

Farmer Relief Plan Progresses

Agricultural Credit Corporation Aid to Be Discussed at Minneapolis Meeting.

Minneapolis, Minn., April 11.—President Coolidge's proposal to have the new \$10,000,000 agricultural credit corporation to assist farmers in sections of the northwest wheat growing territory toward diversification will be formulated into workable machinery at a meeting here Monday, it was announced today.

A call for the meeting of the directors of the corporation was issued today, following a meeting late yesterday between C. T. Jaffray, chairman of the board of directors, and the executive staff of the corporation.

The directors are expected to authorize appointment of a livestock committee at Monday's meeting and to consider agencies through which the corporation will work in extending direct aid to the farmers, in line with the president's recent letter to Mr. Jaffray.

Suggestions by Mr. Jaffray for limited activity to aid farmers to purchase livestock and poultry, which were discussed by the executive committee yesterday, will be submitted to the directors Monday for approval before actual steps are taken to carry out the test program, it was said.

AT THE THEATERS

A genuine extravaganza, generously sprinkled with comedy lines and situations, has been written by Tom Howard for "The Radio Girls," coming to the Gayety theater this afternoon as the new week's attraction. Its six unique scenes are laid on board the pirate ship, "Pearless," "On a Highway Near Treasure Castle" and "Where the Ghost Walks." Sprinkled through the piece are 15 tuneful musical numbers, with almost as many gingersy dances. Billy Gilbert, the comedian, heads the cast, which includes Pauline Glenmar, Hazel Alger, Emma Wilson, John Quigg, Lou and Bert Marks, Sidney J. Page and Bob Wells. There is also a high-stepping chorus of youth and beauty and many exquisite costumes. Tomorrow's matinee starts at 3.

The new bill at the World, starting today, offers a brilliant array of comedy vaudeville. Langford and Fredrick in their breezy comedy satire, "Shopping," are the top liners. Other acts include Gertrude Avery and Eddy, Sabbot and Brooks, Elmoro and Esther, the Tindells and Warren and Blake.

"Let's Get Married" is the new musical farce which the Bert Smith Comedy Players offer at the new Empress beginning today. The show is one of the most attractive of the Smith series. The company is now on its fifth week and has proven the most successful organization of its kind ever in Omaha.

"Dainty June" Hovick, known on the screen as "Baby June," will hold a reception backstage at the Orpheum this afternoon following the matinee performance for children and will present each little visitor with a souvenir. "Dainty June" is the diminutive star in a juvenile revue at the Orpheum and has appeared in motion pictures with Mary Pickford, Douglas Fairbanks, Charles Chaplin, Bebe Daniels and Harold Lloyd. The juvenile members of the cast will take part in the reception.

Men Who Are Making Omaha

R. B. Howell

Sixty years ago came forth in Michigan a babe whose destiny it was to cut considerable figure in Omaha affairs. He traveled a somewhat circuitous route in reaching his destination, but eventually got here, Robert Beecher Howell, senator of the United States from Nebraska, was born in Adrian, Mich., in 1864. Twenty-one years later he was graduated from the United States Naval academy at Annapolis. He then took a law course in the Detroit School of Law, and came to Nebraska in 1888. Service as state engineer brought him into contact with public affairs, and especially with the irrigation needs of the state.

In 1895 he was appointed city engineer for Omaha, and was also a member of the board of visitors of the United States Naval academy. His service as city engineer for Omaha put him in touch with the water supply situation, the franchise for the Omaha Water company being about to expire.

An effort to purchase the plant outright having failed, Mr. Howell was elected in 1907 a member of the state senate from Douglas county, and secured the passage of senate file No. 1, under the terms of which the city finally came into possession of the water plant. He was appointed a member of the water board by Governor Mickey, and by the board was placed in charge of the plant. In 1913 he was made general manager of the Metropolitan Utilities district, operating the water, gas and ice plants owned by the city. Here he remained until elected United States senator in 1922. In 1914 he was nominated for governor on the republican ticket, and defeated by Keith Neville. He was elected republican national committeeman in 1912, 1916 and 1920.

Mr. Howell served as a lieutenant in the navy during the war with Spain, and also during the world war. He was chairman of the radio service commission of the Postoffice department in 1921, and made a tour of investigation in Europe in this connection. Senator Howell also made a tour of Alaska in company with a number of senators and members of congress, especially to look over the railroad built by the government there.

Farmers Agree to Store Corn

Pledged to Hold This Year's Product for Adequate Price.

By Associated Press.
Lincoln, April 11.—Having agreed to hold their corn this fall until prices set by the Corn Growers' association were in effect, more than 100 farmers today left for their homes.

The meeting was called by the association which is now organized in Iowa and Illinois. It had Governor Bryan's endorsement.

The farmers considered "cost plus" production of their corn, and practically all signed pledges to hold their corn until prices were satisfactory for a reasonable margin.

At the close of the meeting, representatives from each county met and selected chairmen to further the work of organization in the county, and if possible in other counties. Speakers advised farmers that this was the only way to get fair prices on their corn and that business men were also in favor of the scheme.

County chairmen appointed follow: Boone, C. S. Rosenbaum; Cass, H. L. Bornemeier; Dawson, Elmer Young; Dodge, R. W. McGinnis; Nemaha, S. H. Hesterman; Saunders, L. C. Balkes; Knox, A. A. Baker; Pierce, M. H. Christensen; Hall, E. L. Malsbury; Clay, G. A. Johnson; Butler, A. M. Bunting; Antelope, A. J. Perry; Red Willow, Card Adams; Lancaster, J. E. English.
