

Speaker Gillett Denies Illegal Liquor Receipt

"Absolutely False," He Tells Wheeler Committee, in Reply to Scaife Testimony.

Washington, April 21.—Representative Frederick H. Gillett of Massachusetts, speaker of the house of representatives, appeared today before the Wheeler-Brookhart committee to defend himself against the charge that he received confiscated liquors from Department of Justice agents.

Gillett branded the story as "absolutely false." He was permitted to cross-examine H. L. Scaife, former Department of Justice agent, who made the charge.

Gillett demanded to know where Scaife got his information that the confiscated liquor was sent to his office.

"From Representative Woodruff (Republican of Michigan)," Scaife said.

"Did Woodruff tell you I received liquor from the Department of Justice?" Gillett demanded.

"Yes, and from other persons," said Scaife.

"What did Woodruff tell you?"

"Mr. Woodruff told me you had the receipts to show the disposition of this liquor."

"Did you see them?"

"No, Judge Daniel T. Wright said the records of the department showed a trunk of liquor was sent to your office," said Scaife. "Do you deny that?"

"I certainly do," said Gillett.

Heard Reports.

He said he heard of newspaper reports in the spring of 1919 that the Department of Justice had records of a trunk of liquor being shipped to his office.

"I never use liquor and there never has been a drop of liquor in my office," said Gillett.

"I finally decided to investigate the reports. I found that a constituent en route to Florida lost one of his trunks containing golf clubs, golf clothes and several bottles of whiskey."

"This was before the Volstead act became effective, but it was illegal to transport liquor through a dry state. I investigated the missing trunk and learned that in the station here one of the bottles broke and the trunk was seized by the Department of Justice in Florida and he had taken six bottles of whiskey with him for use on the fishing trip. I finally arranged with the Department of Justice that the man's trunk and his golf clothes should be returned to him. It was sent to my office and turned over to my constituent."

Gillett then produced his correspondence with the Department of Justice regarding his constituent's trunk.

Kiddies in Doves Lured by Offer of Free Easter Eggs

Kearney, Neb., April 21.—Mrs. H. S. Beadle, owner of a fine flock of White Leghorn hens, advertised that the children of poor families would be furnished with Easter eggs for the asking.

They came, singly and in pairs, in groups and in droves. A barefooted urchin struggled over the hill for his quota; a little Lord Fauntleroy, with his chaplain, drove up in a car for his contribution.

Mrs. Beadle discovered that the great preponderance of "poor kiddies" came from what might be termed Kearney's "gold coast" instead of the First ward. Then she called a halt on the Easter egg offering, limiting it to those actually in need.

Bankers Want Charge Dropped

Lincoln Officials Ask Their Indictments Be Dismissed in Federal Court.

Arguments to have the indictments dismissed against Loyal B. Howey and Lee J. Dunn, president and vice president, respectively, of the City National bank of Lincoln, charged with misapplication of bank funds, is being heard before Federal Judge Elliott of Sioux Falls, S. D., in court here.

Attorneys for the defendants argued that the indictments were void under the national banking act because the misapplication of funds must allege that either the officers violated the law without knowledge or consent of the board or they were put in certain places by the board to misapply funds of the bank.

J. C. Kinsler, United States district attorney, was to argue for the government this afternoon.

How Dull Teeth

Are made whiter—all teeth safer—by combating film

There is a way to whiter teeth. The evidence is everywhere, for millions now employ it.

Those whiter teeth mean more than beauty. They mean new cleanliness, new safety. They mean results which everyone should seek.

Let this test reveal them. They mean much to you and yours.

Film clouds teeth and wrinkles them. Film is the great tooth enemy—that vicious film you feel. Dirty teeth and most tooth troubles are results of film.

Under old-way brushing, much film clings and stays. Soon it becomes discolored, forming cloudy coats, making teeth unwhiter.

Film also holds food substances which ferment and form acid. It holds the acid in contact with the teeth to cause decay. Gums breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Such troubles are almost universal among people who don't fight film.

Modern science has supplied two effective methods. One disintegrates the film at all stages of formation. One removes it without harmful scouring.

These methods have been proved by many careful tests. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

Leading dentists everywhere began to advise this tooth paste. Now careful people of some 50 nations use Pepsodent twice daily.

Teeth look whiter. They feel cleaner. This test will bring you quick effects, too evident to doubt. Pepsodent does more than fight film. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids. It multiplies the pyralin in saliva. That is there to digest starch deposits on teeth. This test will bring you the combined effects, and you will marvel at them.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the vicious film. See how teeth become whiter as the film-costs disappear.

These new results will amaze and delight you. Cut out coupon now.

Protect the Enamel. Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film comb which contains harsh grit.
