conductor of the Omaha symphony at its concert to be given at the Auditorium May 9, and will arrive in Omaha a week in advance to conduct the final rehearsal, it was announced Saturday by officials of the business and professional women's division of the Chamber of Commerce, which is sponsoring the concert.

#### International Reputation.

Mr. Roentgen, the conductor, has an international reputation both as conductor and cellist.

He is first cellist of the Minneapolis symphony, and has been engaged to direct the municipal band of Minneapolis, which will give daily concerts for 14 weeks this summer.

Mr. Roentgen is well known in Omaha, where he directed the concert of the Minneapolis symphony on tour last spring.

#### "Made in Omaha."

Ernest Nordin, now director of the World theater orchestra, and well known throughout the middle west as an able conductor, has been chosen as local director. He is now engaged in selecting the 54 musicians who will compose the symphony. All will be Omahans.

Program for the initial concert will include the fourth symphony of Tchaikowski, the Oberon overture, the Liszt preludes and other favorites. Herman K. Mansfield, promoter and business manager of the orchestra, is receiving subscription daily to defray the expenses of the undertaking.

Mrs. James T. Kinsler returned to her home Sunday from the Methodist hospital, where she had undergone an operation on her eye.

### Fox Terrier Self-Appointed Guardian for Kittens.

There is something new under the sun.

In case there is a "Doubting Thomas" let him go to the restaurant of Isadore Rosenberg, 100 South Eleventh street.

The new thing is a fox terrier that guards, with all the pride of a

parent, the litter of kittens that has recently come to the place.

"Toots," the terrier, refuses to leave the room where the kittens are for any length of time. Whenever anyone other than Mrs. Rosenberg touches the kittens, Toots comes growling.

Once she has reached the kittens, "Toots" steps carefully into the cup-

board that is their home, curls herself in the center of the little family and watches over them.

"Toots" has been self-appointed guardian of the kittens for five days, ever since their eyes opened. Even though she may be a self-appointed guardian, she is none the less conscientious. Her hours on duty are all of the 24.

### A Nebraskan in Washington

By F. C. POWELL, Washington Correspondent The Omaha Bee. Congressman Edgar Howard temporarily left this city of raw oyster eaters to speak at a farmers' meeting at Lexington, Ky. Before leaving, the congressman says, he was assured the bonus bill wouldn't come up while he was away.

Probably the two men with the most bitter tongues at their command in the senate are George W. Norris of Nebraska and James A. Reed of Missouri. There is this difference—Norris sometimes gives quarter, but Reed never does.

Friends of Senator Norris are receiving reports that a campaign is under way in Nebraska to the effect he isn't physically fit to serve a third term. If it is discovered that such a campaign has reached dangerous proportions, it is possible the senator will go to Nebraska to make two or three speeches for the purpose of showing his muscle, if nothing else.

Senator R. B. Howell has succeeded in getting a resolution adopted by the senate calling on the Treasury department to tell what it knows about the special fund of the federal farm loan bank kept in the Franklin National bank of Washington. The persistence with which Howell has dived into affairs of this bank has caused those opposed to him to designate him as "The Bulldog."

Congressman Bob Simmons has introduced a bill, H. R. 7850, empowering the secretary of interior to defer payments of rentals or penalties in reclamation regions without interest on the extended time.

Following a visit to Nebraska, Mrs. Louise M. Dodson, national chairman of field activities for the republican national committee, has given out the following statement: "The state of Nebraska has three splendid republican leaders in the various republican activities. Mrs. Edgar P. Penney of Fullerton, associate member, republican national committee; Mrs. W. F. Graham of Omaha, state vice chairman, and Mrs. Draper Smith, vice chairman for Douglas county.

What, by the way, has caused women in the democratic ranks like Dr. Jennie Calfax of Omahas, to show the white feather and permit Arthur Mullen to run for national committeeman on the democratic ticket without opposition? The Nebraska can never forget how the eyes of Doctor Calfax snapped and she refused to be quoted when she learned while in Washington, attending the democratic committee meeting, that Art Mullen was to be a candidate for national committeeman and her working partner from Nebraska.

### Kansas City Jeweler Outwits Pay Phone and Is Arrested in Omaha

How is it possible for a man to make a long distance call in a phone booth, drop the required charges into the slots in the box, so that the operator hears the bell ring, and then walk away with the money still in his pocket?

This secret, according to police and officials of the Northwestern Bell Telephone company, is in possession of Mike Atchitz, Kansas City jeweler, arrested in Omaha Friday for investigation, and released later on \$100 bond.

