

SOCIETY AND WOMAN'S PAGE

Music Week Is Observed by Woman's Club

Monday night at the First Christian church, the music department of the Omaha Woman's club gave a program of old masterpieces. Jean Buchta Protzman was leader for the occasion. Florence Eastler-Palmer is the department leader.

Program artists included Mrs. Devo Crane, organ; Flora Sears Nelson, accompanist; Anne Coughlin, first violin; Grace Ledy Burger, second violin; Mabel E. Burnitt, piano; Justina Regier Classen, contralto; T. B. Protzman, tenor; Mrs. J. Dean Ringler, piano; Lillian Gould Faber, violin; Florence Eastler Palmer, soprano, and the Omaha Woman's club chorus, under direction of Robert Cusaden.

A well filled church greeted the programists. The number which seemed to be received with the greatest enthusiasm was the trio, andante from Symphony in C minor, by Beethoven, given by Mrs. Crane at the organ; Mrs. Inger, piano, and Lillian Gould Faber, violin.

At the dinner preceding the concert, attended by 50 guests, Grace Gallagher, mezzo soprano, gave two numbers. Community singing helped carry out the idea of music week. Mrs. George Henderson was in charge of the dinner.

Mrs. Madden Honored.

Mrs. Eva Wallace will entertain eight guests at a bridge luncheon at her home Wednesday in honor of Mrs. John Madden, who sails early in June to spend the summer abroad.

Your Problems

By Martha Allen

Send a Message.

Dear Miss Allen: About 10 years ago I met a man to whom I was attracted and I felt that he was attracted to me, but as he was married we were only friends, and in time I lost track of him entirely. I recently heard from a friend of mine of his present whereabouts and that he is now a widower, his wife having died last winter. What I want to know is how to go about reviving the old friendship, as he is in very comfortable circumstances, has a nice home and is a very eligible match. As I am still single, would appreciate your advice in the matter as to how to renew again the acquaintance of so long ago. MARIE S.

If you are cold-bloodedly considering the fact that the man has a nice, cozy nest into which you would like to step and settle yourself, I don't think you deserve much consideration, do you? But if you have a romantic yearning to see an old friend and have sympathy and kindness to express, write a little note telling him you know of his loneliness and wonder if he wouldn't like to renew an old friendship which has lasted through years. If your motives are right you will undoubtedly send a message which will interest him and give you a new chance at what you once felt it was fine to put out of your life.

A Sensible Girl.

Dear Miss Allen: I am just a young fellow and admit I do not know much about manners and want you to advise me.

Two months ago I became acquainted with a young lady and went out with her three times. The last time I put my arms around her once or twice and she told me where to get off at.

Now, do you think that was anything out of the way, and had she any right to become offended? I did it for the simple reason that I like her immensely.

What should my next step be? She speaks to me when we meet on the street, but is rather cool. I hate to lose her friendship.

I will surely appreciate your advice. Yours, very sincerely,

DOWNCAST.

You were talking a liberty to which you were not entitled, I think. Why not write the girl a letter and tell her you are sorry you offended her. Make her know that you care sincerely for her (if you do) and ask her if she won't forgive and give you a second chance.

Candidate for Presidency of Federated Clubs.

Mrs. Wallace Mayer Perham

Mrs. W. T. Perham of Glendive, Wyo., will be presented as candidate for president at the biennial convention of the General Federation of Women's Clubs in Los Angeles in June. If she is elected, she will be the second president to come out of the west. Mrs. Josiah Evans Cowles of Los Angeles having preceded her. Mrs. Thomas G. Winter of Minneapolis is present officer.

Mrs. Perham has been president of her state federation, has been general federation director for Montana and has served in the national body through 12 years. She is a college-bred woman, a member of the P. E. O. sisterhood and the Order of the Eastern Star.

Little Theater to Be Discussed

The Little Theater pot still bubbles and boils in Omaha.

Next week, Wednesday night, May 14, a meeting will be held at the Misner school to which are invited all people who are interested in formulating a Little Theater for next year in this city. E. H. Misner, director of the school, will donate his services as director, and Mark Levings has agreed to donate his services as stage manager for such a theater. A fund of \$2,000 will be sought, coming in \$10 subscriptions from 200 people. This amount, in the opinion of Mr. Misner, will give the necessary funds to try out the theater for the year.

