

Dahlman Slate Merits Support, Declare Leaders

Present Administration Has Proved Itself Safe and Trustworthy, Judson Says.

"I am for Mayor Dahlman and his ticket," said Frank W. Judson, regent of the state university and prominent wholesaler. "The 'square six' candidates have had experience. They are safe and conservative."

"The city government under their direction runs smoothly and the men on the Dahlman ticket have shown they are for Omaha, first, last and all the time. No act of theirs ever led anyone to believe they were trying to build themselves up at the expense of their home town. We who live here know there is no foundation for the reports that this is the worst town on earth."

"I have known Mayor Dahlman ever since I was a boy punching cattle up in Holt county," said Dr. T. J. Dwyer. "Since coming to Omaha I have held him in high regard and think of his administration as one that devotes itself to the entire public. No matter where one goes in Omaha he hears praise for the Dahlman ticket."

Joseph Totava, lawyer, said he is supporting the entire Dahlman ticket. "During the 10 years I have been a resident of Omaha I have checked up pretty closely on the police administration. Commissioner Dunn far exceeds all the rest in handling this job. W. J. Foye, one of Omaha's leading lumbermen said: 'You can't make it too strong for the Dahlman six; Jim Dahlman's slate suits me.'"

Sophus Nelis, former county commissioner, is a firm supporter of the "square six" candidates for the city commission. "In my business life, whenever I dealt with a firm that kept its contracts strictly to the letter, I went back to trade with it again. I believe municipal government should be gauged in the same way."

Nebraskans See 1,200 Cows Killed on California Farm
Trenton, Neb., April 30.—Two Trenton young men working on a California dairy farm have written home that they saw 1,200 cows destroyed after hoof and mouth disease attacked the herd. A steam dredger machine, they say, was used to dig great trenches, then all the cows, their calves and the pigs on the ranch were driven in those trenches and shot and buried.
