

Democrats Most Apprehensive.

Neither the republicans or the dem crats are viewing the situation with any peace of mind, it is learned in the highest quarters. The democrats, with 30 enndidates and none of them succeed in this, the doubt "does not strong enough to secure instructed alter in the least the fact that Japan always will be greatful to the presi-dent and the fair-minded majority delegates, feel even more apprehensive than the republicans. President Coolidge now has 700 in-

of the American people who have structe I delegates. With the prisought and still are seeking for a solumaries and conventions during the tion considerate of Japanese prestige week, all of them in territory to the considers his own, he expects to have more than 1,000. It requires HEARST BONDS week, all of them in territory which and sentiment."

On the advice of the party regulars he has evidently determined to purge the party of all of those who are no all wool and a yard wide in their republicanism

LaFoliette Improving.

On the democratic side, the candi-into the Hearst Publications, Inc., lates who have any delegates at all, Wall street bankers, together with are either too wet on the prohibition the Anglo-London-Paris company, will saue or will be stopped early by sec-Jonal strife.

Senator La Follette of Wisconsin, leader of the progressives, rapidly is returning to vigorous health and will a 12-year period, are priced at par, probably return to the senate during week. He has only to beckon with his finger and the third party will rally around him. Whatever strength it will have is problematical, out the stategists on both sides in he major political parties view with alarm,