Mrs. Misner plans to build a stage and auditorium with seating capacity of 150 adjoining his present building. Tentative plans contemplate the use of this construction for the new theater.

New York successes which never come west are the drama which will be offered, according to present plans.

For Dorcas Club.

Mrs. Ward Smith will be hostess at a 1 o'clock luncheon on Tuesday, May 13, at her home, for the Omaha Dorcas club.

Guy—Ah, er, may I kiss you?
Girl—Just like a man to try and put all the responsibility on the woman.—New York Sun and Globe.

Commerce Women Dinner Event of Music Week

One of the largest social events in connection with music week will be the dinner Wednesday night given by the business and professional women's division of the Chamber of Commerce, at the chamber, at 615 Englebert Roentgen, guest-conductor of the Omaha Symphony orchestra, which will play at the Auditorium Friday evening, May 9, will be the guest of honor.

During the dinner the West sisters string quartet will play, and Miss Virginia Mulholland, harpist, will give solos.

Mrs. Margaret Knight, chairman of the concert committee for the women's division, has arranged an interesting program of toasts. Dr. Emelia Brand, president, will be toast-

Personal

Mrs. Guy Kidoo left today for Denver to attend the Junior League conference.

Mr. and Mrs. G. A. Remington and Mr. and Mrs. J. L. Harrington leave Friday from Charleston, S. C., where they will attend the convention of the freight service section of the American Railway association.

Mrs. W. W. Watt has returned from seven months spent in St. Petersburg, Fla., and Cuba. En route home she was the guest of her son in Clarkburg, W. Va., and of her two sisters in Lock Haven, Pa.

Mr. and Mrs. E. F. Folds will leave the middle of June for their summer home at Ephraim, Wis. Mr. and Mrs. Folds are planning a house party to be given during the summer in honor of their daughter, Miss Marcella Folds, and the members of the Pepper Pot club.

The Protzman Leave.

Mr. and Mrs. E. B. Protzman, who have been residents of Omaha for four years, will leave late this month for the east. Mr. Protzman has been a student at the University of Nebraska, college of medicine, from where he will be graduated this spring. He will go from here to Englewood, N. J., where he will be on a hospital staff.

Mrs. Protzman (Jean Buchta Protzman), who has been prominent in club and music circles, will continue her studies of music in New York City. They will make the trip by motor.

Rummage Sale.

The Grand Lodge of L. O. E. will give a rummage sale at 62 South Sixteenth, Friday, May 4, at 10. Mrs. James Shields, chairman.

B. P. O. Does Meet.

Drove No. 1 will meet Friday at 2 p. m. in the new Elks building. Reservations for luncheon must be made before Wednesday at 10 a. m.

"Coffee is a Safe and Desirable Beverage"

Three years' Scientific Coffee Research, made by Professor SAMUEL C. PRESCOTT at the Massachusetts Institute of Technology, establishes that Coffee is a good and wholesome beverage for the overwhelming majority of adults

"I WILL say that neither in the dispassionate study of the vast literature on the subject, much of which is medical literature, nor as a result of our long-continued studies, have we been forced, as scientific men, to any conviction that well-made Coffee is harmful to the great mass of consumers and, as such, dangerous to public health and welfare. On the contrary, the more deeply we have gone into this matter, the more we have read, the more we have looked up this literature in different languages, the more firmly fixed has become the belief (in fact, I might say it is a belief so strong that it is a conviction) that for the overwhelming majority of adults Coffee is a safe and desirable beverage."

This strong indorsement of Coffee is one of the conclusions reached by Professor Prescott after the most thorough investigation of Coffee ever made. His research was scientific and exhaustive, and his findings, therefore, establish the fact that Coffee is a safe and desirable beverage for the overwhelming majority of adults.

For Better Coffee Every Day, Follow These Rules

- 1—See that the Coffee is not ground too coarse.
- 2—Allow at least a tablespoonful of ground Coffee to a cup of water.
- 3—Be sure the water boils. Then pour it over the freshly ground Coffee.
- 4—Serve at once.
- 5—Never use ground Coffee a second time.
- 6—Scour the Coffee pot.

