Facts about Child-birth

A N eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One

the moment when the Little One arrives!

Mrs. Wm. Washington, 107
Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-72, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. The Legend That Hens Can Lay Golden Eggs is Proven in

NEBRASKA

\$53,000,000 was the value of Nebraska's poultry and egg production in 1923.

The eggs alone were worth \$30,000,000. This alone is proof of the "Golden Egg" legend.

Compare Nebraska's egg and poultry output to the combined output of gold and coal in Colorado in 1920 (U. S. Census). The eggs and poultry lead.

Compare this state's egg and poultry products to the combined orange and lemon and grape fruit crops of California. The Nebraska eggs and poultry lead again.

What does this tremendous poultry and egg production in Nebraska mean.

It meant \$53,000,000 in the pockets of Nebraska farmers in 1923. Probably more this year. The amount grows every year—a 31% increase since 1910.

It means that within a few years Nebraska farmers will be producing enough eggs and poultry to pay ALL' their living expenses.

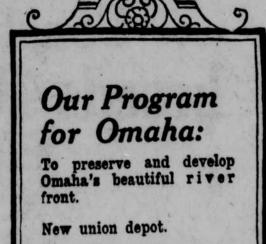

That means INDEPENDENCE on every farm.

It means that Nebraska's population can double, and live in plenty on its