If his secret becomes general telephone officials fear it will be necessary to revolutionize the pay telephone system now in operation.

Atchitz denies defrauding the company, although he paid \$19 to the telephone company following his arrest "just to stop the argument." Officials of the company say they investigated a call he made from the Millard hotel to Kansas City, and that there was no money in the phone after he left the booth, although the operator heard him drop the required coins in the box.

### Graff for Real State Economy, Less Politics

#### Candidate for Democratic Nomination for Governor Has Been Dirt Farmer Forty-One Years.

"I am more than pleased with the way my candidacy is being received by Nebraska democrats everywhere, and with the kind words that are being spoken of me by my friends and neighbors of both parties," said Charles Graff.

Mr. Graff, who is candidate for the democratic nomination for governor, was in Omaha Saturday, meeting friends and talking politics.

"I am an independent democrat," said Graff. "I do my own thinking and follow a course I map out for myself. I am a candidate for governor because I have definite policies and principles I deem vital.

"I have no machine behind me, and I am not under obligations to any faction or individual. I am going to make the most active campaign possible between now and April 5."

Charles Graff has been a Nebraska farmer for 41 years. He has had wide legislative experience, and was chairman of the joint legislative committee in the session of 1909 that drafted the bank guaranty law and

was chairman of the subcommittee that whipped the law into shape for final enactment. He has been a member of the state agricultural society for 15 years, and served as president for two years. For many years he has been actively engaged in agricultural and livestock activities.

Graff insists that tax reduction can come only by a thorough application of business methods and less of politics in state government; that as Nebraska is an agricultural state, real business stimulus can come only from increased purchasing power of the farmers; that all lines of legitimate business endeavor are entitled to a square deal, and all other kinds of business should be brought to justice.

"I am not aspiring to the governorship as a stepping stone to higher political office," said Mr. Graff. "My only ambition is to render service to Nebraska."

Graff headquarters have been opened at the Lindell hotel in Lincoln, and a corps of workers is now on the job.

Smith Brookhart of Iowa, chairman of the United States senate committee investigating Attorney General Daugherty's conduct in office, can't be bothered with the Nebraska end of alleged graft operations.

"The idea that any of us will go to Lincoln, Neb., in connection with this investigation is absolutely silly," he said yesterday to The Omaha Bee's Washington representative, when questioned regarding a report that the committee would make a trip to the state to investigate the alleged part of the Nebraska Aircraft company's part in alleged graft in dropping prosecution of the airplane companies.

Gas on the Stomach Made Her Drowsy and Work a Burden

"For gas on the stomach Adierika has no equal. I used to feel drowsy and work a burden to me. After using two bottles Adierika I feel like doing my work and enjoy life again." (Signed) Mrs. W. H. Cushman.

#### Intestinal Antiseptic.

There is now offered to the public a preparation having the DOUBLE ACTION of an intestinal antiseptic and a COMPOSITE system cleanser. This preparation, known as Adierika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel, and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter Adierika draws from the alimentary canal—matter you never thought was in your system. Try it right after a natural bowel movement and notice how much more foul matter it brings out which was poisoning you.

In slight disorders, such as occasional constipation, sour stomach, gas on the stomach, and sick headache, one spoonful Adierika ALWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

Reports from Physicians.

"I found Adierika the best in my entire 27 years' experience." (Signed) Dr. G. E. Rogers.

"I found Adierika in all bowel cases. Some require only one dose." (Signed) Dr. F. M. M. (Name given on request).

"I have found nothing in my 16 years' practice to equal Adierika." (Signed) Dr. James Weaver.

"After taking Adierika I feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett.

Adierika is a constant purgative to people who have used only ordinary bowel and stomach medicines, on account of its COMPLETE action.

### Brookhart Says Idea of Lincoln Trip Is "Silly"

#### Nebraska Concerns Have "Little if Any" Part in Investigation—Fight Pictures Query.

"The name of the Lincoln firm," said Senator Brookhart, "may have been mentioned with numerous other airplane concerns but it will play a very small part, if any, in the investigation."

Among the names of men filed for showing the pictures, as they were read by Senator Wheeler, was that of Clarence Gray, Omaha. Federal court records here show that he was fined \$500 November 2, 1921, after his case had been continued several times.

According to Fred Quimby, original owner of the pictures, prospective purchasers were obliged to see a law firm in their respective localities to take care of legal complications.