Ask your dealer or write direct to us for a copy of the NEW booklet, "For Better Coffee," which explains these rules in detail. Joint Coffee Trade Publicity Committee, 64 Water Street, New York.

The planters of Sao Paulo, Brazil, who produce more than half of all the Coffee used in the United States, are conducting this educational work in cooperation with the leading Coffee merchants of the United States.

Doings of the Fort Folk

The Army Bridge club will meet with Mrs. Addison Davis on Wednesday at her home.

Mrs. Walcott Dennison, wife of Major Dennison, will be a bridge luncheon hostess on Friday afternoon.

Mrs. Alvin K. Baskette gave a luncheon for several of the fort folk Tuesday.

Colonel and Mrs. C. H. Muller have had notice that they are to remain in Omaha another year with the R. O. T. C. It was at first thought they were to leave in June.

Major and Mrs. R. C. Cole and Colonel and Mrs. George Goodrich will leave soon for quarters in Fort Benning, Ga.

Decorative Brass.

What housewife does not like decorative brassware? The candlesticks, the plaques, the brackets, etc.—all shining bright—are particularly attractive. And they are not fleeting fancies, for brass possesses a charm that will last. Its brilliance will always fascinate, and in company with furniture, old or new, its effect is artistic.

Brasswork, quite apart from its extreme decorative value in the home, is of fascinating interest in itself, and the variety of objects made of brass show how extensively it can be used.

Hammered brass plaques are undoubtedly artistic to a degree. These are obtained in many sizes. Sometimes they are perfectly plain or have a quite conventional design in repoussé work, but more often than not a whole scene will be depicted, a hunting or farming picture being the most usual. These plaques can be used singly or in twos or threes, and look beautiful on an unpatterned wall.

An attractive note of brilliancy may be introduced into a hall if a bunch of flowers be placed in a huge brass jug or pitcher.

Steel Furniture.

Furniture of steel is admirably adapted for use in the home and possesses certain advantages which the ordinary furniture made of wood does not offer. When steel furniture is prepared for the home or office it is finished with an attractive surface in stoved enamel, the color and finish being adapted to the room and purpose for which the article is intended.

Adjustable steel shelving is particularly adapted for kitchen use and finished with a hard white enamel surface and looks extremely clean and inviting. These shelves can be used

for ordinary pots and pans, and for the storage of vegetables, etc. For kitchen and pantry steel is much more hygienic than wood.

The steel cupboard is also invaluable in the store, for it provides dry and yet well ventilated shelving in which to store rice, flour, etc. Ventilating louvers in the doors provide for fresh air, and these cupboards can be covered with a fine mesh wire to secure complete immunity from spiders, flies or vermin of any kind.

They Are Wearing

Some few hats have been seen with the Gaby bow trimming which is perched high at the crown front. For this it is the medium width ribbon that is used and generally in the stiff belting type.

The use of novelty feathers is another detail, tiny gilded ostrich tips, bright pasted tufts and some curled glycerine novelties projecting at the side being noted.

Black satin frocks embroidered in white silk or wool for the contrast effect and with simple collar of white lace are popular with New York women. Sometimes there are little puffs of lace at the wrist.

A lovely metal brocade dinner gown with warm rose and blue shades on a gold foundation has black lace cascading over the bare arms and arranged in a wide flounce about the skirt.

There are many fabric hats seen

French Omelet.

Two tablespoons butter, 1 tablespoon onion, finely chopped, 6 olives, chopped, 1/2 green pepper, chopped fine, 1 3/4 cups tomatoes, 1 tablespoon sliced mushrooms, 1 tablespoon capers, 1-4 tablespoon salt, few grains cayenne.

Make a French omelet with four eggs. First have ready the following sauce: Heat the butter in a spider, add the onions, olives and green pepper and cook a few minutes, then add the tomatoes, and cook until moisture has nearly evaporated. Add the rest of the ingredients. Before folding the omelet, place spoonful on center, then fold and pour the rest of the sauce over and around.
