

Old 'Fort Kenyon' Doomed to Make Way for New Pens

Purebred Stock Pavilion to Be Razed; New Unloading Chutes to Replace It.

Among the features of the building program of the Union Stock Yards company will be erection of new unloading chutes and pens for truck stock expected to be the most convenient in the country.

The old cattle pavilion, where numerous sales of pure bred cattle were held, will be razed this week to make way for erection of the new pens. The pavilion was built 20 years ago and was referred to as Fort Kenyon in honor of W. J. Kenyon, who was general manager of the yards at that time.

Eight new unloading chutes and 600 trench pens, which will be erected at this point, will be able to handle eight truckloads of stock at the same time. This plan will centralize the livestock shipments by truck, as truck chutes now are scattered all over the yards. Officials of the yard company say that this improvement will more than double the facilities for handling livestock arriving by truck.

NEW INSTRUCTOR NAMED AT OMAHA U

Robert H. Dunaway, M. A., graduate of Iowa State, has been appointed member of the faculty of the university of Omaha, announced Dr. Jenkins, president of the university, yesterday.

Mr. Dunaway will teach vocational training next fall, when he will assume his teaching duties. However, he will be here the first of April to assist in the university's building program.

The university building fund has been growing rapidly, \$14,500 having been added to the \$30,000 subscription of Mrs. Joslyn.

HOUSE COMMITTEE TO PROBE BRIBERY

Washington, March 29.—The house committee appointed to investigate charges of wrong-doing by members of congress, has put off until next week its decision as to procedure, but it expected to begin with the allegations of bribery made before a Chicago grand jury against Representative Zihlman, republican, Maryland. The committee adjourned yesterday until Wednesday.

REBELS EVACUATE STRONG POSITION

Mexico City, March 29.—The rebels have been forced to evacuate several strong positions on the road to Oaxaca City owing to the federal offensive begun on Wednesday, say dispatches to the war department. They give evidence, however, of intending to offer further resistance and Gen. Jesus Aguirre has been ordered to co-operate in the campaign.

Cabinet Approves Policy.

Paris, March 29.—The new French cabinet at a meeting this morning, unanimously decided to pursue the foreign policy of the former Poincare cabinet, it was semi-officially announced after the meeting.

Former Omahan Who Died in Plane Crash

Lieut. W. G. Moore, formerly of Omaha, who was killed when the airplane in which he was riding crashed to the earth in flames Thursday on the island of Oahu in Hawaii, was a brother of G. H. Moore, 4914 Cass street, and Miss Minnie Moore, teacher at Dundee school. His widow is a former teacher at Benson school. The Omaha brother expects to go to San Francisco, where funeral services will be held.

Men Who Are Making Omaha

C. M. Wilhelm

C. M. Wilhelm, vice president and treasurer of Orchard & Wilhelm Co., has had an important part in the building of Omaha during the last 30 years, although he moves along in an unobtrusive manner.

Thirty-one years ago he was working in New York city, when opportunity knocked loudly at his door. This opportunity, he relates, was an invitation to go west and grow up with the country. He had been looking westward with wistful eyes, so when the chance came, he was in a state of mind that favored the occasion.

He came to Omaha and organized the company of which he is now the directing officer. From his first contact with business in Omaha he observed a policy of fair dealing.

Mr. Wilhelm is president of Orchard & Wilhelm Mattress Co. and of the Orchard & Wilhelm Furniture factory of this city. He is a charter member of the Knights of Ak-Sar-Ben and served on the board of governors of this organization for three years, 1906 to 1908.

He has always been ready to support Ak-Sar-Ben in its activities as he has supported other organizations for the promotion of Omaha's interests.

He is a member of the executive committee of the Chamber of Commerce and was president of the chamber in 1907. His counsel has been sought on many occasions by committees of the Chamber of Commerce.

Mr. Wilhelm has been a director of the Metropolitan Utilities district for 10 years, serving as chairman of the board during part of his service. He is familiar with much of the detail work of the municipal water, gas and ice plants.

He is a consistent and insistent

worker, always keeping in mind the thought that every business man should boost his home town along with his business. Mr. Wilhelm has 100 per cent faith in Omaha. He has been building Omaha for 30 years and shows no signs of letting down.

RAID DISCOVERS PRE-WAR LIQUORS

Chicago, March 28.—At the end of a maze of labyrinthine passageways in the cellar of Citro's famous cabaret detectives found a cache of liquors valued at many thousands of dollars. In a subcellar were found 30 barrels of wines, 19 cases of whiskey, several cases of gin and an assortment of cordials.

