

Wheat Covering

Selling Pressure Less Wednesday; Prices Rise With Moderate Support

Wheat Closes 5-8 to 3-4 Cents Higher—Corn 3-4 to 1 Cent Advanced.

Chicago, April 2.—Selling pressure in grains today was less in evidence, and it took but moderate support to lift prices. Corn and oats were inclined to be buoyant at times and included short covering in wheat. Light receipts, the smallest on the crop so far, and little hope of any improvement, tended to encourage bulls in the wheat market.

Wheat—Receipts, 1,400,000 bushels. The fat cattle market presented no new features Wednesday and trade was fairly active throughout the day. Receipts, 1,400,000 bushels. The fat cattle market presented no new features Wednesday and trade was fairly active throughout the day. Receipts, 1,400,000 bushels.

Cash wheat sold 1-2 to 1-4 higher, the advance reflecting the light receipts rather than any important change in the demand. Receipts of wheat were 9 cars. Corn sold 1-2 to 1-4 higher. The demand for corn was good and the small supply and higher futures advanced prices. Receipts of corn were 29 cars.

Oats sold 1-2 to 1-4 higher, the advance reflecting the light receipts rather than any important change in the demand. Receipts of oats were 18 cars. Rye and barley nominally firm. Omaha carlot sales: No. 2 hard 2 cars, 98 1/2c; No. 3 durum 1 car, 96c; No. 2 mixed 1 car, 95c.

Stock Prices Improve but Trading Volume Continues Relatively Small

Bear Traders Discontinue Attacks—Operations on Long Side Cautious.

Total stock sales, 709,100 shares. Twenty industrials averaged \$95.12, net gain, 3/8c. High, 1924, \$101.24; low, \$93.08. Twenty railroads averaged \$84.91, net gain, 3/8c. High, 1924, \$85.90; low, \$82.74.

New York, April 2.—Stock prices registered further improvement today, but trading continued in relatively small volume. Professional bear traders, apparently discouraged by their recent failure to dislodge stocks for covering purposes, suspended their attacks, while operations on the long side were of a rather cautious character.

Bullish sentiment undoubtedly was created by the brighter prospects for early action by the senate on the long reduction bill. Speculative expectation that the market will make a favorable response to the Dawes report, which probably will be made today, reflected in the strength of stocks likely to benefit by an amicable settlement of the troublesome reparations problem.

Revival of interest in the copper shares was based on prospective buying orders from abroad. American Smelting was the leader of this group, closing nearly 2 points higher at 61. Other members of the group improved fractionally. American Zinc issues were strong.

Speculative interest in the railroad group was divided between the Erie and St. Paul issues, buying of both being predicated on large current earnings. St. Paul preferred touched a new high for the year at 30 1/4 while Erie common and first preferred closed approximately a point higher at 25 3/4 and 25 1/2, respectively. Other strong spots in that group were Southern Pacific, which climbed 2 1/2 points to 89, and Northern Pacific and Chesapeake & Ohio, each of which advanced about a point.

Steel shares rallied slightly on publication of weekly trade reviews indicating that March ingot production would equal that of last April, the comparable month in 1923. United States Cast Iron Pipe rallied 2 1/2 points on short covering. Studebaker moved up 1 1/2 on President Erie's statement that the company should earn the \$10 dividend this year with a 50 per cent margin to spare.

General Electric climbed more than 3 points to 223 1/4, despite official denial that there would be any stock split. Reynolds Tobacco B, one of the weak spots yesterday, rallied more than 3 points. Market improvement also was registered by other tobacco shares. Oils held firm with the greatest activity in the low-priced issues, particularly Transcontinental, Skelly and Superior, buying of the last named being based on reports of increased operations. American Telephone rallied another 1 1/2 points to 126 1/4.

Call money opened at 4 1/2 per cent, but dropped to 4 after noon. Little change was apparent in the time money market, short term loans ruling at 4 1/2 per cent and the longer maturities to 4 3/4. Price contracts were unchanged at 4 1/2. Establishment of new high records by French and Belgian grains, the former crossing 6c, featured the foreign exchange market. Profit taking was noted, however, in the Italian, Swiss, Spanish and Scandinavian currencies.

Coffee Futures. New York, April 2.—The market for coffee futures opened today at a decline of 1/8 cent. The market was quiet for May and 1 1/4 for December, under European selling and local liquidation. Freight offers and poor spot demand. The market was quiet for May and 1 1/4 for December, under European selling and local liquidation.

Chicago Butter. Chicago, April 2.—The butter market today was steady on all grades. Offerings of 32 score was being made quite freely and prices were 1/2 to 3/4 cent higher than last week. Demands were not heavy on the medium and lower grades. Centralized car lots: 30 score, 39 1/2c; 32 score, 40 1/2c; 34 score, 41 1/2c.

