Woman, Seeking Spouse, Tries to Kill Housekeeper

Wife Travels From Tennessee to Montana—Ends Search for Husband in Jail.

Helena, Mont., May 9.—Suffering from three bullet wounds, Miss Nance Spence of Malta, Mont., is in a hospital at Helena, with doubtful prospects of recovery, according to advices received here.

Sheriff officers of Blaine county arrested Mrs. Senie Jones of Newport, Tenn., and are holding her pending further investigation of the circumstances surrounding the shooting.

According to peace officers, Mrs. Jones declared that she had followed her husband, R. P. Jones from Tennessee to Montana, charging that he had left her and their six children 10 years ago to come to this state to take up a homestead. Later, she declared, he returned and persuaded her to place a mortgage on her farm in Tennessee, agreeing to help her pay off the mortgage, but had failed to do so.

After the lapse of a decade, she said, she decided to come to Montana to investigate the absence of her husband, and upon arriving at Malta she learned that Miss Spence was keeping house for him. When she arrived at the Jones homestead the husband was absent and the two women quarreled, she said, culminating in the firing of the shots.

SHRINERS' SUIT IS DISMISSED

Lincoln, May 9.—The Nebraska state supreme court Thursday declined to interfere in the controversy between Fred Rogers and the Tangier Temple, Mystic Shrine of Omaha.

Rogers was expelled from membership in the shrine by the imperial council at the Shriners' convention in San Francisco three years ago, and has been fighting for reinstatement since that time.

Rogers, with several others, was expelled from the order after he had been accused of circulating printed ballots at an election of officers in an effort to form a conspiracy.

The supreme court ruled that action should have been brought against the imperial council and not against the Tangier temple, since it was the imperial council who ordered Rogers' expulsion. The right of property in the temple claimed by Rogers is not a personal right, the court maintained.

Cambridge, Me.—"I suffered terribly with pains and soreness in my sides. Each month I had to go to bed, and the doctor told me I simply had to go under an operation before I could get help. I saw your advertisement in the paper, and I told my husband one day to get me a bottle of Lydia E. Pinkham's Vegetable Compound. Before I took the third dose I felt better. I took it four times a day for two years, getting better all the time, and now for four years I don't have any pains. After taking the medicine for two years I had another child—a lovely baby girl now four years old—the life of our home. I do praise this medicine.
