

De Bow Chosen for 28 Years

Liberty League Promoter to Get 90 Per Cent of Membership Fees.

Don E. DeBow, organizer, secretary and treasurer of the National Liberty League, explained some of the affairs of that organization in District Judge Stauffer's court Tuesday in the suit of Rev. D. E. Cleveland against him for \$5,000 on a land deal.

The books and papers of the league are extremely sketchy. All that the plaintiffs succeeded in getting into court were one resolution and one small book with the first 44 pages torn out.

Long Tenure.

The resolution, ostensibly adopted April 28, 1923, named the officers and stipulated that they were chosen for 28 years.

It named the powers of DeBow, which included "full power to collect funds, carry on a campaign for light wines and beer, advertise, hire agents and organizers."

It stipulated also that he was to receive remuneration as follows: 90 per cent of all membership fees, 50 per cent of all donations procured by him to the league, 50 per cent of funds raised otherwise for the league.

President Is Doctor.

The resolution bore the signature of William P. Custard as president. He had been appointed just last month, DeBow said, in place of Charles A. Ries, a printer, who was president at the time the resolution was drawn up.

DeBow said he thought Custard lives in Council Bluffs and is a doctor. "They call him 'doc,'" he said.

Second Trial of Rail Suit Begun

Second trial of the \$50,000 damage suit of John C. Allen, Orient, Ia., against the Interstate Railway company for damages alleged to have been suffered in an accident on South Twenty-fourth street in 1919, began yesterday in District Judge Watkeley's court. The first jury could not agree.

EDDIE'S FRIENDS

Effie Cherry Comes in Third

Cedar Rapids, Ia., March 18.—The city has lost a chance to have a woman mayor, and has won the opportunity of hearing and seeing Miss Effie Cherry in action again on the vandeville boards this spring.

Miss Cherry, one of the famous Cherry sisters of 25 years ago, after staging a whirlwind campaign in a befruffed satin dress of many decades ago, received 501 votes out of 7,318 cast and ran third.

Speaker Lauds St. Patrick

The Irish are a peace-loving people in all respects, and it is these people that are helping to lay the foundation for a strong nation, according to Judge George E. Cochran of York, Neb., in his address last night to approximately 200 persons at Creighton university auditorium.

St. Patrick was a descendant of a truly noble French family. In his fight for his people, St. Patrick showed that he was a real servant of his own people. In his early youth, he was picked up by pirates and carried off to a distant land, only to return to his native country when he had a vision that promised great things.

Brothers United After 20 Years

Twenty years ago, William Nicholas, brother of Detective Joe Miklas of the auto theft bureau, left his home in South Omaha and went to Denison, Ia.

He was 12 at the time. He changed his name to Nicholas. He got a job on the railroad. He served 17 months overseas during the war, and on his return began a search for his family.

He came to Omaha Monday and began looking for "Joe Nichols." No one knew Joe Nichols. After talking with William, however, Detective Val Buglewicz took him to Joe Miklas. The two men recognized one another immediately.

Today the Miklas family held a reunion. William is now a railroad conductor. He is married and has one child.

Pope's Health Fine, Says Rome

Rome, March 18.—The statement by a London newspaper that the pope's health was causing considerable uneasiness and that he was reported suffering from arterio sclerosis was received with surprise.

His health is of the best and he is daily undertaking new work. Yesterday he received numerous cardinals and prelates in private audience and later granted a public reception to several hundred pilgrims.

On Sunday he delivered a long address to 400 members of the St. Vincent society. Much of his time is occupied in preparing the allocation which he will deliver at the forthcoming special consistory when Archbishop Hayes of New York and Mundelein of Chicago are made cardinals.

"Careful Driver" Hits Street Car

W. H. Perry, 3922 B street, and Henry Trines of Garpy county, a passenger in the car which Perry was driving, were arrested Monday after the machine crashed into a Crosstown car at the O street intersection.

