

### Glad to Be Back Says Bishop as He Arrives Here

**Methodist Official Comes Home on Stretcher After Months of Illness in South.**

"I am glad to be back home." That is all Bishop Homer C. Stuntz of the Omaha area Methodist Episcopal church could say Friday morning as he lay on a stretcher at the Union station.

The same smile that has greeted thousands was on his face, but the bishop could not raise his head to speak to the friends gathered around him. Twenty Methodist ministers of Omaha were at the station.

Among other friends who had gathered to greet the stricken bishop, were Mr. and Mrs. Howard Rushton, Dr. and Mrs. W. F. Callias and Mrs. David Cole. The bishop called Mrs. Rushton by name as she bent down and kissed him. Mr. Rushton accompanied Mrs. Stuntz to Florida in February, but returned some time ago.

Bishop Stuntz and Mrs. Stuntz arrived at 8:50 from Miami, Fla., where he suffered a stroke of paralysis on February 12. His left side was affected. For two months he was too ill to return to Omaha.

Many favors at Chicago.

Railroad officials at Chicago made arrangements to have the car in which the bishop was traveling joined to an Omaha car, so no transfer on a stretcher would be necessary at the Chicago station. Flowers and prominent Methodist officials of Chicago greeted him there, among them, being Mrs. Thomas Nicholson, wife of the Chicago bishop.

The day was Mrs. Stuntz's birthday and she and the bishop were presented with flowers and well wishes.

**Stood Trip Well.**  
"He stood the trip fairly well," said Mrs. Stuntz. "I am sure he is improving. He has hope of doing a part of his work here, so was anxious to return home. He is able to sit up for several hours a day and takes nourishment. There is a great change in the bishop since my arrival in Miami when he was so seriously ill. He is going to get well now."

Mrs. Stuntz explained that their son, Clyde, a missionary, from India, who was expected to meet them in Chicago, missed his boat in England and will arrive in Omaha later with his wife. He was expected to land in New York Friday and come immediately here.

**At Methodist Hospital.**  
Bishop Stuntz was taken to the Methodist hospital by ambulance and given a special room furnished some time ago by the P. E. O. sisterhood. Yellow jonquils from the nurses in the hospital, large bouquets of roses from the Methodist ministers and fruit filled the room.

Later, the bishop will be transferred to a room that overlooks the park east of the hospital, so he can watch the buds on the trees during the spring.

Mrs. Stuntz will not take a room at the hospital but will open her apartment at the Beaton, Thirty-second and Farnam streets.

Pictures of Bishop and Mrs. Stuntz and welcoming clergy at Union station will be found on Page 4.

### C. F. MURPHY MADE LABOR INSPECTOR

By Associated Press.  
Lincoln, April 11.—Governor Bryan today announced the appointment of C. F. Murphy, 49, Omaha, as labor inspector for Omaha. The position was vacated by the dismissal of Jerry Howard. Mr. Murphy was recommended to the governor by the Omaha Central Labor union. He will receive \$50 a month whereas Mr. Howard received \$150, this being necessary, according to the governor, because of a shortage in the fund out of which the labor inspectors are paid.

### Lost Rubens, Worth Million Francs, Discovered in Dusty French Attic

Paris, April 11.—A Rubens, valued at more than 1,000,000 francs has been discovered among 15 old canvasses purchased for a few hundred francs by an antiquary at Houbaix, according to the Petit Parisien correspondent there.

The pictures were inherited by a local man from his great uncle, Henry Robelin, auctioneer for the famous Drouot sales room in Paris in the reign of Napoleon III. He thought them valueless and stowed them away in a corner of the attic. Recently they were being cleaned and were offered to M. Agree, a local antique dealer, who took them at a small price.

Looking them over with an artist friend he was struck by a tiny picture, 16 inches by seven, which looked like a Rubens. They cleaned it carefully and were astonished to find the signature.

Agree then sent the picture, which shows Venus sleeping and a faun, to Professor Tugnyne of the Brussels art school, a well known authority on Rubens, who pronounced it genuine.

### Airplane Bombs Honduras Town

**American Sailors on Shore Leave Narrowly Escape Injury.**

Washington, April 11.—Air pilots of Honduran revolutionary forces have been bombing raids on Tegucigalpa, the capital, and have killed a number of women and children.

Four bombs were dropped near the grounds where members of the American landing force from the cruiser Milwaukee at Amapala were exercising, but dispatches to the Navy department today from Rear Admiral Dayton made no mention of any casualties among the American naval force.

Rear Admiral Dayton said the aviators evidently had mistaken the American sailors for enemies.

Commander Causey, in charge of the detachment at Tegucigalpa, was expected to make vigorous protest to the de facto government and revolutionary leaders against continued bombing of the city as endangering American lives.

The report to the Navy department said the aim was to bomb the jail at Tegucigalpa, but that the missiles landed on residences.

Washington, April 11.—Summer Wells, American commissioner in the Dominican republic, has been ordered by President Coolidge to revolutionize Honduras to offer the friendly assistance of the United States in bringing about a solution among the warring factions and the establishment of peace, it was announced at the State department today.

Wells sailed from Santo Domingo on the U. S. S. Richmond on April 9. He will act as the special representative of President Coolidge.
