An Entirely New Nemo

Wonderlift No. 725—7.25

This new model is especially designed for stout women who want a corset that protects their health and which gives them a graceful figure.

The concealed Wonderlift bandlet featured in this new number holds in place the weak muscles of the abdomen, and an insert of deep wide, especially designed surgical elastic at the front controls a heavy thigh splendidly. Another of Lastikops webbing at the bottom of the back clings closely to the figure, but allows for the spread in sitting. The close-fitting skirt molds the figure into slender, straight lines.

Made of fine coutil in flesh only, and is daintily trimmed with lace and silk embroidery at the top.