Prowlers Break in Store Window

A Newman, proprietor of a grocery at Twenty-fourth and U streets, reported to South Omaha police, testified that the machine belonged to him, and that Perry was a careful driver.

Dancer Is Jailed at South Omaha

Tommy Sullivan was sentenced to 30 days in jail in South Omaha municipal court Tuesday as the result of an altercation with Patrolman E. Carter, while he was attending a Cudaly dance Monday night.

Legion Rodeo Planned.

Plans for increasing the membership of the South Omaha post of the American Legion will be discussed at a meeting of the post Thursday night at the South Omaha city hall.

Radio Fans Are Given Warning

Interference "Fixers" Risk Lives Meddling With High Tension Wires.

Radio and high tension current will not mix is the warning issued Tuesday by officials of the Nebraska Power company to radio fans following discovery that overly enthusiastic fans had taken it upon themselves to short-circuit a 10,000-volt arc current which had been causing interference of broadcast reception in that neighborhood.

"Stay away from all power wires and poles and you'll be safe," declared Ed Anderson of the power company.

"If you are bothered with arc interference call the company; our men are paid to locate the trouble and know how to handle high tension wires. To a novice certain death lurks in attempts to remedy some trivial disturbance."

Anderson explained that the buzzing like that formerly coming from obsolete spark transmission sets is sometimes caused by a raw wire rubbing a tree or other grounded obstruction, and that to attempt to remedy the trouble by other than power company employes relieves the company of liability and also may cause sudden death of the meddler.

Union Chief Says Rail Labor Board Is Failure

Washington, March 18.—The railroad labor board was declared to be a failure and unsatisfactory alike to the "public, the railroads and the employees," in a statement today by D. B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers before a subcommittee of the senate interstate commerce committee at the opening of hearings on the Howell-Barkley bill proposing abolition of the board.

The bill, which is sponsored by railroad labor organizations, proposes settlement of railroad labor disputes by conference before a subcommittee of the senate interstate commerce committee at the opening of hearings on the Howell-Barkley bill proposing abolition of the board.

The bill, which is sponsored by railroad labor organizations, proposes settlement of railroad labor disputes by conference before a subcommittee of the senate interstate commerce committee at the opening of hearings on the Howell-Barkley bill proposing abolition of the board.

Mr. Robertson declared the activities of the railroad labor board had brought about an era of industrial discord after 30 years of peace. Long delays in settlement of disputes have created dissatisfaction among employees, he said, and the uselessness of the board has been shown by the increasing number of violations by the railroads of its decisions.

Court Closes Former Grand Island Brewery

Grand Island, Neb., March 18.—The \$150,000 plant of the Grand Island Manufacturing company is closed today as the result of an injunction proceeding brought by the federal prohibition authorities through the state.

It was formerly the Grand Island Brewing company. The government prays that a permanent order may issue, closing the place for one year, and ordering the sale of the machinery, and equipment that contributed in making it an alleged nuisance. It is charged with having brewed and sold beer containing as high as 5 per cent alcohol.

Henry F. Taylor Sent to Prison

Sentence of 3 1/2 years in the federal prison at Leavenworth, Kan., was pronounced upon Henry F. Taylor, former warrant officer at Fort Crook, Neb., by Federal Judge McCormick of Los Angeles Monday, after Taylor pleaded guilty to stealing and forging government checks.

Taylor had been in the army nearly 20 years. He obtained about \$2,000 on checks which he made out for the monthly base pay of a major in the army and for mileage in various amounts. He was posing as a major in Los Angeles.

"Stick to It," Urges Letter of Mail Flyer to Be Read After Killed

By Associated Press.

Cleveland, O., March 18.—Two letters urging his aviator friends to "stick to it," were made public today by Mrs. Kate Hyde-Pearson of Santa Monica, Cal., mother of Captain Leonard Brooke Hyde-Pearson, world war flyer and air mail pilot, killed 10 days ago in Pennsylvania while carrying mail.