Two Bystanders Shot by Bandits

Man and Woman Fall Before Bullets in Two Chicago Holdups.

Chicago, March 29.—A man and a woman, both bystanders, were shot down by bandits today in two holdups in different parts of Chicago at about the same time.

Mrs. George Smith fell from a stray shot during a revolver battle outside the Boulevard State Savings bank while employees were battling six bandits who robbed the bank of \$5,000; the bandits escaped in a car.

Lawrence W. Silverschlag, chauffeur for the Revere Electric company, who walked into the office of Hubbard & Co. while an attempted payroll robbery was in progress was shot by the bandits, angered when they were unsuccessful in their attempt to get \$1,000.

Silverschlag was taken to the West Suburban hospital, a bullet through his abdomen.

POINCARÉ'S NEW CABINET MEETS

Paris, March 29.—Premier Raymond Poincaré's new cabinet held its first formal meeting today to formulate a foreign policy. At noon the cabinet was presented to President Millerand.

Poincaré's stern policy towards Germany and the program of rigid economy will continue in force.

The cabinet meeting lasted from 9:30 until 1:45, when the ministers went to the Elysee palace. In addition to foreign policy they discussed the program to be presented to the chamber of deputies.

A preliminary cabinet gathering had been held Friday evening.

Timbers from the historic "Mayflower" have been discovered to have been used in building a tavern in Buckinghamshire, England.

Cured Her Rheumatism
Knowing from terrible experience the suffering caused by rheumatism, Mrs. J. E. Hurst, who lives at 24 Davis Avenue, B-176 Bloomington, Ill., is so thankful at having cured herself that out of pure gratitude she is anxious to tell all other sufferers just how to get rid of their torture by a simple way at home. Mrs. Hurst has nothing to sell. Merely out out this notice, mail it to her with your own name and address, and she will gladly send you this valuable information entirely free. Write her at once before you forget.

Ex-Nebraskan Takes Job Minus Pay; Now Sales Chief of Giant Movie Firm

Six years ago he accepted a job without wages to enter the service of the Famous Players Film company.

Today Sidney R. Kent, 37, formerly of Lincoln, Neb., is in complete charge of sales and distribution in the United States and Canada for one of the largest motion picture concerns in the world, the Famous Players-Lasky corporation.

Kent is a member of the board of directors of the company and the right-hand man of Adolph Zukor, the man who refused him a salary when he first applied for work.

In 1912 Kent was a salesman for the American Druggists' Syndicate at \$50 a week. He was made assistant sales manager three months later. From that position he soon became assistant president.

He left the syndicate to break into the movies.

His aim has been to bring to the movie transactions those same common-sense methods prevalent in modern business.

"It's better to soft pedal the money part of a job-seeking interview," advises Kent.

"One of the first things I ask a man coming to me for a job is, 'Why do you want to work for us rather than some other company?' Most of them can't give a good answer to that.

"The chap I like is the one who makes me pay more because he produces results."

United States money is now used almost entirely in Panama.

Mine Boss Saves Workers' Lives

New Superintendent Displayed Presence of Mind in Rescue Work.

Bluefield, W. Va., March 29.—The presence of mind of T. J. Dawson, who three weeks ago became superintendent of the Yukon-Pocahontas Coal company at Yukon, W. Va., today is credited with saving the lives of 125 miners in No. 1 mine yesterday when an explosion claimed the lives of 26 men in No. 2 mine. Only six of the recovered last night from the mine, the blast came Superintendent Dawson was near the entry leading between the two mines. Realizing what had happened, he rushed into No. 1

to warn the men there. Some of those workers were injured when they were knocked down by the force of the explosion. All the bodies of the victims were recovered last night from them. In which was the scene of a similar disaster in 1919, when 13 lives were snuffed out. Rescue work was at first done by volunteer teams from nearby mines and later was in charge of the crew of the United States bureau of mines rescue car from Nemours.

Officials of the company and mine inspectors who have been in the mine since the blast believe the explosion was caused by the head lamps of three miners who took a short cut through an abandoned working to their places.

Irish Composer Dies.
London, March 29.—Sir Charles Villiers Stanford, noted Irish composer, died today. He was born in Dublin in 1858.

Monday the Last Day of the March Month-End Sale

Thompson-Belden's
