

CARL W. AKELEY, whose statuette, "The Chrysalis," was turned down for the annual exhibition of the Academy of Design by a jury of thirty painters and sculptors. Mr. Akeley is a well known hunter and taxidermist, as well as a sculptor. The figure, which represents the ascent of man from the gorilla, was rejected because it was said to lack merit.

## Gray Hair Quickly Goes Before the Touch of this Clean, Colorless Liquid

The Original Color Perfectly Restored

It seems almost unbelievable that a liquid colorless itself can give gray hair its exact original color.

But in Kolor-Bak, Science has given us just such a liquid and through its remarkable power, hundreds of thousands of youthful people have quickly taken years from their appearance. Many report amazing results in a week.

No matter what the former color was, Kolor-Bak will restore it, and it will give the hair a beautiful natural gloss, renewed "life" and lustre, and make it soft, beautiful, "young" again. It gives a cool, refreshing sensation to the scalp—makes it clean and makes it feel clean. It is not sticky, greasy, mussy or unpleasant to use. It is just a clean, colorless liquid which is a proved substitute for the natural pigmentation. It is as easy to use as water.

Kolor-Bak is actually a scalp and hair tonic because of its cleansing, stimulating qualities which promote health and strength—thus aiding Nature to bring about anormalcondition of the hair.

No need to furnish samples of your hair. The one clean, colorless liquid is for all hair. Several people whose hair was originally of different colors could use the same bottle of Kolor-Bak with equally satisfactory results.

## Why each day should now have its "washing hour"

It used to be so easy and so harmless to toss one's soiled garments into the hamper to await washday.

But crepe de chine and georgette have taken the place of muslin, silk has replaced lisle—the whole character of your wardrobe has completely changed.

You cannot leave delicate silk or woolen things rumpled and soiled for days at a time! They suffer. Perspiration fades their colors and injures the fabric.

So we offer this suggestion:

Find, each day, a few moments to wash quickly with Ivory suds your soiled silk and woolen garments. If they need ironing, and you cannot at once spare the time, dry them and lay them away clean until ironing day.

You will soon notice a difference in the appearance and in the life of your precious things, and it takes so little time, really—just a few moments of squeezing the pure Ivory suds through the delicate fabric, one or two rinsings—that is all.

This is the modern method of caring for the delicate garments that fashion has brought to every woman. And with Ivory suds, quickly made from either Ivory Flakes or Ivory cake soap, you can be sure of safety for fabrics and colors, as well as for your hands. Ivory, you know, is so mild and gentle that millions of women use it every day to protect their complexions.

**An Interesting Comment:** Many women use Ivory Soap for their general weekly washing. It costs very little more.