The letters addressed "to my beloved brother pilots and pals," were marked:

"To be opened only after my death."

"I go west, but with a cheerful heart," one read. "I hope what small sacrifice I have made may be of use to the cause."

"When we fly we are fools, they say. When we are dead we weren't half bad fellows. But everyone in this wonderful aviation service is doing the world far more good than the public appreciate. We risk our necks; we give our lives; we perfect a service for the benefit of the world. They, mind you, are the ones who call us fools."

Captain Hyde-Pearson was buried here Sunday. It was not until after his death that his associates knew he had been awarded the British meritorious service cross and was a member of the Victorian order.

Captain Hyde-Pearson piloted a Larsen plane in the Pulitzer races in Omaha.

different and the dance floor is about large enough for five couples. The lure is that the hostess will only admit those who are socially important. As a result all of the suitors are eager to make their display. It gives them a certain standing.

Harlem and the Bronx where there is almost a radio to each family are disturbed about the tenant's radio rights. Building superintendents are complaining that sleep is becoming impossible due to the incessant noise from radios. And yet they know that a family will move rather than be deprived of the radio.

Her condition is not believed critical.

Bandits Kidnap and Beat Denver Woman

By International News Service.

Denver, March 18.—Police today were scouring the countryside for the assassins of Mrs. Bertha C. Baker, prominent Denver society woman, who reported that she was forced at the point of a gun to drive two huldups to a lonely spot five miles east of this city, where she was beaten and kicked into unconsciousness.

After being stripped of her valuables she was thrown from the car, she told police.

Red Cross Car Is Coming Here

Omaha yesterday was named among 42 middle western cities to be visited by the American Red Cross first-aid car.

The car is now on tour over the Illinois Central railroad, and is scheduled to reach here March 31 and depart April 6, according to local representatives.

The car carries one of the most complete exhibits in the country and will be of special interest to railroad men, police and firemen. Special first aid demonstrations will be given daily.

Local Red Cross committee sponsoring the visit of the car to Omaha are Gould Dietz, Dr. Glenn Whitcomb, Mr. W. E. Bolin and Rev. O. D. Baitzley.

Rum Juries Are Held Reluctant

Fully half the persons called for jury service in Douglas county are reluctant to convict persons accused of making liquor. If the panel examined this morning in District Judge Stauffer's court by Deputy County Attorney Stalmaster may be accepted as an index.

Twenty-five veniremen were examined before 12 were selected, the others declaring they were not in favor of the prohibition law, and would not be a jury person accused under the law guilty, until the state conclusively proved his guilt.

Some declared they would not return a verdict of guilty even then, "especially if he was a poor man."

The case, that of E. G. Maurer, charged with unlawful possession of a still, mash and liquor.

Miss Marjorie Barrett will entertain her bridge luncheon club on Wednesday.

An occasional dose of DR. CALDWELL'S SYRUP PEPSIN Keeps young girls fit

False Modesty Wrecks Health

THE young lady just assuming the responsibilities of a woman is very apt to be self-conscious of her physical functions, and in consequence neglect them. There is no time, however, when it is more important for her to look after them.

Public Recognizes Merit

You will quickly see the difference between a mild laxative like Dr. Caldwell's Syrup Pepsin and castor oil, or rough cathartics and poisons. Syrup Pepsin acts gently and does not gripe. Increased doses are not necessary. A bottle can be had at any drug store, and a spoonful costs less than a cent.

Safe for Young and Old

Let mothers with growing daughters interest themselves in this matter and see that their judgment is enforced.

Send me a free trial bottle to a family.

Are you the lucky one in five?

Pyorrhea is no respecter of persons. It strikes four out of every five past 40, and thousands younger, too.

If you would not pay the price, don't delay. Go to your dentist regularly for teeth and gum inspection and brush your teeth daily with refreshing Forhan's.
