efforts toward community relief. Proceeds from the play will go to this purpose. Raincoats. Travelers often return from the Philippines and Japan with specimens of native raincoats, which are of straw, resembling a thatched roof.

The cast of the play is as follows: The Judge, D. Grieser; The Imp, Mrs. C. C. Pixley; Poor Man, J. E. Woolsey; Vain Woman, Miss Edith Ross; Rich Citizen, J. A. Adams. "The Exchange" was played last summer by the dramatic department of the University of Nebraska at Lincoln.

The Belviders Woman's club is the outgrowth of a group of Red Cross workers who organized during the war and have since directed their efforts toward community relief. Proceeds from the play will go to this purpose.

Travelers often return from the Philippines and Japan with specimens of native raincoats, which are of straw, resembling a thatched roof. To get in from the rain was an age-old problem in many countries and was solved in various ways. It is a far cry, however, from such primitive covers to the modern raincoat. The discovery of America made the latter possible.

When the Spanish conquerors followed on the heels of Columbus they found that the native Indians had a way of making their cloaks waterproof with the sap of the rubber tree. In 1823 Charles Macintosh, a

Scotchman, patented the rubberized raincoat, which is still named after him in many localities. The real success, however, came when Charles Goodyear, an American, invented in 1839 the vulcanization of rubber. The tatelec process, which precipitates waterproofing material on the cloth by means of electricity, was invented in Canada in 1916.

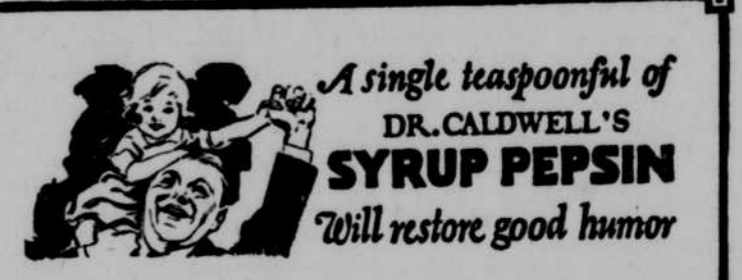

The Astecs Baffled Gray Hair. Travelers to the Southwest marvel at the Indian women's thick, glossy, raven black hair. They wonder that gray hair is known to the aged only.

BROWNTONE

Combining the secret of the Astecs, with modern science, an eminent hair specialist has evolved a modern hair tint that instantly colors gray, faded or bleached hair to any shade of blonde, brown or even Indian Black. Brownstone will not rub off, or wash out—permanent colors. Easily applied and guaranteed harmless to hair, scalp or skin.