Bond Prices Display Material Improvement as Trading Expands

Market Responds to Lower Money Rates—French Bond Buying Stimulated.

New York, April 2.—Responding to lower money rates and reports that senate action on the tax reduction measure would be expedited, bond prices displayed material improvement as trading expanded today. Liberty bonds, in which there was a revival of activity, led all standard investment issues into higher ground.

The rally of the French franc to above 60 stimulated buying of French bonds, the governmental 8 1/2 per cent new high level for the year at 99. Liberty bonds, in which there was a revival of activity, led all standard investment issues into higher ground.

An 8-point break in Wickliffe Spencer 7 1/2 was attributed to speculative activities. With a narrow margin, prevailing in the bonds, a relatively small volume of offerings thrown on the market toward the close was sufficient to depress the price at one time to 92. Officials of the company said that interest requirements had been more than earned in 1923 and also in the first quarter of this year.

Improvement in the earnings of the Erie railroad last year, as shown in the annual report today, contributed to an upward movement in the company's bonds, with gains comparable favorably to those of the St. Paul issues, which again held leadership of the rails.

Local bankers were awarded \$2,255,000 20-20-year 4 1/4 per cent improvement bonds of the territory of Hawaii, which will be sold around par. Offering is expected shortly about \$5,000,000 Northern States Power 6 1/2 and other public utility issues.

New York Call Money. New York, April 2.—Call money rate, high, 4 1/2; low, 4; ruling rate, 4 1/2. Money market was quiet. Call loans against acceptances, 4; time loans steady; commercial, 4 1/2 to 4 3/4; prime commercial paper, 4 1/2 to 4 3/4.

Chicago Stocks. Chicago, April 2.—The market for stocks today was quiet. The market was quiet for May and 1 1/4 for December, under European selling and local liquidation.

Omaha Produce. Omaha, April 2.—Butter—Local jobbing prices to retailers: Extras, 40c; extra, 38c; standard, 36c; common, 34c; creamery, 32c; factory, 30c; salted, 28c; unsalted, 26c.

Omaha Flour. Omaha, April 2.—Flour—Local jobbing prices to retailers: Extras, 40c; extra, 38c; standard, 36c; common, 34c; creamery, 32c; factory, 30c; salted, 28c; unsalted, 26c.

LOOK-HERE'S THE LATEST

Cod Liver Oil Now In Tasteless Tablets

Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty fishy-tasting, horrible-smelling cod liver oil is brought out. Medical science progresses rapidly, and now you can get your druggist's real genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skippy grown-ups, who ought to take cod liver oil because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of magnesia.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained 15 pounds in five weeks, according to her own doctor—another 10 pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Tablets, Sherman & McConnell Drug Co., Beaton Drug Co., Brandeis Stores, or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets.

Get McCoy's original and genuine Cod Liver Oil Tablet.

Rid Yourself of Rheumatic Pain with New Powder from Italy

Shake it in Your Shoes—No Medicine to Take

Honor is due Alessandro Volta, the eminent physicist, for his discovery of a powder which promises to revolutionize the treatment of Rheumatism. Already thousands of the afflicted have been relieved in this country by the use of the powder. The old treatment of Rheumatism has left these chronic sufferers in a state of permanent disability.

Volta powder, as this discovery has been named, is not an internal treatment. It is a local powder which is shaken into the shoes, where it seems immediately to be absorbed into the blood, through the pores of the feet—no doubt, to the fact that the feet contain 10 times the amount of blood as the rest of the body.

It is found in any other part of the body.

Musterole

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The more you get those warning aches, get busy with your old Musterole.

Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

Just rub it on with your finger-tips. First you will feel a warm tingling as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole, 35c and 65c in jars and tubes.

Yellowstone National Park

EXPERIENCED TRAVELERS select travel routes as they do for other commodity—to secure the most for their money. Yellowstone, Salt Lake City and Colorado, all in one, offer one of the best vacation bargains in the United States today.

Grand Circle Tour of the Rockies for the lowest round-trip fare to Yellowstone alone

taking you to Yellowstone, Salt Lake City, Great Salt Lake, Ogden, the Royal Gorge, Colorado Springs and Denver. You can do it in two weeks or stop over at any point as long as you wish.

Through sleeping cars from Omaha right to park entrance at West Yellowstone.

\$460 Round Trip from OMAHA

Four-and-a-half-day motor tour through the Park, including meals and lodgings at hotels, \$54.00 additional. 5 camps, \$45.00. Season, June 20 to September 15.
